Shanghai Expreb:

Shanghai Express Zhang Henshui,1997-05-01 In this suspenseful tale of seduction and deception a wealthy banker is smitten by an alluring young woman while traveling aboard the express train from Beijing to Shanghai A consummate storyteller and one of the most popular novelists of his day Zhang Henshui sweeps us on board with them and takes us through train stations and back and forth between first second and third class cars evoking the smells of this microcosm of the urban world We see what various travelers wear we hear their conversations we feel the chill or the warmth of each car we detect a trace of perfume in one pickled vegetables and greasy meats in another Here is popular Chinese fiction at its best Shanghai Express was considered entertainment fiction and was enormously popular in the 1930s William Lyell s sparkling translation at last allows an English reading audience to share in the fun *The Peking Express* James M Zimmerman,2023-04-04 The thrilling true story of train robbing revolutionaries and passengers who got more than they paid for in this Murder on the Orient Express style adventure set in China s republican era In May 1923 when Shanghai publisher and reporter John Benjamin Powell bought a first class ticket for the Peking Express he pictured an idyllic overnight journey on a brand new train of unprecedented luxury exactly what the advertisements promised Seeing his fellow passengers including mysterious Italian lawyer Giuseppe Musso a confidante of Mussolini and lawyer for the opium trade and American heiress Lucy Aldrich sister in law of John D Rockefeller Jr he knew it would be an unforgettable trip Charismatic bandit leader and populist rabble rouser Sun Mei yao had also taken notice of the new train from Shanghai to Peking On the night of Powell s trip of a lifetime Sun launched his plan to make a brazen political statement he and a thousand fellow bandits descended on the train capturing dozens of hostages Aided by local proxy authorities the humiliated Peking government soon furiously gave chase At the bandits mountain stronghold a five week siege began Brilliantly written with new and original research *The Peking Express* tells the incredible true story of a clash that shocked the world becoming so celebrated it inspired several Hollywood movies and set the course for China s two decade civil war Regarding Frank Capra Eric Loren Smoodin,2004 From feature films to television production *Encyclopedia of the World Novel, 1900 to the Present* Michael David Sollars,Arbolina Llamas Jennings,2015-04-22 Praise for the print edition a useful and engaging reference to the vast world of the novel in world literature **China and the Chinese in Popular Film** Jeffrey Richards,2016-11-09 There s a folk memory of China in which numberless yellow hordes pour out of the mysterious East to overwhelm the vulnerable West accompanied by a stereotype of the Chinese as cruel cunning and depraved Hollywood films played their part in perpetuating these myths and stereotypes that constituted *The Yellow Peril* Jeffrey Richards examines in detail how and why they did it He shows how the negative image was embodied in recurrent cinematic depictions of opium dens tong wars sadistic dragon ladies and corrupt warlords and how in the 1930s and 1940s a countervailing positive image involved the heroic peasants of *The Good Earth* and *Dragon Seed* fighting against Japanese invasion in wartime tributes to the West s ally Nationalist China

The cinema's split level response is also traced through the images of the ultimate Oriental villain the sinister Dr Fu Manchu and the timeless Chinese hero the intelligent and benevolent detective Charlie Chan Filling a longstanding gap in Cinema and Cultural History the book is founded in fresh research into Hollywood's shifting representations of China and its people

