Le roman de Tristan en prose Renée L. Curtis,1985

Renee Curtis s three volume critical edition of the Prose Tristan is the only edition of this very important medieval work ever published until the first volume appeared in 1963 the work was only accessible in the form of a few fragments which had been edited and a summary of the romance made by E Loth in 1891 Dr Curtis s edition is based on a complete collation of all the manuscripts and this led her to choose the Carpentras manuscript 404 as the basis of her edition This second volume appeared in1976 Professor Brian Woledge the eminent medievalist wrote of the first volume in Erasmus The publication of this book is an event of some importance in Arthurian studies The Prose Tristan was one of the most widely read works in medieval France written between1215 and 1235 it continued to be copied until the end of the Middle Ages and its popularity lasted another hundred years in printed editions It was in fact in prose rather than in poetic form that the legend was known Dr Curtis is to warmly congratulate on undertaking this important task

French News ,1963

The Arthur of the French ,2020-10-15 This major reference work is the fourth volume in the series Arthurian Literature in the Middle Ages Its intention is to update the French and Occitan chapters in R S Loomis Arthurian Literature in the Middle Ages A Collaborative History Oxford 1959 and to provide a volume which will serve the needs of students and scholars of Arthurian literature The principal focus is the production dissemination and evolution of Arthurian material in French and Occitan from the twelfth to the fifteenth century Beginning with a substantial overview of Arthurian manuscripts the volume covers writing in both verse Wace the Tristan legend Chretien de Troyes and the Grail Continuations Marie de France and the anonymous lays the lesser known romances and prose the Vulgate Cycle the prose Tristan the Post Vulgate Roman du Graal etc

The Encyclopedia of Fantasy John Clute,John Grant,1999-03-15 Like its companion volume The Encyclopedia of Science Fiction this massive reference of 4 000 entries covers all aspects of fantasy from literature to art

Aventures quérant et le sens du monde

Colette-Anne Van Coolput-Storms,1986

Handbook of Arthurian Romance

Leah Tether,Johnny McFadyen,2017-06-26 The renowned and illustrious tales of King Arthur his knights and the Round Table pervade all European vernaculars as well as the Latin tradition Arthurian narrative material which had originally been transmitted in oral culture began to be inscribed regularly in the twelfth century developing from pseudo historical beginnings in the Latin chronicles of historians such as

Geoffrey of Monmouth into masterful literary works like the romances of Chr tien de Troyes Evidently a big hit Arthur found himself being swiftly translated adapted and integrated into the literary traditions of almost every European vernacular during the thirteenth and fourteenth centuries This Handbook seeks to showcase the European character of Arthurian romance both past and present By working across national philological boundaries which in the past have tended to segregate the study of Arthurian romance according to language as well as by exploring primary texts from different vernaculars and the Latin tradition in conjunction with recent theoretical concepts and approaches this Handbook brings together a pioneering and more complete view of the specifically European context of Arthurian romance and promotes the more connected study of Arthurian literature across the entirety of its European context
