Joan Finnigan

Oldtimers Their Own Stories:

Oldtimers Florence Fenley, 1939 **Devils River** Patrick Dearen, 2022-08-16 In his newest book Devils River Patrick Dearen traces the 400 year history of the notorious river from the time of the first Spanish explorers to the modernization of southwestern Texas and the coming of the railroad He vividly retells stories of Indian encounters train robberies and other horrific events that prove just how the name Devils River was coined With his inimitable style the author weaves together a variety of themes military events including the Civil War and stories about the Texas Rangers the development of the first mail lines and the introduction of cattle and sheep raising into a comprehensive account of the violence and bloodshed surrounding the Devils River The nature of the river s history is such that very few anecdotes have happy endings but Devils River contains stories of triumphs as well as disasters Although this is an excellent account for historians studying the west it is also very accessible to others with little or no background in early western history **First Timers and Old Timers**

Kenneth L. Untiedt, 2012 The Texas Folklore Society has been alive and kicking for over one hundred years now and I don t really think there s any mystery as to what keeps the organization going strong The secret to our longevity is simply the constant replenishment of our body of contributors We are especially fortunate in recent years to have had papers given at our annual meetings by new members young members many of whom are college or even high school students These presentations are oftentimes given during sessions right alongside some of our oldest members We ve also had long time members who ve been around for years but had never yet given papers thankfully they finally took the opportunity to present their research fulfilling the mission of the TFS to collect preserve and present the lore of Texas and the Southwest You ll find in this book some of the best articles from those presentations The first fruits of our youngest or newest members include Acayla Haile on the folklore of plants Familiar and well respected names like J Rhett Rushing and Kenneth W Davis discuss folklore about monsters and the classic widow s revenge tale These works and the people who produced them represent the secret behind the history of the Texas Folklore Society as well as its future Kenneth L Untiedt **Money for Nothing** Sir

Pelham Grenville Wodehouse, 1952-01-01 The picturesque village of Rudge in the Vale dozed in the summer sunshine Along its narrow High Street the only signs of life visible were a cat stropping its backbone against the Jubilee Watering Trough some flies doing deep breathing exercises on the hot window sills and a little group of serious thinkers who propped up against the wall of the Carmody Arms were waiting for that establishment to open At no time is there ever much doing in Rudge s main thoroughfare but the hour at which a stranger entering it is least likely to suffer the illusion that he has strayed into Broadway Piccadilly or the Rue de Rivoli is at two o clock on a warm afternoon in July You will find Rudge in the Vale if you search carefully in that pleasant section of rural England where the gray stone of Gloucestershire gives place to Worcestershire s old red brick Quiet in fact almost unconscious it nestles beside the tiny river Skirme and lets the world go by somnolently content with its Norman church its eleven public houses its Pop to quote the Automobile Guide of 3 541 and

its only effort in the direction of modern progress the emporium of Chas Bywater Chemist Chas Bywater is a live wire He takes no afternoon siesta but works while others sleep Rudge as a whole is inclined after luncheon to go into the back room put a handkerchief over its face and take things easy for a bit But not Chas Bywater At the moment at which this story begins he was all bustle and activity and had just finished selling to Colonel Meredith Wyvern a bottle of Brophy's Paramount Elixir said to be good for gnat bites Having concluded his purchase Colonel Wyvern would have preferred to leave but Mr Bywater was a man who liked to sweeten trade with pleasant conversation Moreover this was the first time the Colonel had been inside his shop since that sensational affair up at the Hall two weeks ago and Chas Bywater who held the unofficial position of chief gossip monger to the village was aching to get to the bottom of that With the bare outline of the story he was of course familiar Rudge Hall seat of the Carmody family for so many generations contained in its fine old park a number of trees which had been planted somewhere about the reign of Queen Elizabeth This meant that every now and then one of them would be found to have become a wobbly menace to the passer by so that experts had to be sent for to reduce it with a charge of dynamite to a harmless stump Well two weeks ago it seems they had blown up one of the Hall's Elizabethan oaks and as near as a toucher Rudge learned had blown up Colonel Wyvern and Mr Carmody with it The two friends had come walking by just as the expert set fire to the train and had had a very narrow escape Thus far the story was common property in the village and had been discussed nightly in the eleven tap rooms of its eleven public houses But Chas Bywater with his trained nose for news and that sixth sense which had so often enabled him to ferret out the story behind the story when things happen in the upper world of the nobility and gentry could not help feeling that there was more in it than this He decided to give his customer the opportunity of confiding in him

