Packard wrote Our American life through a large scale effort to use psychiatry and the social sciences to influence and manipulate buying has had impressive success below our level of awareness Since 1957 there is great evidence that our culture has become a harbinger of emotional exploitation in more forms than we can recognize and irrational profit taking in more forms than we can image In these times investing in a charity is not easy within a gambling culture that has glamorized wind fall profits and run away CEO salaries It certainly worsens when these efforts become unfettered and ignored by business efforts that not only fail to provide a product of value but offer no product at all This madness can only succeed by turning huge profits through the creation of cannibalistic markets and non profit corporations that feed on gambling addictions which buy moments of hope as they excite and exploit risk instincts This baiting continues to validate at warp speed the assumption that we are a nation of impulse buyers We reverse like a school of starving gold fish fearful of the vibrations of mere foot steps and unable to notice bread crumbs on top of the water No doubt someone has convinced us that with every failure there will always be another roll of the dice The more relevant question of interest is who will roll those dice on your internet gambling site No doubt we have become more reactive but worse we have become less knowledgeable This writing is offered to encourage your thoughtfulness about your money and who and what you empower as you give it away

In the course of his quest he spent days and nights at a time quizzing Savile at his homes in Leeds and Scarborough lunched with him at venues ranging from humble transport cafes to the Athenaeum club in London and most memorably joined him for a short cruise aboard the QE2 Dan thought his quest had come to an end in October 2011 when Savile's golden coffin was lowered into a grave dug at a 45 degree angle in a Scarborough cemetery He was wrong In the last two and a half years Dan has been interviewing scores of people many of them unobtainable while Jimmy was alive What he has discovered was that his instincts were right all along and behind the mask lay a hideous truth Jimmy Savile was not only complex damaged and controlling but cynical calculating and predatory He revelled in his status as a Pied Piper of youth and used his power to abuse the vulnerable and underage all the while covering his tracks by moving into the innermost circles of the establishment
