Bratton, 2003-06-25 In *Jazz Son* Elliot F Bratton makes a powerful contribution to creative Jazz literature A Jazz scholar one time New York Jazz DJ and practicing Jazzpoet his poems are celebrations of the Jazz life in all of its spirituality sensuality pathos and joy There are poems dedicated to several Jazz legends as well as original lyrics to classic melodies by such composers as John Coltrane Duke Ellington and Thelonious Monk Bratton has also included one work of fiction *The Wider World* a fantasy that takes the idea of the power of music to inspire writers into a different dimension *Book of Extremes* Ted G. Lewis, 2014-05-10 What makes the 21st century different from the 20th century This century is the century of extremes political economic social and global black swan events happening with increasing frequency and severity *Book of Extremes* is a tour of the current reality as seen through the lens of complexity theory the only theory capable of explaining why the Arab Spring happened and why it will happen again why social networks in the virtual world behave like flashmobs in the physical world why financial bubbles blow up in our faces and will grow and burst again why the rich get richer and will continue to get richer regardless of governmental policies why the future of economic wealth and national power lies in comparative advantage and global trade why natural disasters will continue to get bigger and happen more frequently and why the Internet invented by the US is headed for a global monopoly controlled by a non US corporation It is also about the extreme innovations and heroic

innovators yet to be discovered and recognized over the next 100 years Complexity theory combines the predictable with the unpredictable It assumes a nonlinear world of long tailed distributions instead of the classical linear world of normal distributions In the complex 21st century almost nothing is linear or normal Instead the world is highly connected conditional nonlinear fractal and punctuated Life in the 21st century is a long tailed random walk Levy walks through extreme events of unprecedented impact It is an exciting time to be alive      *The Sumatra Railroad* H. Hovinga,2010-01-01 This is the gripping historical tragedy of the 220 km railroad that bored its way through the hot humid Sumatran jungle during World War II The railway was commissioned by Japan and built with the blood and tears of Allied prisoners of war and press ganged Javanese romushas Henk Hovinga interviewed nearly one hundred former railroad workers and did painstaking archival research The result is a moving book richly illustrated with numerous authentic drawings of life in the internment camps charts and photographs The original Dutch version of *The Sumatra Railroad* has become the standard work on the crime of the Japanese railroad construction in Indonesia Unfortunately this indescribable human catastrophe has always been overshadowed by the drama of the notorious Burma Railroad This work is first and foremost a posthumous tribute to the thousands of slave workers who lost their lives for the Pakan Baroe Railroad At the same time it is a homage to the survivors for whom the war traumas would never end      **Strife** Terrance Mobley,2016-08-11 Survive that is the sole mission of the USC s last colony fleet Ensure that the remnants of humanity and its Vaxian allies can rebuild and live While they still dream of peace hidden away from their Demzerai executioners Forced to land upon the alien world of Tallagen Colonization Fleet Epsilon has forged a new home over the last 175 cycles Everyday citizens huddled behind the safety of the cities barriers and holographic skies overhead gladly embracing the illusion of utopia However peace is merely a word mentioned in the halls of the senate while outside the barriers death and the constant threat of war are as sure as the sun rises But now whispers of deception have begun to unfold Greed desperation and the lust for power threaten to consume not only the colonies but Tallagen itself

Gross,2009-09-01 From the New York Times bestselling author of The Government Racket A Call for Revolution and The Tax Racket comes a scathing indictment of the dysfunctional federal government and its reckless disregard for the future of our country The government of the United States is a juggernaut of mismanagement malfeasance and incompetence Despite the strong foundation laid down by the founding fathers it is headed to extinction From the Alternative Minimum Tax to Zip Codes New York Times bestselling author Martin L Gross outlines the programs that have exploded financially the laws that had completely unintended consequences and the scams perpetrated by legislators intent upon remaining in office no matter what the cost to the nation and its citizens      **Paradise Now** Charles Munn,1999-06-02 This lusty tale of love and adventure will arouse you make you weep and at times make you laugh out loud You will also feel an elegant elation as you find the bones of truth that are buried throughout this exceptional piece of fiction The story opens as Nicole a confused teenager is about to be lured into the Galveston whore house where her son Milton is born Fortunately for Milton only days after his birth Nicole hires Delilah to look after him Delilah is an insightful and compassionate black woman For the first four years she nurtures Milton s naturally healthy mind and sows the seeds of wisdom After Delilah leaves a still very young Milton sexualized by his new surroundings becomes spiritually and physically ill But Delilah s wisdom seeds take root and blossom He finds his natural compassion and becomes wise beyond his years A series of horrible dreams and high fever leave a residue of nightmare music and an altered sense of time on his young brain But instead of falling back into a waking horror he learns to use it and at will learns to step out of linear time He becomes able to move and read with incredible speed However Milton is still a troubled child when he is befriended by six other damaged children Touched by Milton s fearless innocence they fall into a natural Tantra and struggle to be whole He also finds a great friend in Chazz Delgato a street wise club owner who becomes his mentor Chazz and the six girls become Milton s core family and life long friends The lives of the pivotal characters neatly mesh into the into

the main plot One such parallel tale revolves around his High School friend Conroy And later in University Cliff who is also a pilot in the Air Force Reserves and has a disastrous affair with Heather one of Milton s Galveston friends Milton enters law school and needing money Conroy convinces Milton to join the Air Force Reserve and to get on flight crew He is later reluctantly recalled into the active Air Force and told that he volunteered to become an Air Commando and sent to the civil war that is raging in Vietnam Yet the tale ends on a wonderfully suspenseful and romantic notion In 1991 the author discovered the heart of an ancient and profound paradigm Astonished by a growing serenity and inner power he wrote a series of essays designed to remind him how to stay connected to our natural inner force Wanting to add momentum to the paradigm he floated some of the essays on the net He later put it all together in a self help book called Becoming The Thinker In order to reach even more people he wrote the novel Paradise Now which is based on the philosophy of Becoming The Thinker Free print and share of the entire text of Becoming The Thinker is available through <http://www.charlesmunnn.com>
