Ravished by Beauty Belden C. Lane, 2011-04-21 In this novel exploration of Reformed spirituality Belden C Lane uncovers a green theology that celebrates a community of jubilant creatures of all languages and species Lane reveals an ecologically sensitive Calvin who spoke of himself as ravished by the earth s beauty He speaks of Puritans who fostered a lusty spirituality in which Christ figured as a lover who encouraged meditation on the wonders of creation He presents a Jonathan Edwards who urged a sensuous enjoyment of God s beauty as the only real way of knowing God Lane argues for the double irony of Reformed spirituality showing that Calvinists who often seem prudish and proper are in fact a people of passionate desire Similarly Reformed Christians who appear totally focused on divine transcendence turn out at times to be closet nature mystics exulting in God s glory everywhere Lane also demonstrates however that a spirituality of desire can be derailed ending in sexual excess and pantheism Ecologically holy longing can be redirected from a contemplation of God s splendor in the earth s beauty to a craving for land itself resulting in disastrous misuse of its resources Between the major chapters of the book are engaging personal essays drawn from the author s own love of nature as a Reformed Christian and providing a thoughtful discussion of contemporary issues of species diversity and the honoring of an earth community

What if there is more to beauty than meets the eye What if beauty named more than the human response to a thing's appearance but instead named the very presence of God in the world And what if beauty provided a power enabling human beings to think in novel and creative ways to see with new eyes This book explores the various ways in which the Christian theological tradition has provided responses to these questions Taking its starting point from the view that beauty is above all a divine name this book explores the consequences that such a starting point has not only for the human experience of beauty but also for the way in which beauty penetrates to the very heart of human nature uplifting and inspiring human thought and action to ever new frontiers of existence In its experience of beauty so this book argues the human spirit encounters the divine presence in unexpected and transformative ways such that one may come to see that not only is God beautiful but God is beauty itself God's Guide to Freedom Carl Barrett, 2023-04-13 In a society where so many people feel helpless and hopeless they need to grasp onto someone who will release them from the bondage preventing them from

Brown, 2021-09-21 The Psalms can help us during a time of disruption and division *Deep Calls to Deep* demonstrates a new and generative way of reading the Bible which looks for differences among texts to engage in dialogue over critical issues that are not only biblical but also are relevant to our contemporary crises Bill Brown explores uncharted territory in the Bible with a particular focus on the Psalms the most diverse book of the Bible By taking his cue from Martin Luther Brown explores how the little bible the Psalter engages the larger Hebrew Bible in dialogue specifically how the Psalms counter complement reconstrue and transform biblical traditions and themes across the Hebrew canon from creation and law to justice and

wisdom In this deep study of the Psalms Brown asks What is humanity's place and role in creation What makes for a credible leader What is law and order What is the role of wisdom in the life of faith What is the shape of justice in a society polarized by power and fear These and other questions such as a chapter that offers a fresh look at the authority of Scripture are hosted by the Psalms with the aim of prompting dialogue the kind of dialogue that is most needed in a time of deep division and disruption Praise for Deep Calls to Deep On one side a country no a world in profound disruption On the other side the book of Psalms a microcosm of the biblical world what Luther called a little Bible Who but Bill Brown could put these two worlds together in such a probing and profound way with such insight and in such elegant prose His Seeing the Psalms has long been among my favorite books on the Psalter Now Deep Calls to Deep joins it at the head of the list Here is a truly deep reading what Brown calls reading for reciprocity that exemplifies the best in biblical theological ethical interpretation written by one of the very best of our time It is a must read for any who care at all about how Scripture might speak to the disruptions that threaten to divide us forever That means of course that it is must reading for everyone Brent A Strawn Professor of Old Testament and Professor of Law Duke University In Deep Calls to Deep Bill Brown adroitly highlights the intricate interplay between the Psalms and the rest of the Bible Brown then weaves from this dialogue an image of how we might conceive the authority of the Bible as a sacred dialogue among its readers This book is must reading for anyone who seeks to hear and understand the variety of voices in Scripture and to discern the profound meaning of the Psalter as a little Bible Jerome Creech Pittsburgh Theological Seminary Deep Calls to Deep extends a hearty invitation to mutual dialogue among Christian communities It does not encourage harmony and agreement but seeks to generate critical and potentially transformative conversations regarding scripture and authority Nyasha Junior Temple University and author of Reimagining Hagar Blackness and Bible In this moment of societal disruption Brown warmly invites us to sit together and consider anew the glorious psalms of our faith We are beckoned to see how these diverse poems create a conversation with other biblical texts not for the sake of uniformity but for the sake of courageous dialogue Tyler Mayfield Louisville Presbyterian Theological Seminary In a world often wracked by arguments and silencing William Brown provides a valuable witness to those of us who treasure Scripture Using the central metaphor of dialogue this fascinating study shows how all of the Bible interacts with the Psalms in a dialogical relationship Brown invites us not only to listen in to that lively conversation but also to join in with our voices no matter where we are A necessary book for our time Roy L Heller Perkins School of Theology Southern Methodist University Deep Calls to Deep is a timely book William Brown's commitment to dialogical interpretation is just what the Church needs in this unsettling and divisive time The inner biblical reading of the Psalms in conversation with the rest of the canon clarifies the dialogical nature of biblical revelation and in so doing it Brown provides a roadmap for our own self critical engagement with others as a journey of fearless dialogue Tom Dozeman United Theological Seminary Dayton Ohio

