## **Roman Coinage In Britain Shire Archaeology Series:**

**Roman Coinage in Britain** P. J. Casey, 1984 Accessible to archaeological experts and students alike PJ Casey's *Roman Coinage in Britain* is a fascinating investigation of the Roman Empire's economic presence in Britain Drawing from a wealth of archaeological sources this book places Roman coinage in its rightful economic and political context to better understand the chronology and lives of those who used it Boasting over a hundred images of exquisitely preserved coins many of them life sized Casey's study is a must for coin collectors amateur archaeologists and anyone with an interest in ancient Roman Britain *The Oxford Handbook of Greek and Roman Coinage* William Metcalf, 2012-02-23 A broadly illustrated overview of the contemporary state of Greco Roman numismatic scholarship [Roman Frontier Archaeology - in Britain and Beyond](#) Nick Hodgson, Bill Griffiths, 2022-11-25 Contributions by leading archaeologists and historians pay tribute to Paul Bidwell admired for his ground breaking work both in the south west and the military north of Roman Britain This collection will be essential reading for anyone with an interest in either the civil or military aspects of Roman Britain or the frontiers of the Roman empire *An Archaeology of Identity* Andrew Gardner, 2016-09-16 What happened to Roman soldiers in Britain during the decline of the empire in the 4th and 5th centuries Did they withdraw defect or go native More than a question of military history this is the starting point for Andrew Gardner's incisive exploration of social identity in Roman Britain in the Roman Empire and in ancient society Drawing on the sociological theories of Anthony Giddens and others Gardner shapes an approach that focuses on the central role of practice in the creation and maintenance of identities nationalist gendered class and ethnic This theory is then tested against the material remains of Roman soldiers in Britain to show how patterning of stratigraphy architecture and artifacts supports his theoretical construct The result is a retelling of the story of late Roman Britain sharply at odds with the traditional text driven histories and a theory of human action that offers much to current debates across the social sciences **Age of Tyrants** Christopher A. Snyder, 2010-11-01 By the waning of Roman rule Britain was called a province fertile with tyrants Christopher Snyder's history of Britain during the two centuries after Rome's withdrawal reveals a hybrid society of Celtic Roman and Christian elements and documents the transition from magisterial to monarchical power An appendix explores the Arthur and Merlin myths 30 illustrations **Coins and Power in Late Iron Age Britain** John Creighton, 2000-07-06 Cunobelin Shakespeare's Cymbeline ruled much of south east Britain in the years before Claudius legions arrived creating the Roman province of Britannia But what do we know of him and his rule and that of competing dynasties in south east Britain This book examines the background to these the first individuals in British history It explores the way in which rulers bolstered their power through the use of imagery on coins myths language and material culture After the visit of Caesar in 55 and 54 BC the shadow of Rome played a fundamental role in this process Combining the archaeological literary and numismatic evidence John Creighton paints a vivid picture of how people in late Iron Age Britain reacted to the changing world around them [The Amateur Archaeologist](#) Stephen Wass, 2002-11 This

