Over the course of its history the state of Michigan has produced its share of folktales and lore Many are familiar with the Ojibwa legend of Sleeping Bear Dunes and most have heard a yarn or two told of Michigan's herculean lumberjack Paul Bunyan But what about Detroit's Nain Rouge the red eyed imp they say bedeviled the city's earliest residents Or Le Griffon the Great Lakes original ghost ship that some believe haunts the waters to this day Or the Bloodstoppers Upper Peninsula folk who've been known to halt a wound's bleeding with a simple touch thanks to their magic healing powers In Michigan Legends Sheryl James collects these and more stories of the legendary people events and places from Michigan's real and imaginary past Set in a range of historical time periods and locales as well as featuring a collage of ethnic traditions including Native American French English African American and Finnish these tales are a vivid sample of the state's rich cultural heritage This book will appeal to all Michiganders and anyone else interested in good folktales myths legends or lore

The Player Bookazine Issue 17 The Player,2011-04-01 Rock 'n' Roll Myths Gary Graff,Daniel Durchholz,2012-06-12 It is perhaps the relative modernity of rock n roll that makes the genre a minefield of myths and legends accepted as truth History hasn't had time to dissect the bunk Until now Discover the real stories behind rock's biggest crocks how they came to be but why they have persisted Did Cass Elliott really asphyxiate herself with a ham sandwich Did the Beatles spark a spliff in Buckingham Did Willie Nelson do the same in the White House Did Keith Richards get a complete oil change at a Swiss clinic in 1973 to pass a drug test necessary to embark on an American tour with the Stones Then there's the freaky did Michael Jackson own the remains of the Elephant Man the quasi medical Rod Stewart and that stomach pump the culinary did Alice Cooper and Ozzy Osbourne really do all those things to bats chickens etc onstage and the apocryphal did Robert Johnson sell his soul to the Prince of Darkness in exchange for mastery of the blues In all more than 50 enduring lies are examined explained and debunked **The Schneider Trophy Story** Edward Eves,2001 Attracting entries from the U S Great Britain France and Italy the Schneider Trophy fostered a rapid advance in aviation technology This book devotes an entire chapter to each of the 12 races with details of pre race planning navigation and seaworthiness trials the race itself and of course aircraft designs and engines Legend of the Mighty Sparrow, Part 3 Bryan Fletcher,2016-11-15 This science fiction adventure represents the ultimate survivor genre a hero against all odds against powerful special interests too big to fail a system controlled by ultimate insiders who often seem hell bent on obsession the last war escalation and world economic domination to create a brave new world another dystopia And the story focuses on a black site scientist with an urgent mission to reach the next underground bunker with unparalleled destruction and equipment that smolders a place with sections that have damage beyond description beyond all known languages from some unknown experiment as the experiment may have fractured time or seriously damaged a local aspect of the universe As people often say the most important trait is location location location a real estate term regarding a vital place or vulnerable point And in this case the concern is about a weapon of mass destruction a favorite human pursuit since prehistoric times And this weapon is not a mother of all bombs not MOAB or the insidious neutron bomb but a new age experiment that directed a complex particle beam at a universal pressure point in space universal defect in space time or support aspect well similar to the way someone brings down a high rise building by damaging the main support beam and in this case to collapse the universal wave function as the universe may represent a bubble a supreme algebraic bubble a supreme bulkhead And this secret military experiment one without checks and balances appears to have punctured the universe with a special warp bubble pierce and might initiate deflation at faster than light speed to deflate the universe as space can move faster than light which in this case will quickly collapse the universe to bring about the end of days eschatology the final events of history and the ultimate human destiny *The Facts On File Dictionary of Classical and Biblical Allusions* Martin H. Manser,David Pickering,2003 This
