Shakespeare's Imagined Persons The Psychology Of Role Playing And Acting:

Shakespeare's Imagined Persons P. Murray, 1996-05-10 Challenging our understanding of ideas about psychology in Shakespeare's time Shakespeare's Imagined Persons proposes we should view his characters as imagined persons A new reading of B F Skinner's radical behaviourism brings out how contrary to the impression he created Skinner ascribes an important role in human behaviour to cognitive activity Using this analysis Peter Murray demonstrates the consistency of radical behaviourism with the psychology of character formation and acting in writers from Plato to Shakespeare an approach little explored in the current debates about subjectivity in Elizabethan culture Murray also shows that radical behaviourism can explain the phenomena observed in modern studies of acting and social role playing Drawing on these analyses of earlier and modern psychology Murray goes on to reveal the dynamics of Shakespeare's characterizations of Hamlet Prince Hal Rosalind and Perdita in a fascinating new light *Romantic Shakespeare* Younglim Han, 2001 These two criticisms are based on the presumption that only a socially and intellectually elite reader is able to view the author's language in terms of its organic relationship with the text as a whole The Romantics focused on the interpretive reproduction of Shakespeare through sympathetic identification with his characters **BOOK JACKET** **Montaigne and Shakespeare** Suzanne Ellrodt, 2024-06-04 This book is not merely a study of Shakespeare's debt to Montaigne It traces the evolution of self-consciousness in literary philosophical and religious writings from antiquity to the Renaissance and demonstrates that its early modern forms first appeared in the Essays and in Shakespearean drama It shows however that contrary to some postmodern assumptions the early calling in question of the self did not lead to a negation of identity Montaigne acknowledged the fairly stable nature of his personality and Shakespeare as Dryden noted maintained the constant conformity of each character to itself from its very first setting out in the Play quite to the End A similar evolution is traced in the progress from an objective to a subjective apprehension of time from Greek philosophy to early modern authors A final chapter shows that the influence of scepticism on Montaigne and Shakespeare was counterbalanced by their reliance on permanent humanistic values **Shakespeare's Tragedies** Emma Smith, 2008-04-15 This Guide steers students through the critical writing on Shakespeare's tragedies from the sixteenth century to the present day Guides students through four centuries of critical writing on Shakespeare's tragedies Covers both significant early views and recent critical interventions Substantial editorial material links the articles and places them in context Annotated suggestions for further reading allow students to investigate further *Shakespeare and the Art of Physiognomy* Sibylle Baumbach, 2008-01-01 Sibylle Baumbach's study offers new insight into Shakespeare's modes of characterisation and his art of performance In Shakespeare's plays the human face is a focal point As an area where expression and impression meet and ideally correspond its reliability and trustworthiness are frequently put to the test sparking off a controversy which serves as a significant and highly challenging subtext to the overall plot *Dynamism of Character in Shakespeare's Mature Tragedies* Piotr Sadowski, 2003 The theory

considers human behavior in terms of functional equilibrium between the stable properties of the mind independent from the pressures of the sociocultural environment and the immediate situational context What we call character thus denotes an autonomous configuration of psychological elements which remains stable despite the changing external circumstances

Shakespeare on the Couch Michael Jacobs, 2018-04-24 Drawing upon a vast literature in psychoanalytic journals and either upon Shakespeare's characters themselves or alluding to those characters in the course of other topics this book discusses eight of Shakespeare's plays and the relationships between the main characters in them Psychoanalytic and literary approaches sometimes diverge but they can also concur in seeing characters either as true examples of different psychological states and types of relating or as symbolic of aspects of the personality The chapters contain many references to psychoanalytic interpretations from Freud onwards although these cannot be proved and in some cases are over stretched there will be times when psychoanalytic criticism rings bells in the reader The importance of this book lies in its drawing together from a large number of disparate sources many of which will be inaccessible to those who do not have access to the journals or psychoanalytic databases It is nonetheless relevant for counsellors and therapists as well as for those interested in literature particularly in Shakespearean studies

Merely Players? Jonathan Holmes, 2004 This brings together for the first time the diverse voices of actors writing about their experiences of playing Shakespeare

