Routledge Library Editions: World War II in Asia Timothy Hall, John J. Sbrega, 2021-03-11 The 4 volumes in this set, originally published between 1980 and 1983, bring to light and focus on the conflict between Japan and Australia and Japan and the USA. Timothy Hall's volumes are richly illustrated with black and white photographs, used highly contentious documents as their sources, and give fascinating insights into a period of Australian history which is sometimes less than glorious. John J. Sbrega's tour de force is not only one of the most extensive annotated bibliographies on the USA and Japan in World War 2 ever published, but it also provides invaluable information on lesser known but no less important aspects of the conflict.

Routledge Library Editions: Joseph Conrad Various, 2021-09-30 Joseph Conrad (1857-1924) is widely considered one of the great modern writers in English literature. This 21-volume set contains titles originally published between 1976 and 1990, as well as a biography from 1957 written by one of his closest friends. The first 18 books are a set of concordances and indexes to Conrad's printed works, which were part of a project directed by Todd K. Bender at the University of Wisconsin-Madison, USA, and are among the first attempts to use the power of computers to enhance our reading environment and assist in lexicography, scholarly editing, and literary analysis. The set also contains a meticulously compiled bibliography of writings on Joseph Conrad, as well as an original and powerful analysis of his major work.
