**In the Shadow of Sin** Silvia Scibilia,2017-04-08 When Herman Autier leaves England to seek his fortune in the county of Sicily he wants to leave his family's betrayal behind and start a new life Herman has many qualities he is a knight and a knowledgeable jurist and he has the ability to turn every experience to his advantage without sacrificing his honor It is thanks to these skills that Ruggero Altavilla entrusts him with a mission Sent to the home of Baltasar Flores a wealthy book merchant he must study the ancient manuscripts in his library It is there that he discovers the merchant's greatest treasure his daughter Clara His dreams seem to come true a brave and educated woman to love and unmatched wealth to use for his purposes But the shadow of sin that poisoned his life back in his castle finds him and seems to turn him away from Clara and Sicily forever *Narratives of Women and Murder in England, 1680-1760* Kirsten T. Saxton,2017-05-15

Arguing that the female criminal subject was central to the rise of the British novel Kirsten T Saxton provides fresh and convincing insights into the deeply complex ways in which categories of criminality gender and fiction intersected in the long eighteenth century She offers the figure of the murderess as evidence of the constitutive relationship between eighteenth century legal and fictional texts comparing non fiction representations of homicidal women in biographies of Newgate Ordinaries and in trial reports with those in the early novels of Aphra Behn Delariviere Manley Daniel Defoe and Henry Fielding As Saxton demonstrates that legal narratives informed the budding genre of the novel and fictional texts shaped the development of legal narratives her study of deadly plots becomes a feminist intervention in scholarship on the literature of crime that simultaneously insists on the centrality of crime literature in feminist histories of the novel Her epilogue shows that more than two centuries later we still contend with displays of female violence that defy and define our notions of textual and sexual license and continue to shape legal and literary mandates even as the lines between the real and the fictive remain blurred *Lippincott's Magazine of Literature, Science and Education* ,1869 **Lippincott's Monthly Magazine** ,1869

Kyooore,2023-11-20 This book argues that Gabonese writer Sylvie Ntsame utilizes her novels to question certain patriarchal traditions and practices in African society such as polygyny that in certain contexts tend to silence the voice of the female

Through engaging with feminist theories among other theoretical frameworks the author demonstrates how in some of Ntseme's novels the black female body is an object of voyeurism that reduces the women to eroticized exoticized Others. The author further argues that Ntseme counters the dystopia of racism with a depiction of idealized love through an interracial relationship presented against the backdrop of stereotypes and myths that stifle such relationships. Ntseme does this by going back to her cultural roots and calling for understanding between peoples of diverse ethnicities and cultures. The book makes valuable contributions to the study of Gabonese women's writing in particular and African women's writing in general.

**Bowker's Guide to Characters in Fiction 2007**, 2008-02      **Colonial Justice and the Jews of Venetian Crete** Rena N. Lauer, 2019-03-07

When Venice conquered Crete in the early thirteenth century a significant population of Jews lived in the capital and main port city of Candia. This community grew diversified and flourished both culturally and economically throughout the period of Venetian rule and although it adhered to traditional Jewish ways of life the community also readily engaged with the broader population and the island's Venetian colonial government. In *Colonial Justice and the Jews of Venetian Crete* Rena N. Lauer tells the story of this unusual and little known community through the lens of its flexible use of the legal systems at its disposal. Grounding the book in richly detailed studies of individuals and judicial cases concerning matters as prosaic as taxation and as dramatic as bigamy and murder Lauer brings the Jews of Candia vibrantly to life. Despite general rabbinic disapproval of such behavior elsewhere in medieval Europe Crete's Jews regularly turned not only to their own religious courts but also to the secular Venetian judicial system. There they aired disputes between family members, business partners, spouses and even the leaders of their community. And with their use of secular justice as both symptom and cause Lauer contends Crete's Jews grew more open and flexible confident in their identity and experiencing little of the anti-Judaism increasingly suffered by their coreligionists in Western Europe.
