

Roman Fort

David J. Breeze

Roman Fort:

Life in a Roman Fort Jane Shuter, 2005 This book is about daily life in forts in Roman times from about 735 BC to AD 476 Topics covered include building the fort work roads clothes and armor health and hygiene barracks family life off duty activities religion food and Roman forts t **Roman Forts** Margaret Mulvihill, 1990 Examines the structure and defenses of an ancient Roman fort Roman military life and the campaigns waged by the Roman Empire against its enemies

Bearsden: The Story of a Roman Fort David J. Breeze, 2016-12-01 This accessible account of the discoveries at the Roman fort at Bearsden examines the process of archaeological excavation the life of the soldiers at the fort based on the results of the excavation as well as material from elsewhere in the Roman Empire [An Ancient Roman Fort](#) Stephen Johnson, David Salariya, 2021-02-08 Take an incredible tour through an ancient Roman fort This book gives an insight into the organisation and structure of the powerful ancient Roman army Find out what happened on a daily basis within the fort Discover how the Roman army used ingenious techniques to defend the fort Superb cutaway illustrations and pinpoint enlargements accompany the text Informative captions maps a complete glossary and an index enhance the book s educational value *The 2003-2007 Excavations in the Late Roman Fort at Yotvata* Gwyn Davies, Jodi Magness, 2015-05-15 The Late Roman fort at Yotvata is located in the southern Arava some 40 km north of Eilat Aqaba ancient Aila The modern Hebrew name of the site is based on its suggested identification with biblical Jotbathah Deut 10 7 where the Israelites encamped during their desert wanderings The modern Arabic name of the site Ein Ghadian may preserve the ancient Roman name Ad Dianam Because the Late Roman fort at Yotvata is visible as a low mound next to the Arava road it has long been known to scholars Each June between 2003 and 2007 Gwyn Davies Florida International University and Jodi Magness University of North Carolina at Chapel Hill co directed excavations here This volume provides the results of those excavations adding substantially to our knowledge of Roman defenses in the third and fourth centuries of the Common Era along the trade route that traversed the southern Arava and on the eastern frontier of the Empire **The Roman Fort** Peter Connolly, 1997 Describes the design and construction of a typical Roman fort and the daily life of its commanding officer and soldiers [The Roman Fort of Vindolanda](#) P T Bidwell, 2014-06-15 This work is principally an account of excavations carried out at Vindolanda in 1980 but also reviews the available evidence for the history of the fort and vicus Early timber forts were succeeded by a stone fort in the Hadrianic period perhaps in c 122 4 Reconstruction of some interior buildings were erected in the northern part of the praetentura they are thought to have been houses accommodating a civilian work force under military control West of the fort lay a number of buildings apparently serving as a military annexe rather than civilian vicus The fort was almost entirely rebuilt in c 223 5 retaining only parts of the original west and east walls After a delay of about a decade when part of the garrison was probably posted elsewhere a double barrack block was erected in the north east corner of the fort possibly to accommodate cavalry The building underwent a number of alterations

and remained in use until c 400 There are slight indications of activity on the site subsequent to that date Rebuilding of the fort in c 223 5 was accompanied by construction of an extensive vicus which was largely abandoned by the last quarter of the third century Foremost amongst the finds was a fragment of a military diploma issued to a soldier of cohorts Tungrorum There were numerous objects of iron and copper alloy A considerable quantity of pottery was recovered from a sequence of third and fourth century deposits Coin finds from the fort and vicus are compared and their significance discussed **The Roman Fort at Ribchester** John Henry Hopkinson,1928 **Report on the Excavation of the Roman Fort at Richborough, Kent** Joscelyn Plunket Bushe-Fox,1928 *The Roman Fort at Gellygaer -- The Baths* John Ward,1910

Housesteads Roman Fort - the Grandest Station Alan Rushworth,2014-02-15 Housesteads is one of the most important forts on Hadrian's Wall Extensive excavations were carried out between 1874 and 1981 by Newcastle University Combining the results with those of excavations done between 1959 and 1961 by Durham University we now have a complete plan of the north east part of the fort These excavations uncovered principally Buildings XIII XIV and XV plus stretches of rampart between the north and east gates along with a multitude of features and stratigraphic evidence revealing not only the sequences but also large finds assemblages In addition to shedding much light on the material culture of the fort's occupants and the structural and chronological relationships between various parts of the fort limited reinvestigation of Building XIV and excavation of the east end of Building XV enabled significant reinterpretation of the original conclusions reached by the Durham investigators including some redating of structures These excavations uncover the full 300 year period during which the fort formed an integral part of the Roman military frontier for much if not all of that time the base of the cohorts I Tungrorum milliaria peditat This report documents the excavations and gives full finds reports and the analysis of the evidence has enabled the authors to provide a full history of this part of the fort *The Roman Fort on Hardknott, Known as Hardknott Castle* ,1893 **British and Irish Archaeology** ,1994 **Roman Fort** ,2015-03-15 Be a fly on the wall in the time of the Romans Patrol with a windswept centurion eavesdrop on Roman nobles Candidus and Flavinus in the smelly toilets and dine at a tasty banquet These pages are packed full of up to date information about the world of the Romans from the latest archaeological discoveries With drawings notes squashed insects and messy fingerprints this book shows you history as it really happened [A Roman Fort](#) Fiona MacDonald,1993-09-01 Text and illustrations describe the construction of an ancient Roman fort and the lives of the soldiers who manned it in defense of the Empire *Library of Congress Subject Headings* Library of Congress,Library of Congress. Office for Subject Cataloging Policy,2012 [The Legionary Fortress at Wroxeter](#) Graham Webster,2014-06-30 The Roman legionary fortress at Wroxeter Viroconium Cornoviorum was built on a strategic crossing point on the River Severn Though the site of the Roman town had long been known through the presence of upstanding ruins the major excavations reported here have shown how the town plan was dominated by the underlying fortress This fortress had been established by Legio XIV c AD 60 and had then been partially rebuilt c AD 66 when

the legion was replaced by Legio XX The fortress was downgraded in the late 70s to become a depot for stores before final abandonment c AD 90 The excavations produced extensive evidence for the laying out and construction of the legionary earth and timber defences and of an area within the fortress to the north of the via praetorian where mess halls barrack blocks and a storehouse were found as well as considerable quantities of coins metalwork pottery and glass
