## **Robert Runcie:**

Travels with a Primate Terry Waite, 2019-02-21 This is Terry as he really is wise and funny A good book from a big man If only he could be the Primate John Sergeant A travelogue that is refreshingly irreverent and deeply human James Naughtie From darkest Africa to the darker and infinitely wetter birthplace of John Knox from the remote expanse of the Alaska Highway to part of the Antipodes that even Bill Bryson could not reach Terry Waite takes us on a guided world tour in the company of Dr Robert Runcie Even an archbishop has little control over wars and missed connections floods and food poisoning But this Primate sailed majestically through the most troubled of waters as his companions including Chaplain Richard Chartres baled energetically in his wake Hilarious and affectionate *Travels with a Primate* offers an unashamedly nostalgic return to the 1980s It is a delightful tribute to enduring friendship **Robert Runcie** Adrian Hastings, 1991

*Robert Runcie* Humphrey Carpenter, 1996 **The Living Church**, 1980-07 **Robert Runcie, the Reluctant Archbishop**, 1996 Archbishop Jonathan Mantle, 1991 Robert Runcie was the Archbishop of Canterbury from 1980 to 1991 having previously been Bishop of St Albans He was the spiritual leader of 64 million Anglicans *Robert Runcie* David Lawrence Edwards, 1990 Robert Runcie Archbishop of Canterbury 1980-91 has been criticized mainly by people without much understanding of his tasks In this book almost fifty of his friends in many nations have built a portrait of a man thoroughly human and thoroughly Christian who held the Church of England and the worldwide Anglican Communion together despite freedom to disagree about inessentials As they tell of their personal experiences they provide many insights into the problems of Church and State in a period now over but never dull And they communicate Robert Runcie's own sense of energetic shrewd humorous delight to have been living in such a time Publisher **Faith in Unions** David

Isiorho, 2022-09-07 *Faith in Unions* is a personal account representing a critique of Whiteness and Black marginality in the Faith Workers Trade Union In short it is a Black theology critique of the way Muslim and Hindu faith workers have been treated in the British Labour movement This book clearly has things to say about discriminatory practices which puts the discussion about Englishness and Britishness into a wider context I am suggesting a political agenda associated with English ethnicity as the mode of involvement to explain policies that are likely to result in racialised religious exclusion *Faith in Unions* gives focus to Muslim and Hindu workplace groupings within the Faith Workers Branch and the opposition to their formation from Anglican and Methodist Christian members I am concerned with the struggle for faith recognition within a discriminatory and institutionally racist union structure This book offers an explicit exploration of what I mean by the racialised other in the context of the British Labour movement In this we need to understand the ways historical Christianity has defined Black identities My conclusion hopefully will start a wider discussion of Englishness and English exclusivity

*Church and State* Andrew Partington, 2006-08-01 In *Church and State* Andrew Partington argues that the contribution of the Church of England bishops to the House of Lords during the Thatcher years was overwhelmingly critical of the

government failed to have a significant influence in the public realm was inefficient being undertaken by a minority of those eligible to sit on the Bench of Bishops and was insufficiently moral and spiritual in its content to be distinctive On the basis of this and the likely reduction of the number of places available for Church of England bishops in a fully reformed Second Chamber the author argues for an evolution in the Church of England's approach to the service of its bishops in the House of Lords He proposes the Church of England work to overcome the genuine obstacles that hinder busy diocesan bishops from contributing to the debates of the House of Lords and to its life more informally *Favourite Wisdom* Deborah

Cassidi,2003-12-01 From many walks of life the contributors to this volume have chosen a broad kaleidoscope of wise sayings poetry and humour ensuring a wide appeal **Universal Father** Garry O'Connor,2013-08-22 The first biography to tell the full and extraordinary story of one of the most influential figures of the twentieth century setting the private individual in the public context A fine enduring biography O'Connor's triumph is to make the search for the soul of a papacy an enjoyable edifying and occasionally emotional journey Glasgow Herald Pope John Paul II is now universally considered to have been one of the great leaders of the twentieth century and possibly the most politically influential pope since St Peter His achievements are well documented yet he once said I can only be understood from the inside In this vivid and accessible living portrait O'Connor investigates the inner man including Karol Wojtyla's life before he became Pope and his friendships with men and women subtly analysing the Pope's own poems plays and philosophical works for clues as to what made him tick It also dramatically follows his life from his birth in Poland in 1920 through the losses that shaped his childhood the assassination attempt in 1981 and his great public confrontations on the world stage right up until his death in April 2005

