American Book Publishing Record ,2003 **Cherry Hill Farm** M.E. Hembroff, 2020-09-08 It's 1809 and Shannon and Daniel Healy are about to embark on their new life in the New World with their many friends and family after a turbulent voyage across the Atlantic Ocean from their Irish homeland Their adventure begins as their ship docks in Quebec Lower Canada From there they begin the long bateau trip up the St Lawrence to Upper Canada When the bateau finally reaches its destination they continue on foot to her parents homestead near New Dublin Upper Canada all the while experiencing sights sounds and terrors never before faced Then Shannon rejoices when she is reunited with her parents and siblings after years of separation But their journey doesn't end there After finding and claiming their own land they travel by foot even farther inland through miles of dense wild forest with carts of cargo animals and Shannon's wee baby in tow Once at their chosen destination they begin the arduous work of building a cabin a barn and a life Will Shannon and Daniel make a success of their new lives How will they endure the hardships they'll inevitably encounter along the way How will they overcome the obstacles thrown in their path And will all the joy and blessings they receive along the way be enough to counter the heartbreak Aurora BB Prescott, 2019-04-02 Written with a movie in mind Aurora is stunningly visual rich with detailed illustrations and a quickly developing suspenseful storyline A technological feast for ages 12 and up it feeds the universal human quest for the New and Different Our present space telescopes beg these questions Is there another planet out there in far better shape than the Earth Can the atmosphere be in pristine condition with a carefully managed yet untouched wilderness Aurora far more technologically advanced the Earth offers the possibility that this might actually be possible A paradise Utopia The story unfolds While exploring the jungle in the caldera of an extinct volcano a boy and his grandfather discover the entrance to an alien outpost A tripwire triggers a huge block of stone to roll back into a wall revealing a spiral staircase that leads down into an underground vault As they enter they're shocked to find an enormous dome lined with heavily embossed sheets of gold More importantly a star map is imbedded into a stunning blue glass floor its infrared tracery pointing the way to another world Unfortunately the chamber's fusion reactor has reawakened after thousands of years and the room is about to self-destruct In a burst of speed they gather all the gold they can carry shove it into their knapsacks and dive out of the entrance just as the great vault implodes Years pass Out of college the teenager gets some unexpected news

his extravagantly wealthy grandfather has died and the TV and Internet coverage reveals there ll be an elaborate funeral for him in the Capitol Rotunda Through a daringly clever ruse the boy receives a secret package three holographic discs and the keys to a starship After an urgent message instructs him to assemble a crew Auroa s action packed stumbling voyage ensues Reaching the planet they find it completely surrounded by an electrically charged golden shield It takes some clever innovative trickery with tiny surveillance robotoids to get them through and a whole different ecosystem surrounds them they see that gold is everywhere even permeating the atmosphere Gargantuan trees can draw gold out of the ground there are huge night stalking insects with bioluminescent searchlights saber toothed beasts can throw mind stuns to paralyze their prey and there are odd fragile gas bag creatures floating around Unfortunately things have grown complicated an alien stowaway has been hidden aboard in a sleep pod It hadn t been plugged into the ship s mainframe and the timing for its opening sequence is way off After two suspenseful months of waiting the crazed alien awakens in a rage summoning more of his plasmorphic kind They steal the starship and hold many of the crew as hostages forcing them to dig all the gold the ship can carry The alien boasts to return one day with a vast army to attack and plunder Auroa The boy now maturing into a resourceful young leader has other plans
