Kashmir's Necropolis Amrita Ghosh, 2023-12-11 Kashmir s Necropolis New Literatures and Visual Texts is an interdisciplinary book that studies literary texts film photography and art to understand the different forms of violence represented in the cultural productions from and on Kashmir The author argues that selected texts present how the long conflict in the postcolonial nation state transforms the Kashmiri body the space setting the relationship between the subject and its natural world under different forms of violence Each chapter showcases a form of representational and textual violence that emphasizes the shifts from biopolitical to necropolitical violence and also includes specific forms of violence such as epicolonialism horrorism and hauntings in Kashmir s landscape The book also delves into how the concepts of agency resistance and resilience in these different texts necessitate new poetics of looking at Kashmir The conflicted space of Kashmir has always been located within the politics of representation and this book investigates a problem in taxonomy within postcolonial discourses to articulate unique forms of violence in such a conflicted space