From Fu Manchu to Kung Fu Panda Naomi Greene, 2014-06-01 Throughout the twentieth century American filmmakers have embraced cinematic representations of China Beginning with D W Griffith's silent classic *Broken Blossoms* 1919 and ending with the computer animated *Kung Fu Panda* 2008 this book explores China's changing role in the American imagination Taking viewers into zones that frequently resist logical expression or more orthodox historical investigation the films suggest the welter of intense and conflicting impulses that have surrounded China They make clear that China has often served as the very embodiment of otherness a kind of yardstick or cloudy mirror of America itself It is a mirror that reflects not only how Americans see the racial other but also a larger landscape of racial sexual and political perceptions that touch on the ways in which the nation envisions itself and its role in the world In the United States the exceptional emotional charge that imbues images of China has tended to swing violently from positive to negative and back again China has been loved and as is generally the case today feared Using film to trace these dramatic fluctuations author Naomi Greene relates them to the larger arc of historical and political change Suggesting that filmic images both reflect and fuel broader social and cultural impulses she argues that they reveal a constant tension or dialectic between the self and the other Significantly with the important exception of films made by Chinese or Chinese American directors the Chinese other is almost invariably portrayed in terms of the American self Placed in a broader context this ethnocentrism is related both to an ever present sense of American exceptionalism and to a Manichean world view that perceives other countries as friends or enemies *From Fu Manchu to Kung Fu Panda* chronicles the struggle within Hollywood film to come to grips with American ambivalence toward China as a nation against the backdrop of its current economic and geopolitical ascendancy on the world stage Reaching back to early film portrayals of Chinatown Christian missionaries warlords and perverse villains bent on world domination Greene moves from the yellow peril to the red menace as she examines WWII and Cold War cinema She also explores the range of film fantasies circulating today from films about Tibet to Chinese American independent features and the global popularity of kung fu cartoons This accessible book allows these films to speak to the post 9 11 Occupy Wall Street generation and makes a welcome contribution to debates about Hollywood Orientalism and transnational Chinese film connections Gina Marchetti author of *The Chinese Diaspora on American Screens Race Sex and Cinema* A significant work of filmography Naomi Greene's book explores the exotic at times menacing but always fantastic images of China flickering on the silver screen of the American imagination The author writes lucidly jargon free and with the sure footedness of a seasoned scholar Yunte Huang author of *Charlie Chan The Untold Story of the*

Honorable Detective and His Rendezvous with American History **Romance and the Yellow Peril** Gina Marchetti,1994-02-15 Hollywood films about Asians and interracial sexuality are the focus of Gina Marchetti s provocative new work While miscegenation might seem an unlikely theme for Hollywood Marchetti shows how fantasy dramas of interracial rape lynching tragic love and model marriage are powerfully evident in American cinema The author begins with a discussion of D W Griffith s Broken Blossoms then considers later films such as Shanghai Express Madame Butterfly and the recurring geisha movies She also includes some fascinating forgotten films that have been overlooked by critics until now Marchetti brings the theoretical perspective of recent writing on race ethnicity and gender to her analyses of film and television and argues persuasively that these media help to perpetuate social and racial inequality in America Noting how social norms and taboos have been simultaneously set and broken by Hollywood filmmakers she discusses the orientalist tensions underlying the construction of American cultural identity Her book will be certain to interest readers in film Asian women s and cultural studies Missionaries in the Golden Age of Hollywood Douglas Carl Abrams,2022-12-15 This book examines major British and American missionary films during the Golden Age of Hollywood to explore the significance of race gender and spirituality in relation to the lives of the missionaries portrayed in film during the middle third of the twentieth century Film both influences and reflects culture and racial gender and religious identities are some of the most debated issues globally today In the movies explored in this book missionary interactions with various people groups reflect the historical changes which took place during this time *Dressing the Part* Sybil DelGaudio,1993 This work examines the way in which the unique partnership of director Sternberg star Marlene Dietrich studio Paramount and designer Travis Banton created a series of films in which costume functions as a sign to structure each film s narrative and thematic design Illustrated **Construction and Urban Planning** Yong Huang,Tai Bao,Hong Wang,2013-03-11 Selected peer reviewed papers from the 2013 International Conference on Structures and Building Materials ICSBM 2013 9 10 March 2013 Guizhou China The Movie Guide James Monaco,1992 From The Big Sleep to Babette s Feast from Lawrence of Arabia to Drugstore Cowboy The Movie Guide offers the inside word on 3 500 of the best motion pictures ever made James Monaco is the president and founder of BASELINE the world s leading supplier of information to the film and television industries Among his previous books are The Encyclopedia of Film American Film Now and How to Read a Film **An Introduction to World Cinema, 2d ed.** Aristides Gazetas,2016-04-28 Motion pictures are more than just entertainment In film studies courses in colleges and universities worldwide students and professors explore the social political technological and historical implications of cinema This textbook provides two things the history of film as an art form and an analysis of its impact on society and politics Chapters are arranged chronologically covering the major developments in film like the advent of talkies or the French New Wave Each era is examined in the context of several exemplary films commonly viewed in film studies courses Thus students can watch Birth of a Nation and Intolerance while studying the innovations made by D W