**ThirdWay**,1996-11 Monthly current affairs magazine from a Christian perspective with a focus on politics society economics and culture England, Ireland, Scotland, Wales Keith Robbins,2008-09-05 Keith Robbins building on his previous writing on the modern history of the interlocking but distinctive territories of the British Isles takes a wide ranging innovative and challenging look at the twentieth century history of the main bodies at once national and universal which have collectively constituted the Christian Church The protracted search for elusive unity is emphasized Particular beliefs attitudes policies and structures are located in their social and cultural contexts Prominent individuals clerical and lay are scrutinized Religion and politics intermingle highlighting for churches and states fundamental questions of identity and allegiance of public and private values in a century of ideological conflict violent confrontation in Ireland two world wars and protracted Cold War The massive change experienced by the countries and people of the Isles since 1900 has encompassed shifting relationships between England Ireland and Northern Ireland Scotland and Wales the end of the British Empire the emergence of a new Europe and latterly major immigration of adherents of Islam Hinduism Sikhism and other faiths from outside Europe developments scarcely conceivable at the outset Such a broad contextual perspective provides an essential background to understanding the puzzling ambiguities evident both in secularization and enduring Christian faith Robbins

provides a cogent and compelling overview of this turbulent century for the churches of the Isles     Public Life and the Place of the Church Michael Brierley, 2017-11-28 The work of Richard Harries Bishop of Oxford from 1987 to 2006 has been highly distinctive for the consistency of its engagement with contemporary society It represents a model of the Church which is outward looking a Church which is as ready to learn from others as it is to offer its own wisdom and resources This book reflects on Richard Harries ministry in the borderlands of society and Church and engages deeply with the nature of modern society and the place of the Church within it Taking Richard Harries contributions as their inspiration key figures each of them major commentators on areas of pressing contemporary concern probe the important questions which people are asking about a range of social issues Arms and violence the role of the media in public life spirituality multifaith Britain sex capitalism the second chamber and medical ethics are all discussed building up a serious debate on the kind of society in which we live and making suggestive comments about the part which the Church might play Contributors Sabina Alkire Michael Bourke Melvyn Bragg John Drury Claire Foster Jonathan Gorsky Anthony Howard Douglas Hurd Eric James Julia Neuberger Edmund Newell Christopher Rowland Jane Shaw Margaret Shepherd Roger Wagner Keith Ward Rowan Williams Shirley Williams and James Woodward     **Ambassadors of Christ** Mark D. Chapman, 2017-03-02 Ambassadors of Christ commemorates 150 years of theological education in Cuddesdon with a collection of substantial essays It begins with a discussion by Mark Chapman of the revival of theology and education in the early years of the nineteenth century This is followed by essays by Alastair Redfern on Samuel Wilberforce as a pastoral theologian and a revision by Andrew Atherstone of Owen Chadwick's Centenary History in the light of more recent historical research bringing the discussion up to the 1880s For the first time Ripon Hall which merged with Cuddesdon in 1975 receives a thorough and detailed historical treatment by Michael Brierley Mark Chapman then discusses the 1960s under Robert Runcie and a final chapter by Robert Jeffery deals with the theological and churchmanship issues which emerged from the merger Two marvellous sermons preached at College Festivals by Michael Ramsey and Owen Chadwick are also reproduced in appendices This special commemorative volume will appeal to past and present students as well as specialists in nineteenth and twentieth century church history and all those interested in ministerial education and spiritual formation     God and War Tom Lawson, 2016-04-22 Despite narratives of secularization it appears that the British public persistently pay attention to clerical opinion and continually resort to popular expressions of religious faith not least in time of war From the throngs of men who gathered to hear the Bishop of London preach recruiting sermons during the First World War to the attention paid to Archbishop Williams words of conscience on Iraq clerical rhetoric remains resonant For the countless numbers who attended National Days of Prayer during the Second World War and for the many who continue to find the Remembrance Day service a meaningful ritual civil religious events provide a source of meaningful ceremony and a focus of national unity War and religion have been linked throughout the twentieth century and this book explores these links taking the perspective of the home front rather than the

