My Father On A Bicycle:

My Father's Bicycle P. Raja, 2005 *Free Man: Around the world on a bicycle* Danilo Perrotti Machado, 2014-11-11

Three years three months three days This was the exact time that Danilo Perrotti Machado took to travel around the planet on a bicycle Seeking to get to know the world and himself Danilo left his hometown Belo Horizonte and went on a journey through 59 countries covering 50 000 kilometers across Planet Earth This exciting adventure is called Free Man His goal was to get to know the peoples and cultures of the world moved by his own physical effort discovering at the same time the simple essence of being alive The trip starts in Brazil followed by Europe crossing the Middle East and a stretch of North Africa traversing Asia and its appealing cultural diversity then he goes to Oceania descending the Americas and finally with a lot of pedaling he arrives in the Amazon with a surprising jump in the river that takes him back to Brazil Free Man talks about what can happen when you realize that it is your own mind that dictates the circumstances you live in with many accurate remarks about your existence the way of life of rich and poor countries the awakening of a man with the sun moon and stars most often alone facing imminent death danger and difficulty in communicating with foreign languages A story that makes the reader find the pleasure of traveling very far on a bike in an adventure that ends and starts after each page taking him to travel within himself with an intertwining that only great narratives possesses It will certainly thrill anyone willing to embark on an immersive journey through Planet Earth and at the same time the human soul **A Word from Home** Ardis
