

Military Expansion Economic Decline

The Impact of Military Spending on
U.S. Economic Performance

Edited by **Robert W. DeGrasse**

Military Expansion Economic Decline

Reyes Ruiz, Gerardo

Military Expansion Economic Decline:

Military Expansion, Economic Decline Robert DeGrasse, Elizabeth McGuinness, William Ragen, 1983 **Military Expansion, Economic Decline** R.W. DeGrasse, 2016-07-01 By assessing the costs and benefits of military spending the authors provide a second opinion on the subject of military economics While advocates of increased military spending often stress the positive effects of the Pentagon on the economy there has been little systematic summary of the opportunity costs that society pays for a large military establishment This book fills that gap **Military Expansion, Economic Decline** Robert W. DeGrasse, 1983-01-01 *The Rise and Fall of the Great Powers* Paul Kennedy, 2010-10-27 About national and international power in the modern or Post Renaissance period Explains how the various powers have risen and fallen over the 5 centuries since the formation of the new monarchies in W Europe **The Political Economy of U.S. Militarism I.** Hossein-zadeh, 2006-08-05 This wide ranging interdisciplinary analysis blends history economics and politics to challenge the prevailing accounts of the rise of U S militarism While acknowledging the contributory role of some of the most widely cited culprits this study explores the bigger but largely submerged picture the political economy of war and militarism

Impacts of Military Spending on Economic Growth Reyes Ruiz, Gerardo, 2025-08-12 Military spending is continually debated in relation to its impact on economic growth Proponents argue that defense spending increases economic activity by creating jobs driving technological innovation and boosting demand in industries Critics cite excessive military spending diverts resources away from critical sectors like healthcare education and infrastructure potentially hindering long term economic development The actual impact often depends on a country s economic structure level of development and efficiency in allocating defense resources Understanding the relationship between military spending and economic growth is crucial for policymakers aiming to strike a balance between national security and sustainable economic progress *Impacts of Military Spending on Economic Growth* explores how regional economic growth is affected by military defense and security spending as well as the causes benefits and strategies associated with economic development It examines current issues challenges and variables for the creation of new economic models and theories to strengthen available knowledge and research This book covers topics such as human capital national security and econometric models and is a useful resource for business owners military members economists government professionals academicians researchers and political scientists

The Economics of Military Spending Adem Yavuz Elveren, 2019-05-17 *The Economics of Military Spending* offers a comprehensive analysis of the effect of military expenditures on the economy It is the first book to provide both a theoretical and an empirical investigation of how military spending affects the profit rate a key indicator of the health of a capitalist economy The book presents a general discussion on the economic models of the nexus of military spending and economic growth as well as military Keynesianism and the military industrial complex Including an account of the Marxist crisis theories it focuses on military spending as a counteracting factor to the tendency of rate of profit to fall Using a range of