Heritage, Culture, and Politics in the Postcolony Daniel Herwitz, 2012-09-25 The act of remaking one's history into a

heritage a conscientiously crafted narrative placed over the past is a thriving industry in almost every postcolonial culture. This is surprising given the tainted role of heritage in so much of colonialism's history. Yet the postcolonial state like its European predecessor of the eighteenth and nineteenth centuries deploys heritage institutions and instruments: museums, courts of law and universities to empower itself with unity, longevity, exaltation of value, origin and destiny. Bringing the eye of a philosopher, the pen of an essayist and the experience of a public intellectual to the study of heritage, Daniel Herwitz reveals the febrile pitch at which heritage is staked. In this absorbing book, he travels to South Africa and unpacks its controversial and robust confrontations with the colonial and apartheid past. He visits India and reads in its modern art the gesture of a newly minted heritage idealizing the precolonial world as the source of Indian modernity. He traverses the United States and finds in its heritage of incessant invention, small town exceptionalism and settler destiny a key to contemporary American media-driven politics. Showing how destabilizing, ambivalent and potentially dangerous heritage is as a producer of contemporary social, aesthetic and political realities, Herwitz captures its perfect embodiment of the struggle to seize culture and society at moments of profound social change.

Spirits Realm Ross Rozani, 2019-09-29 Being human, we are so preoccupied with worldly tasks until we ignore the fact that we carry spirit within ourselves, which is the Soul. It is said its nourishment is only Faith in God. At times we struggle with our own faith as it doesn't jive with current logic and reasoning. We neglected the presence of other spirits that is tirelessly working against our faith. With technology advancement, spiritual life becomes less relevant until towards the end of our physical life when we are no longer needed by the system. By then it may be too late. It is said that our physical life span is so short compared to spiritual life span including the Afterlife. Yet we are being tested if we remain believer or become non-believer. Test of Faith in God, which is acquiescent to the Afterlife. The biggest test is yet to come once Dajjal or the Anti Christ appear with the most powerful witchcraft human and Jinn ever seen that can easily mislead us that he is God. Appearance of Dajjal was prophesized and conspired to mark that Doomsday is near. When will the Doomsday be? Let's find out what was said and what was prophesized.

Sharing Poetic Expressions Anna-Teresa Tymieniecka, 2011-05-03 A world ever more extensively interlinked is calling out for serving human interests broader and more compelling than those inspiring our technological welfare. The interface between cultures at the moment, especially between the Occident and Islam, presents challenges to mutual understandings and calls for restoring the resources of our human beings forgotten in the struggle of competition and rivalry at the vital spheres of existence. In the evolutionary progress of the living beings, the strictly vital concerns, emotions, attributes become sublimed and elevated to the spiritual sphere at which human beings encounter each other and share. Studies presented here bring forth sublimity, generosity, forgiveness, beauty and are exalting the quest after ciphers and symbols which lead to our sharing the common deepest stream of fraternal reality.
