### **Shakuntala Recognized A Sanskrit Play:**

*Shakuntala Recognized*, 2000-11-06 Shakuntala Recognized is a translation of the Sanskrit play Abhijyanashakuntalam by the great poet and playwright Kalidasa As a poet of mellifluous charm and as a master of Simile he indulged in Sringara Rasa Eros the sensuous aspects of human condition This play is perhaps his most powerful expression of that sensuality Extolled by Goethe and German Romanticists and others the play uniquely weaves a magical fabric of life with the threads of human frailties and tragedies The plot for this play is based on a tale in the Indian epic Mahaabhaarata The tale depicts how India came to be called Bharatavarsha or Bharat a name that is still official in the Indian languages Great Sanskrit Plays, in New English Transcreations P. Lal, 1964 The wonderful world of classical Indian drama has been obscured for most readers by the stilted style of the existing 19th century translations Here an Indian Sanskrit scholar P Lal who is also a fine poet in his own right has produced new versions in modern idiom which brings across the full richness and vitality of the originals And these transcreations are so presented that they will play on our stage today The volume contains Shakuntala by Kalidasa The Toy Cart by King Shudraka The Signet Ring of Rakshasa by Vishakadatta The Dream of Vasavadatta by Bhasa The Later Story of Rama by Bhavabhuti and Ratnavali by Harsha **Widows, Pariahs, and Bayadères** Binita Mehta, 2002 This book analyzes how French dramatists reproduced certain images of India such as the burning widow the lowly pariah or untouchable and the exotic bayadere or dancing girl in four plays and one ballet written from the eighteenth century through the twentieth centuries Addressing questions of Orientalism the book also argues that it was because the French lost their Indian colonies to the British in the eighteenth centuries that India became a part of the French literary imagination

*Midlife Transformation in Literature and Film* Steven F. Walker, 2012-03-12 In this book Steven F Walker considers the midlife transition from a Jungian and Eriksonian perspective by providing vivid and powerful literary and cinematic examples that illustrate the psychological theories in a clear and entertaining way For C G Jung midlife is a time for personal transformation when the values of youth are replaced by a different set of values and when the need to succeed in the world gives place to the desire to participate more in the culture of one's age and to further its development in all kinds of different ways Erik Erikson saw generativity an expanded concern for others beyond one's immediate circle of family and friends as the hallmark of this stage of life Both psychologists saw it as a time for growth and renewal Literary texts such as Virginia Woolf's *Mrs Dalloway* Shakespeare's *Antony and Cleopatra* or Sophocles' *Oedipus the King* and films such as Fellini's *8 1 2* and *Campione*'s *The Piano* have the capacity to represent sometimes more vividly and with greater dramatic concentration than actual life histories or case studies the archetypal nature of the drama and in depth transformation associated with the midlife transition *Midlife Transformation in Literature and Film* focuses on the specific male and female archetypal paradigms and presents them within the general context of midlife transformation For men the theme of death of the young hero presides over the crisis and the transformative ordeal whereas for women the theme of tragic abandonment acts as the

prelude to further growth and independence This book is essential reading for anyone studying Jung Erikson or the midlife transition It will interest those who have already been through a midlife transition those who are in the midst of one as well as those who are yet to experience this challenging period      Global Theatre Anthologies: Classical and Modern Plays from India Bhasa,,Kalidasa,,Rabindranath Tagore,Rashid Jahan,Dharamvir Bharati,Mohan Rakesh,Datta Bhagat,K.N.