informed and practical guide shows how anyone with an interest can take part in archaeology at many different levels whether through fieldwork undertaken individually or by joining an excavation Stephen Wass himself an enthusiast with long experience provides all that a beginner needs to know what is archaeology all about the range of skills that can be learnt examples of ideas for projects advice on what to expect on a dig clear explanations of archaeological techniques There are some 177 local archaeological societies in Britain with 40 000 members as well as numerous school extramural and university courses in archaeology It is one professional area in which the amateur however inexperienced can still not only participate but also make a real contribution and this book positively encourages people to join in Iron Age and Roman Coin Hoards in Britain Roger Bland, Adrian Chadwick, Colin Haselgrove, David Mattingly, 2020-06-30 More coin hoards have been recorded from Roman Britain than from any other province of the Empire This comprehensive and lavishly illustrated volume provides a survey of over 3260 hoards of Iron Age and Roman coins found in England and Wales with a detailed analysis and discussion Theories of hoarding and deposition and examined national and regional patterns in the landscape settings of coin hoards presented together with an analysis of those hoards whose findspots were surveyed and of those hoards found in archaeological excavations It also includes an unprecedented examination of the containers in which coin hoards were buried and the objects found with them The patterns of hoarding in Britain from the late 2nd century BC to the 5th century AD are discussed The volume also provides a survey of Britain in the 3rd century AD as a peak of over 700 hoards are known from the period from AD 253 296 This has been a particular focus of the project which has been a collaborative research venture between the University of Leicester and the British Museum funded by the AHRC The aim has been to understand the reasons behind the burial and non recovery of these finds A comprehensive online database <https://finds.org.uk/database> underpins the project which also undertook a comprehensive GIS analysis of all the hoards and field surveys of a sample of them The Roman Watermills and Settlement at Ickham, Kent Paul Bennett, Ian Riddler, Christopher Sparey-Green, 2010 This is the account of rescue excavations undertaken during gravel quarrying between 1972 and 1974 at Ickham on the Little Stour river in Kent Initially excavated by a local amateur group led by the late Jim Bradshaw who had discovered the site the final season was funded by the then Department of the Environment and directed by Christopher Young Four watermills were identified flanking a road possibly the main route from Richborough to Canterbury The earliest mill was in use in the early third century AD the others during the fourth and early fifth century The timber mill buildings and channels were associated with fourth century pottery coins a wooden votive figurine and many other finds Metalworking waste furnace debris and tools suggest the mills formed part of an industrial settlement Other metal objects include parts of pewter dishes fragments of a lead tank and unusual lead alloy pendants which may have been made on site in the late fourth or fifth century With twenty three specialist contributors extensive reports on these and many other small finds the millstones and the important assemblages of late Roman pottery constitute a large part of this long awaited monograph

**Archaeology Hotspot Great Britain** Donald Henson, 2015-03-12 The Archaeology Hotspots series offers reader friendly and engaging narratives of the archaeology in particular countries Written by archaeological experts with a general reader in mind each book in the series focuses on what has been found and by whom what the controversies and scandals have been ongoing projects and how it all fits into a broader view of the history of the country In Archaeology Hotspot Great Britain expert Donald Henson first chronicles the deep archaeology of a long settled region including England Wales and Scotland then explores both the famously ancient finds cave art at Creswell Crags Stonehenge and more recent and iconic historic sites and monuments such as Westminster Abbey and Ironbridge Gorge He profiles the often larger than life personalities and the previously marginalized women who have contributed to British archaeology the controversies influencing how we see the past are also highlighted Henson considers London's position in the antiquities trade and the safeguarding of heritage sites As a whole the book tells a fascinating story of Great Britain's history culture national heritage and ongoing role as a hotspot of archaeology

**The Handbook of British Archaeology** Lesley Adkins, Roy Adkins, Victoria Leitch, 2017-04-13 For over 25 years The Handbook of British Archaeology has been the foremost guide to archaeological methods artefacts and monuments providing clear explanations of all specialist terms used by archaeologists This completely revised and updated edition is packed with the latest information and now includes the most recent developments in archaeological science Meticulously researched every section has been extensively updated by a team of experts There are chapters devoted to each of the archaeological periods found in Britain as well as two chapters on techniques and the nature of archaeological remains All the common artefacts types of sites and current theories and methods are covered The growing interest in post medieval and industrial archaeology is fully explored in a brand new section dealing with these crucial periods Hundreds of new illustrations enable instant comparison and identification of objects and monuments from Palaeolithic handaxes to post medieval gravestones Several maps pinpoint the key sites and other features include an extensive bibliography and a detailed index The Handbook of British Archaeology is the most comprehensive resource book available and is essential for anyone with an interest in the subject from field archaeologists and academics to students heritage professionals Time Team followers and amateur enthusiasts

**Old Sleaford Revealed** Sheila M. Elsdon, 1997 This report draws together the archaeology of Old Sleaford in Lincolnshire describing chiefly the results of Margaret Jones excavations in the 1960s as well as older and more recent discoveries The evidence shows that there was a large late Iron Age settlement covering more than 30 hectares and the finds include an enormous quantity of debris fragments of pellet moulds and crucibles from a large Iron Age mint The report also covers the later Roman settlement the Anglo Saxon and medieval material and there is a tribute to the work of Margaret Jones

