Muslim Revivalist Movements in Northern India in the Sixteenth and Seventeenth Centuries Sayyid Āsār 'Abbās Rizvi, 1965 **Muslim Revivalist Movements in Northern India in the Sixteenth and Seventeenth Centuries** Saiyid Athar Abbas Rizvi, Mohammad Habib, 1993 **Muslim Revivalist Movements in Northern India in the Sixteenth and Seventeenth Centuries. With a Foreword by ... Mohammed Habib. [A Thesis. With a Bibliography.]**. Saiyid Athar Abbas RIZVI, 1965 *Muslim Revivalist Movements in Northern India in the Sixteenth and Seventeenth Centuries* Saiyid Athar Abbas Rizvi, 1965 **Muslim Revivalist Movements in Northern India in the Sixteenth and Seventeenth Centuries** Athar Abbas Rizvi, 1993 **Muslim Revivalist Movements in Northern India** Athar Abbas Rizvi, Mohammad Habib, 1965 **Muslim revivalist movements in northern India in the sixteenth and seventeenth centuries, with a foreword by M. Habib, Agra, Agra Univ., 1965** bibl Saiyid Athar Abbas Rizvi, Islamic Revival in Nepal Megan Adamson Sijapati, 2012-03-29 Drawing on extensive fieldwork among Muslims in contemporary Nepal this book examines the local and global factors shaping an emerging Islamic revival in a Hindu majority region of South Asia It traces the ways that Nepal's Muslims have become active participants in the larger global movement of Sunni revivalism and Nepal's own local politics of representation in the context of political transition to democracy and secularism *The Wahhabi Movement in India* Qeyamuddin Ahmad, 2020-03-20 Founded by Sayyid Ahmad 1786-1831 of Rae Bareilly the Wahhabi Movement in India was a vigorous movement for socio-religious reforms in Indo-Islamic society in the nineteenth century with strong political undercurrents It stood for a strong affirmation of Tauhid unity of God the efficacy of ijtihad the right of further interpretation of the Quran and the Sunnah or of forming a new opinion by applying analogy and the rejection of bid'at innovation It remained active for half a century Sayyid Ahmad's writings show an awareness of the increasing British presence in the country and he regarded British India as a darul harb abode of war In 1826 he migrated and established an operational base in the independent tribal belt of the North Western Frontier area After his death in the battle of Balakote the Movement slackened for some time but his adherents particularly Wilayat Ali and Enayat Ali of Patna revived the work and broad-based its activities The climax of the Movement was reached in the Ambeyla War 1863 during which the English army suffered serious losses at the hands of the Wahhabis This led the Government to take stern measures to suppress the Movement Investigations were launched the leaders were arrested and sentenced to long-term imprisonments and their properties confiscated That broke the back of the Movement but it continued to be a potential source of trouble to the government The Movement does not fit neatly in any one of the groups and categories into which the history of the early resistance to British rule has been divided by some of the writers on the subject It cuts across some of them time-wise and theme-wise The existing studies on the subject do not offer a comprehensive profile of the Movement and fail to analyse its nature and the reasons for its failure politically This well-researched study drawing on a vast array of contemporary records many of them

for the first time seeks to fill this gap and presents an integrated account of the rise and growth of the Movement its operation over the entire area and period of its existence its impact and reasons for its failure Please note This title is co published with Manohar Publishers New Delhi Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka *Indian Movements* S.C. Malik,2022-11-08 Does Indian civilization have the capacity to change or has it been static The impression of this civilization as an unchanging one has been revised today Conflict tension processes in a complex heterogeneous civilization like that of India are equally important and require in depth studies along with investigating the continuity of tradition It is in this context that protest dissent and reform movements have also played a critical role and facilitated adjustments to changing social realities over the centuries From time to time alternate systems to the accepted ideological or normative patterns have been suggested Apparently many of these movements were religious in nature but the socio economic context which remains in the background does require further detailed examination The present volume reflects some aspects of these movements It is one in the series undertaken as part of the group project A Sourcebook of Indian and Asian Civilizations at the Indian Institute of Advanced Study The essays in this volume by such scholars as Arun Bali Savitri Chandra Narendra Mohan M G S Narayanan and Veluthat Kesavan Y M Pathan M S A Rao Sachchidananda G B Sardar and Pushpa Suri will stimulate discussion and generate new perspectives towards understanding Indian civilization *Ancient Religions, Modern Politics* Michael A. Cook,2016-12-06 Why Islam is more political and fundamentalist than other religions Why does Islam play a larger role in contemporary politics than other religions Is there something about the Islamic heritage that makes Muslims more likely than adherents of other faiths to invoke it in their political life If so what is it Ancient Religions Modern Politics seeks to answer these questions by examining the roles of Islam Hinduism and Christianity in modern political life placing special emphasis on the relevance or irrelevance of their heritages to today s social and political concerns Michael Cook takes an in depth comparative look at political identity social values attitudes to warfare views about the role of religion in various cultural domains and conceptions of the polity In all these fields he finds that the Islamic heritage offers richer resources for those engaged in current politics than either the Hindu or the Christian heritages He uses this finding to explain the fact that despite the existence of Hindu and Christian counterparts to some aspects of Islamism the phenomenon as a whole is unique in the world today The book also shows that fundamentalism in the sense of a determination to return to the original sources of the religion is politically more adaptive for Muslims than it is for Hindus or Christians A sweeping comparative analysis by one of the world s leading scholars of premodern Islam Ancient Religions Modern Politics sheds important light on the relationship between the foundational texts of these three great religious traditions and the politics of their followers today *Islamic Narrative and Authority in Southeast Asia* T. Gibson,2007-06-11 This is a literary and anthropological analysis of historical narratives that illuminate regional notions of cosmological kingship cosmopolitan notions of Islamic law and mysticism and

global notions of the modern bureaucratic state These notions have coexisted in Southeast Asia since the Sixteenth century and influence politics to this day

Lovers of God Raziuddin Aquil, 2020-01-24 This book addresses some of the fiercely contested issues about religion and politics in medieval India especially with regard to the crucial presence of Sufis who styled themselves as friends and lovers of God Enjoying widespread veneration even in situations of hostility with regard to Islam and Muslims in general Sufis are central to an understanding of religious interactions and community relations historically The chapters included in the book can be read as stand alone pieces focussing on some of the most fascinating as well as contentious themes in medieval Indian history subjects and issues which are otherwise either left untouched by historians because of their sensitive nature from the point of view of modern day secularism or abused by interested parties in their communal propaganda When read as a monograph the volume as a whole attempts to combat all kinds of intellectual absurdities which mar our understating of the place of Islam in medieval Indian history especially the significant presence of Sufis who were devoted to the love of God and service to humanity Historiographically important issues which are also topical in these times of interdependence of religion and politics the latter exploiting religion for legitimacy and justification of violence and religion needing political support for expansion and imposition on the gullible have been dealt in detail neither bounded by a particular ideology nor by identity politics with its separate blinkers Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka
