The Shame of Southern Politics Leslie Dunbar, 2021-11-21 As a leader of the Southern Regional Council in the early 1960s and later as executive director of the Field Foundation Leslie Dunbar's advocacy and behind the scenes organizing made him one of the most significant but least recognized people in the civil rights movement His essays and speeches often helped set the agenda They also continue to offer a prophetic voice in our struggle to create a more humane and fully integrated America The Shame of Southern Politics gathers for the first time fourteen of Dunbar's essays and speeches on the courage and values of the southern civil rights movement Dunbar's selected writings ranging from the classic 1961 essay The Annealing of the South to a post September 11th meditation give eloquent voice to the best of America's liberal tradition A new essay entitled 1968 offers Dunbar's unique take on that transformational year *There Goes My Everything* Jason Sokol, 2008-12-10 During the civil rights movement epic battles for justice were fought in the streets at lunch counters and in the classrooms of the American South Just as many battles were waged however in the hearts and minds of ordinary white southerners whose world became unrecognizable to them Jason Sokol's vivid and unprecedented account of white southerners attitudes and actions related in their own words reveals in a new light the contradictory mixture of stubborn resistance and pragmatic acceptance as well as the startling and unexpected personal transformations with which they greeted the enforcement of legal equality *The Southern Historian*, 2005 **From Reconciliation to Revolution** David P. Cline, 2016-09-19 Conceived at the same conference that produced the Student Nonviolent Coordinating Committee SNCC the Student Interracial Ministry SIM was a national organization devoted to dismantling Jim Crow while simultaneously advancing American Protestant mainline churches approach to race In this book David P Cline details how between the founding of SIM in 1960 and its dissolution at the end of the decade the seminary students who created and ran the organization influenced hundreds of thousands of community members through its various racial reconciliation and economic justice projects From inner city ministry in Oakland to voter registration drives in southwestern Georgia participants modeled peaceful interracialism nationwide By telling the history of SIM its theology influences and failures Cline situates SIM within two larger frameworks the long civil rights movement and the even longer tradition of liberal Christianity's activism for social reform Pulling SIM from the shadow of its more famous twin SNCC Cline sheds light on an understudied facet of the movement's history In doing so he provokes an appreciation of the struggle of churches to remain relevant in swiftly changing times and shows how seminarians responded to institutional conservatism by challenging the establishment to turn toward political activism **Leslie W. Dunbar** Anthony Dunbar, 2016-08-17 In this volume friends and colleagues including Congressman John Lewis pay tribute to author scholar and politician Leslie W Dunbar In a career spanning decades Dunbar worked for the Southern Regional Council during the civil rights movement and helped organize the Voter Education Project directed the Field Foundation taught at Mount Holyoke Shaw University and Xavier University and ran for Durham

North Carolina School Board He is the author of or contributor to nine books Dunbar currently lives in New Orleans where he continues his commitment to grassroots civil rights labor and political groups **Looking for the Future** Leslie Dunbar,2012-03-01 We Americans approach not a crossroads but a branching of our political road where several destinations are possible One requires surrendering power to what has become our de facto governing or ruling class Another takes us to an expanded democracy where the gap between the have much and the have little has been greatly reduced In between are byways that eventually will trend one way or the other The choices will be selected in the way democracies have always selected their paths by the ongoing clash of economic interests This book is a meditation about our nation its ruling class now made up of what the book calls warriors and former President Eisenhower called the military industrial complex and the rich about our incessant warring around the world about the fateful political and Constitutional presence of the South and about our American way of religion and its church Leslie Dunbar s Looking for the Future is a memoir only to the extent that the author s four score and eleven years of experience give insight to the rumblings of discontent and the disparities of power and wealth that undermine our national unity This is finally a meditation on prospects for that unity and fraternity among us

Touched with Fire David E. Lowe,2019-12-01 Morris B Abram 1918 2000 emerged from humble origins in a rural South Georgia town to become one of the leading civil rights lawyers in the United States during the 1950s While unmasking the Ku Klux Klan and serving as a key intermediary for the release of the Rev Martin Luther King Jr from prison on the eve of the 1960 presidential election Abram carried out a successful fourteen year battle to end the discriminatory voting system in his home state which had entrenched racial segregation The result was the historic one man one vote ruling of the U S Supreme Court in 1963 At the time of his selection the youngest person ever chosen to head the American Jewish Committee Abram became a leading international advocate for the Jewish state of Israel He was also a champion of international human rights from his leadership in the struggle to liberate Soviet Jewry to his service as permanent representative to the United Nations in Geneva In Touched with Fire David E Lowe chronicles the professional and personal life of this larger than life man Encompassing many of the contentious issues we still face today such as legislative apportionment affirmative action campus unrest and the enforcement of international human rights Abram s varied career sheds light on our own troubled times Abram was tapped for service by five different U S presidents and survived a battle with acute myelocytic leukemia He never abandoned his belief that the United States might someday become a colorblind society where people would be judged as his friend Martin Luther King dreamed not by the color of their skin but by the content of their character This elegantly written book is the biography Abram has long deserved America, History and Life ,2004 Provides historical coverage of the United States and Canada from prehistory to the present Includes information abstracted from over 2 000 journals published worldwide **The Register of the Kentucky Historical Society.  the lives and works of five women in four case studies author Marie Meyerding examines the representation of women in the
 field of photography in South Africa in the second half of the twentieth century All of them are critically understudied with no
 existing scholarship dedicated exclusively to their photographic contributions Focusing on the representation of women on
 two different levels as agents behind the camera and as subjects in photographs it showcases women photographers
 portraying their female contemporaries and analyses to what extent they adhered to or subverted common forms of gender
 representation In recuperating their forgotten archives the book argues that none of these women are marginal figures but
 rather that each of them played a leading role in the field of photography in their own time The book will be of interest to
 scholars working in art history history of photography gender studies intersectionality and African studies *G.K. Hall*
