And will Sheerluck find poor Sniffy before the hounds of Baker Street do? Fortunately the Veggies quickly learn the importance of treating others like you want to be treated. Based on the VeggieTales video *Sheerluck Holmes and the Golden Ruler*. *Sherlock Holmes and the Hound of Baskervilles* Arthur Conan Doyle, 2011-01-01 In Sir Arthur Conan Doyle's classic tale of mystery Mr Sherlock Holmes and his associate Dr Watson are out to investigate the supernatural sightings of an enormous black hound with blazing eyes and the mysterious death of Sir Charles Baskerville are just curious enough to interest Holmes. He sends Watson ahead with promises to follow. Discover the facts uncovered by Watson and Holmes's deductions in the Calico Illustrated Classics adaptation of Doyle's *Sherlock Holmes and the Hound of the Baskervilles*. Calico Chapter Books is an imprint of Magic Wagon a division of ABDO Group Grades 3-8. Sherlock: The Hound of the Baskervilles Arthur Conan Doyle, 2012-03-29 The hit BBC series *Sherlock* offers a fresh contemporary take on the original Sir Arthur Conan Doyle stories and has helped introduce a whole new generation of fans to the legendary detective. In this TV tie-in edition of the classic novel first published in *The Strand* in 1901 Sherlock Holmes and Dr Watson are called to the haunting and beautiful moors of Dartmoor and the home of the Baskerville family who seem to have fallen victim to a family curse. A terrifying spectre in the shape of a great hound was once said to have hunted an ancestor across the moors and the recent mysterious death of Sir Charles Baskerville suggests that the hound has returned. But is this really a supernatural curse or is a much more dastardly and earthly plot afoot? Sherlock and Dr Watson must solve the riddle of the hound before another murder is committed. *The Hound of the Baskervilles: Another Adventure of Sherlock Holmes* Sir Arthur Conan Doyle, 2020-09-28 Mr Sherlock Holmes who was usually very late in the mornings save upon those not infrequent occasions when he was up all night was seated at the breakfast table. I stood upon the hearth rug and picked up the stick which our visitor had left behind him the night before. It was a fine thick piece of wood bulbous headed of the sort which is known as a Penang lawyer. Just under the head was a broad silver band nearly an inch across. To James Mortimer M R C S from his friends of the C C H was engraved upon it with the date 1884. It was just such a stick as the old-fashioned family practitioner used to carry dignified solid and reassuring. Well Watson what do you make of it? Holmes was sitting with his back to me and I had given him no sign of my occupation. How did you know what I was doing? I believe you have eyes in the back of your head. I have at least a well polished silver plated coffee pot in front of me said he. But tell me Watson what do you make of our visitor's stick? Since we have been so unfortunate as to miss him and have no notion of his errand this accidental souvenir becomes of importance. Let me hear you reconstruct the man by an examination of it. I think said I following as far as I could

the methods of my companion that Dr Mortimer is a successful elderly medical man well esteemed since those who know him give him this mark of their appreciation Good said Holmes Excellent I think also that the probability is in favour of his being a country practitioner who does a great deal of his visiting on foot Why so Because this stick though originally a very handsome one has been so knocked about that I can hardly imagine a town practitioner carrying it The thick iron ferrule is worn down so it is evident that he has done a great amount of walking with it Perfectly sound said Holmes And then again there is the friends of the C C H I should guess that to be the Something Hunt the local hunt to whose members he has possibly given some surgical assistance and which has made him a small presentation in return Really Watson you excel yourself said Holmes pushing back his chair and lighting a cigarette I am bound to say that in all the accounts which you have been so good as to give of my own small achievements you have habitually underrated your own abilities It may be that you are not yourself luminous but you are a conductor of light Some people without possessing genius have a remarkable power of stimulating it I confess my dear fellow that I am very much in your debt He had never said as much before and I must admit that his words gave me keen pleasure for I had often been piqued by his indifference to my admiration and to the attempts which I had made to give publicity to his methods I was proud too to think that I had so far mastered his system as to apply it in a way which earned his approval He now took the stick from my hands and examined it for a few minutes with his naked eyes Then with an expression of interest he laid down his cigarette and carrying the cane to the window he looked over it again with a convex lens Interesting though elementary said he as he returned to his favourite corner of the settee There are certainly one or two indications upon the stick It gives us the basis for several deductions Has anything escaped me I asked with some self importance I trust that there is nothing of consequence which I have overlooked I am afraid my dear Watson that most of your conclusions were erroneous When I said that you stimulated me I meant to be frank that in noting your fallacies I was occasionally guided towards the truth Not that you are entirely wrong in this instance The man is certainly a country practitioner And he walks a good deal