Art and Human Development Constance Milbrath, Cynthia Lightfoot, 2013-05-13 This interdisciplinary volume explores art its development and its role in the construction of knowledge Presenting theory and research on artistic development as a cultural and creative endeavor contributors examine the origins of human art during the Paleolithic cultural revolution as part of a modern cultural transformation in the growth of a creative artist and in developing children Target chapters expressing the disciplinary perspectives of psychology archaeology communications education and the performing arts are followed by commentaries from internationally acclaimed scholars of human development Part 1 explores how cultures harness and exploit the arts to give expression to values social practices and traditions This section traces the emergence of new art forms that arose during social unrest including the symbolization of spiritual beliefs expressed on the walls of Paleolithic caves and the racial identity and cultural values expressed in the media of the hip hop generation Part 2 examines the journeys of a composer and a group of students to highlight the process of becoming an artist and the role education plays in its development The book concludes with a focus on the development of aesthetic appreciation and artistic activity in childhood and adolescence including for example how a child's developing theory of mind affects appreciation for the arts and how developing empathy and emotional regulation contribute to the cognitive and affective underpinnings of acting in adolescence As a whole contributors explore the developmental sociocultural and evolutionary processes that make the creation and experience of art possible Intended for researchers and advanced students in both human development and the arts this book will also serve as a textbook for advanced courses on psychology and the arts and or special topics courses in

cognitive and or human development English literary afterlives Elisabeth Chaghafi, 2019-11-19 English Literary Afterlives traces life narratives of early modern authors created for them after their deaths by readers or publishers who retrospectively tried to make sense of the author's life and works In a series of case studies of the reception history of major poets Sidney Spenser Donne Herbert as well as Robert Greene the first celebrity author within a generation of their deaths it shows how those authors were posthumously fashioned and refashioned It argues that during the early modern period there is a gradual movement towards biographical readings that attempt to find the author in the works which in turn led to the emergence of written lives that consider poets not in terms of their public lives but in terms of their poetic activity i e the beginnings of literary biography Will be of interest to students and scholars of several canonical early modern authors

Passion's Triumph over Reason Christopher Tilmouth, 2010-11-11 Passion's Triumph over Reason presents a comprehensive survey of ideas of emotion appetite and self control in English literature and moral thought of the sixteenth and seventeenth centuries In a narrative which draws on tragedy epic poetry and moral philosophy Christopher Tilmouth explores how Renaissance writers transformed their understanding of the passions re evaluating emotion so as to make it an important constituent of ethical life rather than the enemy within which allegory had traditionally cast it as being This interdisciplinary study departs from current emphases in intellectual history arguing that literature should be explored alongside the moral rather than political thought of its time The book also develops a new approach to understanding the relationship between literature and philosophy Consciously or not moral thinkers tend to ground their philosophising in certain images of human nature Their work is premised on imagined models of the mind and presumed estimates of man's moral potential In other words the thinking of philosophical authors as much as that of literary ones is shaped by the pre rational assumptions of the moral imagination Because that is so poets and dramatists in their turn in speaking to this material typically do more than just versify the abstract ideas of ethics They reflect directly and critically upon those same core assumptions which are integral to the writings of their philosophical counterparts Authors examined here include Aristotle Augustine Hobbes and an array of lyric poets but there are new readings too of The Faerie Queene and Paradise Lost Hamlet and Julius Caesar Dryden's Lucretius and Etherege's Man of Mode Tilmouth's study concludes with a revisionist interpretation of the works of the Earl of Rochester presenting this libertine poet as a challenging intellectually serious figure Written in a lucid accessible style this book will appeal to a wide range of readers As You Like It William

Shakespeare, 2005-02 This edition of As You Like It is an annotated text with detailed notes on the play from different angles It has a general introduction by the series editor and an introduction to the play by the editor of the book marking the place of the play in Shakespeare's dramatic career There is also a detailed summary of each scene at the beginning of each scene so that the student will get a clear idea of the development of the plot structure There is also an elaborate discussion of the different strands of thought and ideas in the play in the introduction There are line references explanations and commentary

which will enable the student to master the play Cross references which have been added on at all relevant points give the student a holistic view of the play There is a list of further reading and a list of topics for discussion at the end of the edition

