Readings In Christian Ethics A Historical Sourcebook:

Readings in Christian Ethics J. Philip Wogaman, Douglas M. Strong, 1996-01-01 Contains 70 readings from the Fathers to Bernard Haring from Catholic and Protestant traditions **Christian Ethics** J. Philip Wogaman, 2010-12-24 This updated survey of Christian ethics addresses major thinkers movements and issues from the early church to the present A broad range of topics is discussed including the biblical and philosophical legacies of Christian ethics and ethics through the early medieval Reformation Enlightenment and modern eras This new edition contains more extensive discussions of ethics in the twentieth century including Vatican II ecumenical social ethics and Orthodox Christian ethics A new section Toward the Third Millennium looks at the issues we will face in the coming decades including medical scientific and political dilemmas and issues of terrorism war and peace **Tensions in Christian Ethics** Malcolm Brown, 2011-01-01 The book draws on the author's teaching of ethics at undergraduate and postgraduate level for the Cambridge Theological Federation since 2000 Its purpose is to introduce the reader to questions in Christian ethics through a careful examination of the fundamental meta ethical questions posed by the state we're in whether understood as a new phase of modernity or as postmodernity Brown draws on sources and authors from a variety of Christian traditions and from Britain the U S A and Europe The book will be of use not only to university departments and denominational and ecumenical teaching institutions but also as a more general exposition of the current state of ethical thinking in the Christian churches **Speaking the Truth in Love** J. Philip Wogaman, 1998-01-01 J Philip Wogaman challenges preachers not to retreat from the world and to reconsider what they leave out of their sermons In this helpful guide he discusses the biblical and theological grounding of prophetic preaching the pastoral and liturgical setting Christian moral decision making and appropriate issues for discussion from the pulpit He also includes his most compelling sermons identifying the setting and goals of each **From the Eye of the Storm** J. Philip Wogaman, 1998-01-01 According to J Philip Wogaman the drama being played out in Washington represents a struggle for the nation's soul On one side is an emphasis on repentance and forgiveness time honored themes of the nation's formative religious traditions On the other side is an emphasis on condemnation and punishment for wrongdoing The question is which represents the more appropriate path for the future of the United States This is the question Wogaman sets out to answer in this fascinating book **Ethics beyond Rules** Keith D Stanglin, 2021-08-17 An introduction to ethics that will help Christians rediscover a moral reasoning rooted in Scripture and navigate the ethical crises of our time How should Christians live How should we interact with one another Why do we think the way we do about right and wrong How should we approach today's complex moral questions Keith Stanglin realigns our ethical thinking around the central question What does real love require applying it to our ethical reasoning on many of the social issues present in today's culture abortion sexual ethics consumerism technology race and politics Moral evaluation must be based on more than our subjective feelings or the received wisdom or majority opinion of our community But thinking objectively and reasonably about our ethical

commitments is a process that is rarely taught in contemporary education or even in churches. *Ethics Beyond Rules* is a clear and accessible introduction for thoughtful Christians who want to lead moral lives who want to define their moral code by firm biblical standards while acknowledging the complex nature of the issues at hand. Stanglin's love-based framework for moral decision making engages Scripture and the historic Christian faith giving Christians the tools to clear-mindedly consider the ethical problems of today and the foundation to confront new issues in the years to come.

The A to Z of Ethics Harry J. Gensler, Earl Spurgin, 2010-02-12 The *A to Z of Ethics* covers a very broad range of ethical topics including ethical theories historical periods historical figures applied ethics ethical issues ethical concepts non-Western approaches and related disciplines. Harry J. Gensler and Earl W. Spurgin tackle such issues as abortion capital punishment stem cell research and terrorism while also explaining key theories like utilitarianism natural law social contract and virtue ethics. This reference provides a complete overview of ethics through a detailed chronology an introductory essay a bibliography and over 200 cross-referenced dictionary entries including bioethics business ethics Aristotle Hobbes autonomy confidentiality Confucius and psychology.

Faith and Fragmentation J. Philip Wogaman, 2004-01-01 In this classic reissue scholar pastor and author J. Philip Wogaman addresses people who wonder whether Christian Faith makes sense in light of the sweeping changes of our age changes that have created at the same time a pluralistic world a technologically sophisticated world a dangerous world a world of great prosperity and yet great suffering. What are we to make of this time we live in? Can the Christian faith really provide a stable foundation? Wogaman wrestles with these and other questions as he investigates the true meaning of a Christian faith with a positive understanding of religious pluralism and a rejection of fanaticism. He concludes that this faith is a hopeful love that proclaims the centrality of love against selfishness and the power of hope against despair.

The Future of Religion in American Politics Charles Dunn, 2010-09-12 Should parents receive vouchers to send their children to religious schools? What limits if any should the government place on abortion? Should the government permit and fund stem cell research? Should religious organizations have the right to prohibit the employment of homosexuals? Should public schools teach both creationism and evolution? How does religion influence our political stances on gay marriage? The death penalty? Immigration? The issues are real. The emotions are intense. The solutions are difficult to reach and often problematic. From the White House to the courthouse from governors' mansions to the United States Supreme Court religion factors into many contemporary legal controversies. Efforts to establish the proper balance between church and state create heated debates in America and raise seemingly insoluble questions. Politicians and their advisers walk a fine line when addressing religious issues in an increasingly pluralistic society where religious factions attempt to impose their values on the electoral and legislative processes. *The Future of Religion in American Politics* presents thoughtful wide-ranging essays by twelve eminent public intellectuals and scholars offering rich and stimulating views on one of the most divisive issues of our time. Editor Charles W. Dunn and the contributors assess the impact of religion on American politics in four

distinct time periods the founding the Civil War the New Deal era and the modern era Dunn outlines seven propositions that characterize the interaction of religion and politics during these time periods and describes how and why religion continues to influence politics in America Contributors to this volume argue that whereas religion in the founding era held society together in a shared belief of the biblical portrayal of humanity today's pluralistic religious interpretations of God appear to be tearing society apart The rise of Islam and other world religions poses perplexing questions about the issue of tolerance Can America survive as a free society without commonly accepted morals that are based in religion Is America a secular society with a clear separation of church and state or a government created and informed by ever changing religious values The Future of Religion in American Politics includes essays about religion in the public square evangelical and faith based politics in presidential elections The authors investigate many thought provoking questions about the extent of religious influence in the U S government today and its likely impact in the future Lucid and accessible this book covers a wide range of issues and will be invaluable to students of politics religious studies and history

An Unexpected Journey J. Philip Wogaman, 2004-01-01 J Philip Wogaman offers candid reflections on his service as Senior Minister at Foundry United Methodist Church in Washington D C an unexpected journey that he began at the age of sixty following a full career as an ethics professor Wogaman chronicles the tasks he faced as a new pastor tasks with which every pastor deals effectively and faithfully preaching balancing pastoral and prophetic roles presenting the church to the public media dealing with prominent church members and addressing stewardship He also discusses the challenges of succeeding a long loved pastor who departed under a cloud the responsibilities of pastoring to a president and his efforts to balance the roles of a pastor against such a dramatic backdrop Identifying his own successes and mistakes Wogaman provides fresh insights on parish ministry that are sure to become guideposts for all pastors
