*Historical Dictionary of Romantic Art and Architecture* Allison Lee Palmer, 2019-07-26. Romanticism is multifaceted and a wide range of nostalgic emotional and exotic concerns were expressed in such styles and movements as the Gothic Revival, Classical Revival, Orientalism, and the Pre-Raphaelite Brotherhood. Some movements were regional and subject specific such as the Hudson River School of landscape painting in the United States and the German Nazarene movement which focused primarily on religious art in Rome. The movements range across Western Europe and include the United States. This dictionary will provide a fuller historical context for Romanticism and enable the reader to identify major trends and explore artists of the period. This second edition of *Historical Dictionary of Romantic Art and Architecture* contains a chronology, an introduction, and an extensive bibliography. The dictionary section has over 300 cross-referenced entries on major artists of the romantic era as well as entries on related art movements, styles, aesthetic philosophies, and philosophers. This book is an excellent resource for students, researchers, and anyone wanting to know more about Romantic art.

*Travel and Colonialism in 21st Century Romantic Historical Fiction* Paloma Fresno-Calleja, Hsu-Ming Teo, 2024-12-16. Romantic fiction has often involved stories of travel. In narratives of the journey towards love, romance often involves encounters with exotic places and peoples. When history is invoked in such stories, the past itself is exoticised and treated as other to the present to serve the purposes of romanticisation, a narrative strategy by which all manner of things, settings, characters, costumes, customs, consumables are made to perform a luxuriant otherness that amplifies the experience of love. This volume questions the reparative function of Anglophone romantic historical fiction to ask: can plots of travel and discourses of tourism empower women while narrating stories of healing for the wounds of the past? This is the first volume to consider how romanticised and exoticised women's historical fiction not only serves the purposes of armchair travel but may also replicate colonial discourse unintentionally positioning readers as neocolonial, neo-Orientalist cultural voyeurs as well as voyagers.

**The Oxford Handbook of British Romantic Prose** Robert Morrison, 2024. The *Oxford Handbook of British Romantic Prose* is a full-length essay collection devoted entirely to British Romantic nonfiction prose. Organized into eight parts, each

containing between five and nine chapters arranged alphabetically the Handbook weaves together familiar and unfamiliar texts events and authors and invites readers to draw comparisons reimagine connections and disconnections and confront frequently stark contradictions within British Romantic nonfiction prose but also in its relationship to British Romanticism more generally and to the literary practices and cultural contexts of other periods and countries The Handbook builds on previous scholarship in the field considers emerging trends and evolving methodologies and suggests future areas of study Throughout the emphasis is on lucid expression rather than gnomic declaration and on chapters that offer not a dutiful survey but evaluative assessments that keep an eye on the bigger picture yet also dwell meaningfully on specific paradoxes and the most telling examples Taken as a whole the volume demonstrates the energy originality and diversity at the crux of British Romantic nonfiction prose It vigorously challenges the traditional construction of the British Romantic movement as focused too exclusively on the accomplishments of its poets and it reveals the many ways in which scholars of the period are steadily broadening out and opening up delineations of British Romanticism in order to encompass and thoroughly evaluate the achievements of its nonfiction prose writers

### **World Film Locations: Hong Kong**

Linda Chiu-Han Lai, Kimburley Wing-yee Choi, 2014-05-14 The rapid development of Hong Kong has occasioned the demolition of buildings and landscapes of historic significance but film acts as a repository for memories of lost places vanished vistas and material objects Location shoots in Hong Kong have preserved many disappearing landmarks of the city and the resulting films function as valuable and irreplaceable archives of the city's evolution Far more than a simple collection of movie locations this book delivers a rare glimpse into the history of film production practices in Hong Kong The locations described here are often not the most iconic rather they are the anonymous streets and back alleys used by local film studios in the 1960s and 70s They are the garden cafes with outdoor seating near the Chinese University of Hong Kong where moments of conflict in romantic comedies erupt and dissipate They are the old Kai Tak Airport which channels rage and desire and the tenement housing which splits citizens into greedy landlords and the diligent working class and embodies old day communal values Modern Hong Kong horror films draw their power from the material character of home grown convenient stores shopping arcades and lost mansions found under modern high rises As in the films of Wong Kar wai and Johnnie To readers will drift and dash through the streets of Central to the district's periphery almost recklessly automatically or for the sheer pleasure of roaming The first of its kind in English this book is more than a city guide to Hong