Thomas Hardy, *Femininity and Dissent* J. Thomas,1998-11-11 Drawing on aspects of Foucauldian feminist theory Thomas Hardy *Femininity and Dissent* offers original and detailed readings of six critically under valued novels *Desperate Remedies* *A Pair of Blue Eyes* *The Hand of Ethelberta* *A Laodicean* *Two on a Tower* and *The Well Beloved* demonstrating Hardy s peculiarly modern appreciation of how individuals negotiate the forces which shape their sense of self Tracing his interest in the evolutionary debate and the woman question this book reveals a new politically engaged rather than a grimly pessimistic Hardy

The Dutch Courtesan John Marston,2018-04-05 *The Dutch Courtesan* is a riotous tragicomedy that explores the delights and perils afforded by Jacobean London While Freevill an educated young Englishman and the play s nominal hero frolics in the city s streets taverns and brothels Franceschina his cast off mistress and the Dutch courtesan of the play s title laments his betrayal and plots revenge Juxtaposing Franceschina s vulnerable financial position against the unappealing marital prospects available to gentry women the play undermines the language of romance revealing it to be rooted in the commerce and commodification Marston s commentary on financial insecurity and the hypocritical repudiation of foreignness makes *The Dutch Courtesan* truly a document for our time

Discover the Eternal You! Dr. Anna Zibarras,2023-04-28 Humanity has always had a thirst for knowledge a need to know why we re here and what it all means *Discover the Eternal You* approaches human existence from a different perspective Using both scientific and religious texts to present some often misunderstood concepts this book helps to make sense of both the physical and metaphysical aspects of our lives There are different ways to attain God consciousness Life goes beyond our five senses It is possible to experience different dimensions These are just a few of the topics addressed in this book Catering to Christians but open to anyone looking to connect to their real self *Discover the Eternal You* demonstrates the importance prayer meditation and silence have on the evolution of the spirit and the health of the body The author discusses the different types of energy that exist in this universe and explains how our brain waves emotions and vibrations affect our lives Go inside yourself and explore who you are on a deeper level Gain a better understanding of your place on this Earth and in this universe Explore the ways in which you can better cope with your feelings If you want to learn how to achieve a higher level of consciousness and connect to the universal intelligence let this book be your guide and companion on your journey toward the divine

The Text as Evidence ,1999

Gender and Literature Piotr Sadowski,2001-09-28 *Gender and Literature A Systems Study* addresses the notion of gender as a social construct and presents evolutionary reasons for human psycho behavioral differentiation along the lines of sexual dimorphism of the reproductive and the related functions which produce the main genders of femininity and masculinity corresponding roughly with the functions of procreation and competition respectively These two gender oriented poles of human behavior are intermingled in the individual mind to produce a mixture of gender traits that underlie personality and

behavior A statistical model of the overlap of the masculine and feminine traits generates eight specific gender types the feminine woman the womanly woman the womanly man the androgynous man the androgynous woman the manly man the manly woman and the masculine man Characteristics of each type are offered together with examples from a wide range of literary texts **Cymbeline, The Winter's Tale, and The Tempest** John S. Mebane, 2002 *Shakespeare Survey* Allardyce Nicoll, 1997 An annual survey of Shakespearian study and production The Globe Theatre Project Rob Conkie, 2006 This book analyzes performances at the reconstructed Globe Theatre in London between 1996 and 2004 by focusing on the new Globe's most defining characteristic authenticity The book addresses the question of why authenticity has become so crucial in late 20th and early 21st century Britain and what productions of the authentic Shakespeare say about contemporary identities

The Top Books of the Year Shakespeares Imagined Persons The Psychology Of Role Playing And Acting The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the engaging narratives that have charmed audiences this year. The Must-Read : Colleen Hoovers "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Shakespeares Imagined Persons The Psychology Of Role Playing And Acting : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and suspenseful novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