**Hadrian's Wall and the End of Empire** Rob Collins, 2012-08-21 There is no synthetic or comprehensive treatment of any late Roman frontier in the English language to date despite the political and economic significance of the frontiers in the late antique period Examining Hadrian's Wall and

the Roman frontier of northern England from the fourth century into the Early Medieval period this book investigates a late frontier in transition from an imperial border zone to incorporation into Anglo Saxon kingdoms using both archaeological and documentary evidence With an emphasis on the late Roman occupation and Roman military it places the frontier in the broader imperial context In contrast to other works Hadrian's Wall and the End of Empire challenges existing ideas of decline collapse and transformation in the Roman period as well as its impact on local frontier communities Author Rob Collins analyzes in detail the *limitanei* the frontier soldiers of the late empire essential for the successful maintenance of the frontiers and the relationship between imperial authorities and local frontier dynamics Finally the impact of the end of the Roman period in Britain is assessed as well as the influence that the frontier had on the development of the Anglian kingdom of Northumbria

**Roman Finds** Richard Hingley, Steven Willis, 2007-04-10 Studies on finds in Roman Britain and the Western Provinces have come to greater prominence in the literature of recent years The quality of such work has also improved and is now theoretically informed and based on rich data sets Work on finds over the last decade or two has changed our understanding of the Roman era in profound ways and yet despite such encouraging advances and such clear worth there has to date been little in the way of a dedicated forum for the presentation and evaluation of current approaches to the study of material culture The conference at which these papers were initially presented has gone some way to redressing this and these papers bring the very latest studies on Roman finds to a wider audience Twenty papers are here presented covering various themes

**Prehistoric Britain** Ann Woodward, J. D. Hill, 2017-01-31 Pottery has become one of the major categories of artifact that is used in reconstructing the lives and habits of prehistoric people In these 14 papers members of the Prehistoric Ceramics Research Group discuss the many ways in which pottery is used to study chronology behavioral changes interrelationships between people and between people and their environment technology and production exchange settlement organization cultural expression style and symbolism

**The Oxford Handbook of Roman Britain** Martin Millett, Louise Revell, Alison Moore, 2016-08-04 This book provides a twenty first century perspective on Roman Britain combining current approaches with the wealth of archaeological material from the province This volume introduces the history of research into the province and the cultural changes at the beginning and end of the Roman period The majority of the chapters are thematic dealing with issues relating to the people of the province their identities and ways of life Further chapters consider the characteristics of the province they lived in such as the economy and settlement patterns This Handbook reflects the new approaches being developed in Roman archaeology and demonstrates why the study of Roman Britain has become one of the most dynamic areas of archaeology The book will be useful for academics and students interested in Roman Britain

**Towns in Roman Britain** Julian Bennett, 2001 Many of Britain's towns and cities originated in the Roman period established as part of a systematic programme to urbanise the island Why imperial Rome initiated this programme is the first of many topics examined in the third edition of this introduction to the towns of Roman Britain

**British Archaeological Abstracts** ,1986      **Museums Journal** Elijah Howarth,F. R. Rowley,W. Ruskin

Butterfield,Charles Madeley,1986 Indexes to papers read before the Museums Association 1890 1909 Comp by Charles Madeley v 9 p 427 452      **Kingdom, Civitas, and County** Stephen Rippon,2018-04-19 This book explores the development of territorial identity in the late prehistoric Roman and early medieval periods Over the course of the Iron Age a series of marked regional variations in material culture and landscape character emerged across eastern England that reflect the development of discrete zones of social and economic interaction The boundaries between these zones appear to have run through sparsely settled areas of the landscape on high ground and corresponded to a series of kingdoms that emerged during the Late Iron Age In eastern England at least these pre Roman socio economic territories appear to have survived throughout the Roman period despite a trend towards cultural homogenization brought about by Romanization Although there is no direct evidence for the relationship between these socio economic zones and the Roman administrative territories known as civitates they probably corresponded very closely The fifth century saw some Anglo Saxon immigration but whereas in East Anglia these communities spread out across much of the landscape in the Northern Thames Basin they appear to have been restricted to certain coastal and estuarine districts The remaining areas continued to be occupied by a substantial native British population including much of the East Saxon kingdom very little of which appears to have been Saxon By the sixth century a series of regionally distinct identities that can be regarded as separate ethnic groups had developed which corresponded very closely to those that had emerged during the late prehistoric and Roman periods These ancient regional identities survived through to the Viking incursions whereafter they were swept away following the English re conquest and replaced with the counties with which we are familiar today
