Riots And Victims:

Riots And Victims Patricia A. Gossman, Patricia A. Grossman, 2020-01-28 In recent decades the world has witnessed the emergence of several protracted violent conflicts and the eruption of ethnic and communal violence in countries such as Bosnia Rwanda and Sri Lanka Riots and Victims challenges the popular academic interpretation of such events as examples of tribal slaughter or spontaneous eruptions fueled by historic conflict between religious and ethnic communities This book examines the origins and consequences of the violence that occurred between the Muslim and Hindu communities in pre partition Bengal which ultimately resulted in the creation of Pakistan Gossman argues that communal violence and communal identity were not merely the consequences of long term animosities but rather ploys orchestrated by mid level politicians for their own advancement and aggrandizement Riots and Victims introduces new analyses of local violence and identity and explores issues of far reaching importance

Decoding Intolerance: Riots and the Emergence of Terrorism in India Prateep K. Lahiri, Kuldip Nayar, 2009-10-01 The rioting in Jabalpur Madhya Pradesh in 1961 was a watershed event for India After the Partition it was the first time such large scale communal violence had taken place The author Prateep K Lahiri on his first posting was involved in bringing the situation under control Some time later in 1969 as district magistrate of Indore Lahiri played a key role in dealing with the outbreak of communal violence in that city While the violence in both instances appeared to have been spontaneously provoked by an incident just like in Gujarat in 2002 the reasons that later emerged for the rioting revealed the deeper malaise that continues to affect our social system Decoding Intolerance Riots and the Emergence of Terrorism in India is a significant book by an administrator who has observed the minutiae of the crisis from close quarters and scrutinized the role of the police and the state administration The author synthesizes various dimensions of the issue including the changing perceptions of Indian Muslims in the recent past the history of religious fundamentalism and how it manifests as communal unrest both in India and elsewhere The phenomenon of terrorism which has reared its ugly head over India and the world is also touched upon to understand the implications it has had on the shifting political scenario Decoding Intolerance critically analyzes the recurrence of communal violence and offers a persuasive argument about the problem with a focus on its prevention in the future

Rucker,James N. Upton,2006-11-30 Race riots are the most glaring and contemporary displays of the racial strife running through America s history Mostly urban mostly outside the South and mostly white instigated the number and violence of race riots increased as blacks migrated out of the rural South and into the North and West s industrialized cities during the early part of the twentieth century Though white black violence has been the most common form of racial violence riots involving Asians and Hispanics are also included and examined Race riots are the most glaring and contemporary displays of the racial strife running through America s history

Mostly urban mostly outside the South and mostly white instigated the number and violence of race riots increased as blacks migrated out of the rural South and into the North and West's industrialized cities during the early part of the twentieth century. While most riots have occurred within the past century the encyclopedia reaches back to colonial history giving the encyclopedia an unprecedented historical depth. Though white on black violence has been the most common form of racial violence riots involving other racial and ethnic groups such as Asians and Hispanics are also included and examined. Organized A-Z topics include notorious riots like the Tulsa Riots of 1921 the Los Angeles Riots of 1965 and 1992 the African American community's preparedness and responses to this odious form of mass violence federal responses to rioting an examination of the underlying causes of rioting the reactions of prominent figures such as H Rap Brown and Martin Luther King Jr to rioting and much more. Many of the entries describe and analyze particular riots and violent racial incidents including the following: Belleville Illinois Riot of 1903 Harlem New York Riot of 1943 Howard Beach Incident 1986 Jackson State University Incident 1970 Los Angeles California Riot of 1992 Memphis Tennessee Riot of 1866 Red Summer Race Riots of 1919 Southwest Missouri Riots 1894 1906 Texas Southern University Riot of 1967. Entries covering the victims and opponents of race violence include the following: Black Soldiers Lynching of Black Women Lynching of Diallo Amadou Hawkins Yusef King Rodney Randolph A Philip Roosevelt Eleanor Till Emmett Lynching of Turner Mary Lynching of Wells Barnett Ida B. Many entries also cover legislation that has addressed racial violence and inequality as well as groups and organizations that have either fought or promoted racial violence including the following: Anti Lynching League Civil Rights Act of 1957 Economic Opportunity Act of 1964 Ku Klux Klan National Association for the Advancement of Colored People NAACP Nation of Islam Vigilante Organizations White League. Other entries focus on relevant concepts trends themes and publications. Besides almost 300 cross referenced entries most of which conclude with lists of additional readings the encyclopedia also offers a timeline of racial violence in the United States an extensive bibliography of print and electronic resources a selection of important primary documents numerous illustrations and a detailed subject index.

Country Reports on Human Rights Practices, 1990 **Riot and Remembrance** James S. Hirsch, 2002 A buried part of history comes to light in this informative account of the Black Wall Street Massacre in Tulsa Oklahoma in 1921.

Caught in the Middle Pyong Gap Min, 1996-11-30 In this unflinching exploration of one of the most politically charged topics of our time Pyong Gap Min investigates the racial dynamics that exist between Korean merchants the African American community and white society in general. Focusing on hostility toward Korean merchants in New York and Los Angeles Min explains how the middleman economic role Koreans often occupy between low income minority customers on the one hand and large corporate suppliers on the other leads to conflicts with other groups. Further Min shows how ethnic conflicts strengthen ties within Korean communities as Koreans organize to protect themselves and their businesses. Min scrutinizes the targeting of Korean businesses during the 1992 Los Angeles riots and the 1990 African American boycotts of Korean stores in Brooklyn.

He explores Korean merchants relationships with each other as well as with Latin American employees Jewish suppliers and landlords and government agencies In each case his nuanced analysis reveals how Korean communities respond to general scapegoating through collective action political mobilization and other strategies Fluent in Korean Min draws from previously unutilized sources including Korean American newspapers and in depth interviews with immigrants His findings belie the media s sensationalistic coverage of African American Korean conflicts Instead Caught in the Middle yields a sophisticated and clear sighted understanding of the lives and challenges of immigrant merchants in America
