Converts to Rome William James Gordon-Gorman, 1884 **Roman Converts** Arnold Lunn, 1924 **The Morality of Paul's Converts** Edwin D. Freed, 2014-12-05 A careful analysis of Paul's letters shows that in every church there were two main groups of converts those who were baptized and those being instructed for baptism Such analysis also makes it possible to determine which parts of each letter were directed towards which group Baptism was the rite by which converts were forgiven their past sins and became members of a renewed community of God from which any who continued to sin were expelled The

Morality of Paul's Converts argues that Paul was always more concerned with how converts behaved than with what they believed about Christ Paul remained a Jew even after he accepted Jesus as the Messiah Paul eventually developed beliefs about Jesus as the Son of God in order to win Gentile converts to faithfulness but this careful analysis of his writings reveals that his primary concern was always the morality of converts His message always remained focused on faithfulness toward God and moral probity **Inquisition, Conversion, and Foreigners in Baroque Rome** Irene Fosi, 2020-02-10 In Rome where strategies to re-establish Roman Catholic orthodoxy were formulated the problem of how to deal with foreigners and particularly with heretics coming from Northern Europe was an important priority throughout the early modern period Converting foreigners had a special significance for the Papacy This volume which includes several case studies explores the meaning of conversion and the changes of policy adopted by the church bodies set up to protect orthodoxy It uses inquisitorial documents from Archivio della Congregazione per la dottrina della Fede and sources from other archives and libraries both in Rome and elsewhere This book is an updated and revised translation of *Convertire lo straniero* Viella 2011 including a bibliography reflecting the most recent scholarship on its subject **Catholic Converts** Patrick Allitt, 1997 Allitt explains how despite the Church's dogmatic style and hierarchical structure converts working in the areas of history science literature and philosophy maintained that Catholicism was intellectually liberating British and American converts followed each other's progress closely visiting each other and sending work back and forth across the Atlantic
