Shanghai Mundane Lei Ping, 2025-09-18. This book offers a new critical intervention into the studies of the paradox of Chinese socialism. Centering on the unremovable Shanghai bourgeoisie and middle class, the book brilliantly discovers Chinese society's persistent aspiration to bourgeois lifestyle and remarkable resistance to socialist ideology from the Mao era to the Xi era. Shanghai Mundane offers a new critical intervention into the studies of the paradox of Chinese socialism. Through the lens of contested state-society relations, the book challenges conventional China Studies by repositioning Shanghai as the key to decode the protracted ideological warfare between socialism and capitalism. Based on significant archival, ethnographic, and theoretical evidence unearthed from the distinct cases of Shanghai bourgeoisie and middle class, Lei Ping discovers the city's persistent aspiration to bourgeois lifestyle and remarkable resistance to socialist ideology throughout the entire history of the People's Republic of China. Ping argues that despite the socialist remolding of capitalist industry and commerce, the post-1949 Chinese state failed to eradicate bourgeois heritage in the domain of everyday life in the Mao era, which ironically contributed to its controversial policy reversals in the post-Mao era from Deng to Xi. What lies at the heart of the major intellectual conundrum, namely the survival and revival of bourgeois sentiments, is what Ping calls the unremovable Shanghai mundane. This captivating and provocative account sheds new light on understanding the larger questions as to the crisis-ridden practices of Chinese socialism and the raison d'être of the Chinese Communist Party in the twenty-first century.

Therefore, he gets to celebrate life's little joys by learning each of the country's languages by integrating with the local communities and most importantly by finding his true identity through the travels and adaptations. As an Indian family, Tejas and his family members carry their knowledge of India everywhere they live and embrace their Indian background as much as embracing their residence country's background. The gift he once received when he was young, the gift of travelling, is no longer of use due to the outbreak of a horrible pandemic. Everything is disrupted; institutions forced to shut down; jobs lost; and what personally affects Tejas the most, the prohibition on travelling. Tejas wrote this book to touch on several emotions and evoke different moments from his childhood that remind him what travel felt like. Hopefully, travellers who face the same problem as Tejas can read this book, reminding them of a nostalgic moment of their life and feel like they are actually

travelling somewhere just as Tejas feels when he writes about his personal perspectives and descriptions of the countries he has lived in      *Globalization and the Chinese City* Fulong Wu,2006-05-09 Introducing readers to the far reaching global orientation that is now taking place in urban China an international team of contributors examine the impact of globalization on Chinese cities including the economic cultural and political impact      **National Review** ,1909      The London and China Telegraph ,1864      *Parliamentary Papers* Great Britain.