Thinking Practices in Mathematics and Science Learning
James G. Greeno, Shelley V. Goldman, 2013-04-03

The term used in the title of this volume thinking practices evokes questions that the authors of the chapters within it begin to answer What are thinking practices What would schools and other learning settings look like if they were organized for the learning of thinking practices Are thinking practices general or do they differ by disciplines If there are differences what implications do those differences have for how we organize teaching and learning How do perspectives on learning cognition and culture affect the kinds of learning experiences children and adults have This volume describes advances that have been made toward answering these questions These advances involve several agendas including increasing interdisciplinary communication and collaboration reconciling research on cognition with research on teaching learning and school culture and strengthening the connections between research and school practice The term thinking practices is symbolic of a combination of theoretical perspectives that have contributed to the volume editors understanding of how people learn how they organize their thinking inside and across disciplines and how school learning might be better organized By touring through some of the perspectives on thinking and learning that have evolved into school learning designs Greeno and Goldman begin to establish a frame for what they are calling thinking practices This

volume is a significant contribution to a topic that they believe will continue to emerge as a coherent body of scientific and educational research and practice Communities of Practice Etienne Wenger, 1999-09-28 This book presents a theory of learning that starts with the assumption that engagement in social practice is the fundamental process by which we get to know what we know and by which we become who we are The primary unit of analysis of this process is neither the individual nor social institutions but the informal communities of practice that people form as they pursue shared enterprises over time To give a social account of learning the theory explores in a systematic way the intersection of issues of community social practice meaning and identity The result is a broad framework for thinking about learning as a process of social participation This ambitious but thoroughly accessible framework has relevance for the practitioner as well as the theoretician presented with all the breadth depth and rigor necessary to address such a complex and yet profoundly human topic **Museums** Mary Bouquet, 2013-07-18 Museums A Visual Anthropology provides a clear and concise summary of the key ideas debates and texts of the most important approaches to the study of museums from around the world The book examines ways to address the social relations of museums embedded in their sites collections and exhibitions as an integral part of the visual and material culture they comprise Cross disciplinary in scope Museums uses ideas and approaches both from within and outside of anthropology to further students knowledge of and interest in museums Including selected globally based case studies to highlight and exemplify important issues the book also contains suggested Further Reading for each chapter for students to expand their learning independently Exploring fundamental methods and approaches to engage this constantly evolving time machine Museums will be essential reading for students of anthropology and museum studies

Storytelling in Alcoholics Anonymous George H. Jensen, 2000 When drinkers attend Alcoholics Anonymous and their spouses attend Al Anon says Jensen English Southwest Missouri State U dramatic changes occur that cannot be accounted for simply by the absence of alcohol He explains how being a member can contribute to the formation of a new identity through the transformative effect of storytelling within its structure Annotation copyrighted by Book News Inc Portland OR

Identity Papers Bronwyn T Williams, 2006-09-30 How do definitions of literacy in the academy and the pedagogies that reinforce such definitions influence and shape our identities as teachers scholars and students The contributors gathered here reflect on those moments when the dominant cultural and institutional definitions of our identities conflict with our other identities shaped by class race gender sexual orientation location or other cultural factors These writers explore the struggle identify the sources of conflict and discuss how they respond personally to such tensions in their scholarship teaching and administration They also illustrate how writing helps them and their students compose alternative identities that may allow the connection of professional identities with internal desires and senses of self They emphasize how identity comes into play in education and literacy and how institutional and cultural power is reinforced in the pedagogies and values of the writing classroom and writing profession *Everybody's Magazine* ,1906 **Tallying the Tales of the Old-timers**

