Early Kentucky Tax Records ,1984 Among the many historic documents that were lost when the British burned the Capitol in Washington during the War of 1812 were the first two censuses of Kentucky the earliest one compiled while Kentucky was still a part of Virginia Owing to the destruction of these census records genealogists doing research in Kentucky have been obliged to reconstruct the lost data from a number of related records particularly tax records Those printed here represent all the tax lists ever published in The Register of the Kentucky Historical Society and are among the earliest Kentucky tax records in existence In a few cases these tax records date from a period either immediately before or after the 1790 and 1800 enumerations and show by comparison with the reconstructed census records for 1790 and 1800 published by Charles B Heinemann and G Glenn Clift respectively the movement of early Kentuckians from one county to another In other cases the records serve both as an adjunct and a corrective to the Heinemann and Clift works though the vast majority of these tax lists giving the names of about 12 000 taxpayers their counties of residence and the number of persons and chattels attached to their households do not appear in either work *Annual Report and Collections* Meriwether Lewis,State Historical Society of Wisconsin,1916 After 1855 the society s annual reports were included in its Proceedings *Geological Survey Professional Paper* Geological Survey (U.S.),1985 , *The National Gazetteer of the United States of America* Geological Survey (U.S.),1989 Geological Survey Professional Paper ,1989 **Collections of the State Historical Society of Wisconsin** ,1916 *Register of Kentucky State Historical Society* Kentucky Historical Society,1923 **Water Resources Data for Missouri** ,1968 Soil Survey, Shannon County, South Dakota Robert E.