battlefield Exploring the views and accounts of Anglican clerics on the issue of warfare and international conflict across the century the authors explore the church's stance on the causes morality and conduct of warfare issues of pacifism obliteration bombing nuclear possession and deterrence retribution forgiveness and reconciliation and the spiritual opportunities presented by conflict This book offers invaluable insights into how far the Church influenced public appraisal of war whilst illuminating the changing role of the Church across the twentieth century The Freethinker ,1987 *Rowan's Rule* Rupert Shortt,2009-02-24 A fascinating fair minded depiction of Archbishop Rowan Williams Rowan Williams is a complex and controversial figure Widely revered for his personal qualities he is also an intellectual giant who towers over almost all his predecessors as Archbishop of Canterbury Among other achievements he has trounced the atheist Richard Dawkins and published over twenty well regarded books including several volumes of poetry and a major study of Dostoevsky Yet he is also one of the most reviled church leaders in modern history Long before facing calls to step down after his lecture on sharia law in early 2008 he had been accused of heresy on account of his pro gay views He has disappointed many of his own supporters as well So how has high office changed Rowan Williams Has he been bullied and manipulated Or is he perhaps playing a long game obliged to rate church unity above the pursuit of his own vision at a time when the Anglican Communion has never looked more unstable Rupert Shortt already the author of an acclaimed introduction to the Archbishop's thought offers answers to these and other questions in this authoritative biography He explores how the events of the Archbishop's remarkable life have shaped his beliefs and practices today Of particular interest is the riveting account of Williams's experience near the World Trade Center towers on the morning of September 11 201 Written with Williams's cooperation Rowan's Rule not only elucidates his ideas but gives a compelling portrait of a private and in some ways surprisingly vulnerable man *Life after Tragedy* Michael W. Brierley,Georgia A. Byrne,2018-01-01 Much has been written on the centenary of the First World War however no book has yet explored the tragedy of the conflict from a theological perspective This book fills that gap Taking their cue from the famous British army chaplain Geoffrey Studdert Kennedy seven central essays all by authors associated with the cathedral where Studdert Kennedy first preached to troops examine aspects of faith that featured in the war such as the notion of home poetry theological doctrine preaching social reform humanitarianism and remembrance Each essay applies its reflections to the life of faith today The essays thus represent a highly original contribution to the history of the First World War in general and the work of Studdert Kennedy in particular and they provide wider theological insight into how in the contemporary world life and tragedy God and suffering can be integrated The book will accordingly be of considerable interest to historians both of the war and of the church to communities commemorating the war and to all those who wrestle with current challenges to faith A foreword by Studdert Kennedy's grandson and an afterword by the bishop of Magdeburg in Germany render this a volume of remarkable depth and worth Just John DAVID WILBOURNE,2020-03-06 An absolutely beautiful piece of work which well catches Archbishop Habgood the last Anglican

theologian I used to make the walk to the Lords chamber to hear speak Lord Habgood would smile with pleasure and amusement to read it MATTHEW PARRIS all the sides of the astonishing man that was John Habgood are brought to life here with wit poignancy and affection FERGUS BUTLER GALLIE author of A Field Guide to English Clergy David Wilbourne offers a warm perceptive portrait of one of the great Anglican intellects of the last hundred years Those who thought John Habgood only a cerebral and rather remote personality will find a very three dimensional figure here ROWAN WILLIAMS John Habgood 1927 2019 was Archbishop of York from 1983 1995 and prior to that had served ten years as Bishop of Durham His ability to mediate and solve what seemed impossible problems both in the Church and modern society is legendary However his formidable intellect and shy manner could make him seem a distant enigmatic figure This biography written at Lord Habgood s request and with his full cooperation while alive is warm witty and affectionate Nonetheless as its title implies it is a truthful portrayal of the man he was guileless flawed just