Joan Finnigan,1998 **Israeli Backpackers** Chaim Noy,Erik Cohen,2012-02-01 In the period after their military service Jewish Israeli youth customarily embark on a unique touristic practice the backpacking trip Combining sociological anthropological and psychological research based on innovative fieldwork conducted with Israeli backpackers in Israel and abroad this book depicts the complex relationship between the traveling youth and their society of origin Via a perspective the editors term outside in we learn how social and cultural tensions and tenets identities fantasies and preoccupations are acted out within a symbolic touristic space by scores of Israeli youth *Anglos and Mexicans in the Making of Texas, 1836-1986* David Montejano,2010-07-05 A benchmark publication A meticulously documented work that provides an alternative interpretation and revisionist view of Mexican Anglo relations IMR International Migration Review Winner Frederick Jackson Turner Award Organization of American Historians American Historical Association Pacific Branch Book Award Texas Institute of Letters Friends of The Dallas Public Library Award Texas Historical Commission T R Fehrenbach Award Best Ethnic Minority and Women s History Publication Here is a different kind of history an interpretive history that outlines the connections between the past and the present while maintaining a focus on Mexican Anglo relations This book reconstructs a history of Mexican Anglo relations in Texas since the Alamo while asking this history some sociology questions about ethnicity social change and society itself In one sense it can be described as a southwestern history about nation building economic development and ethnic relations In a more comparative manner the history points to the familiar experience of conflict and accommodation between distinct societies and peoples throughout the world Organized to describe the sequence of class orders and the corresponding change in Mexican Anglo relations it is divided into four periods which are referred to as incorporation reconstruction segregation and integration The success of this award winning book is in its honesty scholarly objectivity and daring in the sense that it debunks the old Texas nationalism that sought to create anti Mexican attitudes both in Texas and the Greater Southwest Colonial Latin American Historical Review An outstanding contribution to U S Southwest studies Chicano history and race relations A seminal book Hispanic American Historical Review **Catalog of Copyright Entries. New Series** Library of Congress. Copyright Office,1940 Includes Part 1 Books Group 1 Nos 1 12 1940 1943 *The Ku Klux Klan's Campaign Against Hispanics, 1921-1925* Juan O. Sánchez,2018-07-26 The Ku Klux Klan s persecution of Hispanics during the early 1920s was just as brutal as their terrorizing of the black community a fact sparsely documented in historical texts The KKK viewed Mexicans as subhuman foreigners supporting a Catholic conspiracy to subvert U S institutions and install the pope as leader of the nation and mounted a campaign of intimidation and violence against them Drawing on numerous Spanish language newspapers and Klan publications of the day the author describes the KKK s extensive anti Hispanic activity in the southwest **Reveries of Home** Nigel Rapport,Solrun Williksen,2020-06-12 Reveries of Home considers understandings of home in the world today and the means by which feelings of homeliness are secured In particular the volume explores the relationship between the phenomenon of

globalisation and the ways in which home making entails acts of practical and symbolic emplacement in landscapes felt to be meaningful and authentic A series of case studies from Norway and West Africa the mid western USA Egypt Scotland and elsewhere offer an illustrative array of homes made in rural communities and urban worksites in personal life histories and the policies of diasporic groups in ceremonial revivals and mundane routines in postcards house furnishings dreams clothes and smells Home making appears as a kind of work and it is ongoing for place and being emplaced are not givens Instead home making exists in time in moments of individual and collective performance which are both mundane and memorial Reveries of Home offers a set of cases and a set of arguments that reveal the close connections that remain between home and identity even in a world of movement

Emergency Incident Management Systems Mark S. Warnick, Louis N. Molino, Sr., 2020-01-22 The second edition was to be written in order to keep both reader and student current in incident management This was grounded in the fact that incident management systems are continually developing These updates are needed to ensure the most recent and relevant information is provided to the reader While the overall theme of the book will remain the same of the first edition research and research based case studies will be used to support the need for utilizing emergency incident management systems Contemporary research in the use and non use of an incident management system provides clear and convincing evidence of successes and failures in managing emergencies This research provides areas where first responders have misunderstood the scope and use of an emergency incident management system and what the outcomes were Contemporary and historical research based case studies in the United States and around the globe have shown the consequences of not using emergency incident management systems including some that led to increased suffering and death rates Research based case studies from major incidents will be used to show the detrimental effects of not using or misunderstanding these principles One of the more interesting chapters in the new edition is what incident management is used around the world

Talking about Politics Katherine Cramer Walsh, 2010-03-15 Whether at parties around the dinner table or at the office people talk about politics all the time Yet while such conversations are a common part of everyday life political scientists know very little about how they actually work In Talking about Politics Katherine Cramer Walsh provides an innovative intimate study of how ordinary people use informal group discussions to make sense of politics Walsh examines how people rely on social identities their ideas of who we are to come to terms with current events In Talking about Politics she shows how political conversation friendship and identity evolve together creating stronger communities and stronger social ties Political scientists sociologists and anyone interested in how politics really works need to read this book
