Roman Literary Portraits Einar Löfstedt, 1958      Roman Literary Portraits Einar Lofstedt, 2003-01      Roman Literary Portraits Haimon Einar Harald Löfstedt, 1958      Roman Literary Portraits. [Romare]. Transl.... Einar Löfstedt, 1958

Roman Literary Portraits. Translated by P.M. Fraser Einar Löfstedt, 1958      **Roman Portraits in the J. Paul Getty Museum** Jiří Frel, Sandra Knudsen Morgan, 1987-04-30 Portraits sometimes crude in their realism or gripping in the sense of a living person were one of the great achievements of Roman Art The collection of one hundred portraits in the Getty Museum is one of the largest in the world Dr Frel surveys the history of Roman portrait art in an often controversial introduction on the purpose of portraits in Roman life and society continuing his arguments through the catalogue analyses of the individual pieces The occasion for the book was a loan exhibition of the portraits to the Philbrook Art Center in Tulsa This lavishly illustrated book presents a discussion of the principal views and the uses of the portrait in ancient times The photographs include unusual views of the back and profiles of many portraits to show the care with which they were created and their damages and reworking over the centuries The catalogue also includes five portraits that are late evocations of the antique and outright forgeries      Roman Literary Culture Elaine Fantham, 2013-07-18 This edition includes a new preface and an updated bibliography      **Portraits** Mark Edwards, Mark J. Edwards, Simon Swain, 1997 This collection of essays illustrates the growth of interest in the representation of individuals which resulted from the changed environment within which Greek and Latin authors worked in late antiquity The subjects all fall within the period of the Roman empire and illustrate the importance of individual personality in literature for an age in which few individuals could hope to achieve political significance      *Romare. Roman Literary Portraits. Translated by P.M. Fraser* Haimon Einar Harald LÖFSTEDT, Peter Marshall Fraser, 1958      **Library of Congress Subject Headings** Library of Congress, Library of Congress. Subject Cataloging Division, Library of Congress. Office for Subject Cataloging Policy, 2013      Greek and Latin Literature of the Roman Empire Albrecht Dihle, 2013-02-01 Professor Dihle sees the Greek and Latin literature between the 1st century B C and the 6th century A D as an organic progression He builds on Schlegel's observation that art customs and political life in classical antiquity are inextricably entwined and therefore should not be examined separately Dihle does not simply consider narrowly defined literature but all works of cultural socio historical significance including Jewish and Christian literature philosophy and science Despite this major authors like Seneca Tacitus and Plotinus are considered individually This work is an authoritative yet personal presentation of seven hundred years of literature      Library of Congress Subject Headings Library of Congress. Cataloging Policy and Support Office, 2006      *Daughters of Hecate* Kimberly B. Stratton, Dayna S. Kalleres, 2014 *Daughters of Hecate* presents a diverse collection of essays on the topic of women and magic in the ancient Mediterranean world The book gathers investigations by leading scholars from the fields of Classics Judaic Studies and early Christianity illuminating as well as interrogating the persistent associations of women with
