Reading the Trail Corey Lee Lewis, 2003 **Reading The Trail** Corey Lee Lewis, 2005-02-15 A provocative new way to read and interpret the classic works of John Muir Mary Austin and Gary Snyder and to bring their ideas into the discussion of ecological values and the current environmental crisis Lewis combines a perceptive discussion of their work and ideas with an engaging account of his own trail experiences as hiker backpacker and volunteer trail builder proposing that such a field based interdisciplinary approach to literary study and outdoors experience can enrich our appreciation for the work of nature writers The Pacific Crest Trailside Reader, Oregon and Washington Rees Hughes, Corey Lewis, 2011-10-17 Unique woodcut illustrations decorate both volumes Trail map to follow story locations in each volume For both hikers and armchair adventurers of the PCT Exploring the people places and history of the Pacific Crest Trail as it ranges 2 600 miles from Mexico to Canada THE PACIFIC CREST TRAILSIDE READER EBOOK brings together short excerpts from classic works of regional writing with boot tested stories from the trail The heart of this anthology is these real trail tales stories taken from PCT hikers trailside humor and traditions trail angels and trail magic encounters with wildlife and wild weather stories of being lost and found rescues and unusual incidents Revealing a larger context are historical accounts of events such as Moses Schallenberger s winter on Donner Pass and pioneer efforts like the old Naches Road that ended up creating access to today s trails Native American myths and legends such as that of Lost Lake near Mount Hood and selections from highly regarded environmental writers who have captured the region in print including Mary Austin in *The Land of Little Rain* John Muir in *The Mountains of California* and Barry Lopez in *Crossing Open Ground* Readers will also enjoy a few more surprising contributions from the likes of Mark Twain and Ursula Le Guin For this digital edition of the PCT READER we combined our two print volumes into a single robust ebook that features stories from both the CALIFORNIA and OREGON WASHINGTON volumes Because the two volume set is a compilation of old and new essays however the editors were not able to obtain digital publication rights for some of the previously published material So while this combination ebook includes all the newly commissioned stories as well as many other pieces for which the editors did have digital access there are approximately four contributions from each of the printed books that do not appear here *Here and There* Bill Conlogue, 2015-06-13 The global economy threatens the uniqueness of places people and experiences In *Here and There* Bill Conlogue tests the assumption that literature and local places matter less and less in a world that economists describe as flat politicians believe has globalized and social scientists imagine as a global village Each chapter begins at home journeys elsewhere and returns to the author s native and chosen region northeastern Pennsylvania Through the prisms of literature and history the book explores tensions and conflicts within the region created by national and global demand for its resources fertile farmland forest products anthracite coal and college educated young people Making connections between local and global environmental issues *Here and There* uses the Pennsylvania watersheds of urban Lackawanna and rural Lackawaxen to

Wild Nevada Roberta Moore,Scott Slovic,2005-03-01 For many people beyond Nevada s borders the state is no more than the nation s desert dumping ground for dangerous waste Others know it only for its hedonistic centers of gambling and entertainment This scandal belies the extraordinary beauty and wonder of the state s wilderness areas and the precious natural aesthetic and cultural resources to be found there In *Wild Nevada* editors Roberta Moore and Scott Slovic have assembled twenty nine writers who know and love the Nevada wilderness to testify on its behalf Contributors include literary artists and scholars environmental and community activists leading politicians ranchers scientists and park rangers Some essays offer observations on the political and philosophical discussions of wilderness that heat up the halls of academia and Congress others recount moving personal encounters with wild places within Nevada and still others comment on the ambiguities of preserving wild places through wilderness designation But despite the eclectic backgrounds of the writers and their varied perspectives on public policy they are all united in their devotion to the ecological and aesthetic values of Nevada s threatened wilderness areas Foreword by Michael Frome
