Roman Portraits Aspects Of Self And Society:

Roman Portraits K. Patricia Erhart, Jiri Frel, Sheldon Nodelman, 1980 Roman Portraits in the J. Paul Getty Museum Jiří Frel, Sandra Knudsen Morgan, 1987-04-30 Portraits sometimes crude in their realism or gripping in the sense of a living person were one of the great achievements of Roman Art The collection of one hundred portraits in the Getty Museum is one of the largest in the world Dr Frel surveys the history of Roman portrait art in an often controversial introduction on the purpose of portraits in Roman life and society continuing his arguments through the catalogue analyses of the individual pieces The occasion for the book was a loan exhibition of the portraits to the Philbrook Art Center in Tulsa This lavishly illustrated book presents a discussion of the principal views and the uses of the portrait in ancient times The photographs include unusual views of the back and profiles of many portraits to show the care with which they were created and their damages and reworking over the centuries The catalogue also includes five portraits that are late evocations of the antique and outright forgeries **Roman Portraits** Patricia Erhart Mottahedeh, Sheldon Nodelman, 1980 **Roman Portraits** Mary Porter Sesnon Art Gallery, Loyola Marymount University. Art Gallery, J. Paul Getty Museum, 1980 *Roman Portraits* University of California Mary Porter Sesnon Art Gallery College V. Exhibition (1980. Santa Cruz), 1980 **Ancient Portraits in the J. Guide to Research in Classical Art and Mythology Frances Dodds Van Keuren, 1991 Learning to use the research tools to unravel the intricate terminology of classification of antiquities is a formidable task. Van Keuren's work aims to enable students both to use these tools and to devise projects for their own research. After a major reference is presented, handbooks and monographs are successively identified in ways that suggest patterns of information. These patterns will allow students to formulate hypotheses to undertake original research. With use of the library collection, original questions can be asked and answered.

Savage Eye Christopher Sten, 1991 He explains when and where in Melville's wanderings throughout America, Europe, and the Near East he saw these works, then describes how Melville made use of the life and work of these artists in his own fiction and poetry. The collection includes new essays on Moby Dick and J. M. W. Turner, Melville's fascination with Dutch genre painting, his appropriation of work by Cole and Vanderlyn for his magazine fiction, his use of early representations of the plague in Israel Potter, the relationship between the satirical cartoons of Daumier and the figures of The Confidence Man, Timoleon's many artistic subjects and the power of classical icons to shape the moral and aesthetic conflicts in Billy Budd. Also found here are theoretical essays on Melville and the picturesque, the modernism of Melville's aesthetic vision, his anti-architectural theory of literature, and his extensive reading in art history and art theory from the classical to his own period.