econometric methods and adopting a Marxist perspective this book provides comprehensive evidence on the effects of military spending on the rate of profit for more than thirty countries The findings of the book shed light on the complex linkages between military spending and the profit rate by considering the role of countries in the arms trade Offering a Marxist perspective and an emphasis on quantitative analysis *The Economics of Military Spending* will be of great interest to students and scholars of defence and peace economics as well as Marxist economics *Peace, Defence and Economic Analysis* Frank Blackaby,Christain Schmidt,1987-10-27 **Towards a Peace Economy in the United States** Gregory A. Bischak,1991-06-18 The essays in this volume consider the nature of the war economy and the possibilities for change that the relaxation of the Cold War presents They ask what the effects of a security policy of substantial disarmament on the economy and political climate of the USA might be Handbook of Research on Military Expenditure on Economic and Political Resources Das, Ramesh Chandra,2018-05-25 As many countries have increased their budgets to allow for newer technologies and a stronger military force defense spending has become a popular debate topic around the world As such it is vital to understand the interplay between the military expenditure and economic growth and development across countries The Handbook of Research on Military Expenditure on Economic and Political Resources is a critical scholarly publication that explores the interplay between the military expenditure and economic growth and development across countries Featuring coverage on a wide range of topics such as defense management economic growth and dynamic panel model this publication is geared towards academicians researchers and professionals seeking current research on the interplay between the military expenditure and economic growth and development across countries The Economics of Conflict and Peace Jurgen Brauer,William G. Gissy,2017-07-05 A collection of original research papers on economic aspects of conflict and peace including a number of papers on developing nations *The Global New Deal* William F. Felice,2010-01-15 This powerful and empowering text offers a way forward out of global human suffering presenting a realistic roadmap for practical workable solutions to mass poverty Now fully updated including entirely new chapters The *Global New Deal* investigates key areas central to the achievement of economic and social human rights international political economy U N policies and programs environmental sustainability racial bias gender equality military spending and the U S approach to poverty alleviation Felice then introduces what he calls the global new deal a set of international policy proposals designed to protect the vulnerable and end needless suffering These structural reforms provide a viable means by which to safeguard social and economic human rights for all **Military Power, Conflict and Trade** Michael P. Gerace,2004-06-01 Wherever international commerce flows in world politics military power often flows with it sometimes as a protector of commerce sometimes as its promoters and sometimes as a tool of aggression against it How are military power and international trade related Do military power and commerce expand together or does military power decline as commerce and perhaps interdependence increases Does this relationship vary across countries and if so how *Power Conflict and Trade* is a study of the relationship

between military power and international commerce among the Great Powers prior to World War I After building an argument for a direct relationship between military power and commerce one grounded in a mercantilist view of state power and exploring their numerous connections the book estimates models of the relationship among the Great Powers and explores a great deal of their commercial and military data all of which is situated in the context of their mutual rivalries Another question investigated is whether the peacetime conflicts and rivalries of the Great Powers affected their trade relations adversely There is strong support for the argument that military power and commerce move together in world politics though there is evidence for an inverse relationship as well

The Arms Race at a Time of Decision Joseph Rotblat, Alessandro Pascolini, 1984-07-01 *The Military-Industrial Complex and American Society* S. Mike

Pavelec, 2010-01-18 The first complete reference on the military industrial complex from its Cold War era expansion to the present The Military Industrial Complex and American Society addresses the broad subject of the political economy of defense research and its wide reaching effects on many aspects of American life Ranging from the massive arms buildup of the Cold War to the influx of private contractors and corporations such as Halliburton it reveals the interconnectedness of the military industry and government within the history of this public private enterprise The Military Industrial Complex and American Society offers over 100 alphabetically organized entries on a wide of range of significant research bodies and government agencies as well as important people events and technologies In addition a series of essays looks at such essential topics as propaganda think tanks defense budgeting the defense industry and the economy and the breakdown of the military industrial complex in Vietnam With this work students policymakers and other interested readers will understand the ramifications of the relationships between industry scientific and technological communities the government and society

The Rise and Fall of the New Deal Order, 1930-1980 Steve Fraser, Gary Gerstle, 2020-07-21 The description for this book The Rise and Fall of the New Deal Order 1930 1980 will be forthcoming

Civil-Military Relations in the Modern Middle East David S. Sorenson, 2023-01-31 Civil Military Relations in the Modern Middle East explores the political and economic interactions between civilians and the armed forces in the post World War II Middle East emphasizing four themes military and society the role of the military in political transitions the military's part in national economies and the relations between soldiers and civilians in wartime Covering the greater Middle East including the Arab States Israel Turkey and Iran the book establishes how militaries in many Middle Eastern countries influence the national political and economic systems and how in turn politics influences the national militaries

World Military Expenditures and Arms Transfers, 1987

World Military Expenditures and Arms Transfers, 1986 United States. Arms Control and Disarmament Agency, 1987 *Economic Theories of Peace and War* Fanny Coulomb, 2004-07-29 War often comes down to one thing money The role of economics in the study of both peace and war is arguably then the most important single factor when it comes to the study of defence This excellent new book from Fanny Coulomb will be of interest not only to those involved in the burgeoning field of

defence economics it will also be of vital

Getting the books **Military Expansion Economic Decline** now is not type of inspiring means.
