**Dragon in Ambush** Jeremy Ingalls, 2013-05-16 *Dragon in Ambush* by Jeremy Ingalls is a critique and new translation of the first twenty poems of Mao Zedong's published poetry This seminal work stands out from previous translations of Mao's poems in seeing them as an expression of his core political beliefs rather than for their poetic effect Instead Dr Ingalls shows in consummate detail that Mao was careful and deliberate in employing imagery in his poetry to lay out procedures for political supremacy in which the central drive was his will to psychological domination That is domination of the minds of others is the unifying theme of Mao's verse sequence The crux of Prof Ingalls' work lies in her focus on the symbolism in the poems The poems are in Mao's use of them as a means of communication meaningless on their surface No image however seemingly commonplace is ever employed for merely lyrical or aesthetic description Every image functions as a factor in an entirely political calculus According to Dr Ingalls When Mao mentions streams or mountains suns or moons clouds or winds or icicles horses elephants snakes tigers leopards or bears specifies kinds of trees or birds or fish flies brooms mats or bridges these and all his other images have as their primary function neither happenstance descriptions nor whimsical metaphor They all have politically symbolic functions in Mao's algebra of versified political discourse Furthermore in her analysis Prof Ingalls downplays the significance of Marxism Leninism in the Thought of Mao Zedong She shows that throughout his career Mao regarded Marxism Leninism as a political convenience not as a doctrine permanently essential to his master plan Just as Mao used the Nationalists of Chiang Kai-shek and Stalin's Soviet Union as means to further his own political ambitions so did he manipulate Marxist Leninist ideology to hoodwink and attract at home and abroad professional revolutionaries to help do his bidding Mao's aims express in their

worldviews an entirely Chinese tradition In his poems Mao's dialectics his materialism and his authoritarianism all take their points of reference from within the Chinese cultural order Dragon in Ambush is a thoroughly unique and revolutionary approach to understanding the Mind of Mao Zedong **A Biographical Dictionary of Later Han to the Three**

**Kingdoms (23-220 AD)** Rafe de Crespigny, 2006-12-01 This publication is the long awaited complement to Michael Loewe's acclaimed Biographical Dictionary of the Qin Former Han and Xin Periods 2000 With more than 8 000 entries based upon historical records and surviving inscriptions the comprehensive Biographical Dictionary of Later Han to the Three Kingdoms 23 220 AD now provides information on men and women of the Chinese world who lived at the time of Later or Eastern Han from Liu Xiu founding Emperor Guangwu reg 24 57 to the celebrated warlord Cao Cao 155 220 at the end of the dynasty The entries including surnames personal names styles and dates are accompanied by maps genealogical tables and indexes with lists of books and special accounts of women These features together with the convenient surveys of the history and the administrative structure of the dynasty will make Rafe de Crespigny's work an indispensable tool for any further serious study of a significant but comparatively neglected period of imperial China The Plum in the Golden Vase Or, Chin P'ing Mei, Volume Three Hsiao Hsiao Sheng, 2006

A five volume translation of the classic sixteenth century Chinese novel on the domestic life of a corrupt merchant **The Plum in the Golden Vase or, Chin P'ing Mei, Volume Three**, 2011-07-05 The third volume of a celebrated translation of the classic Chinese novel This is the third volume in David Roy's celebrated translation of one of the most famous and important novels in Chinese literature The Plum in the Golden Vase or Chin P'ing Mei is an anonymous sixteenth century work that focuses on the domestic life of Hsi men Ch'ing a corrupt upwardly mobile merchant in a provincial town who maintains a harem of six wives and concubines The novel known primarily for its erotic realism is also a landmark in the development of the narrative art form not only from a specifically Chinese perspective but in a world historical context Written during the second half of the sixteenth century and first published in 1618 The Plum in the Golden Vase is noted for its surprisingly modern technique With the possible exception of The Tale of Genji ca 1010 and Don Quixote 1605 1615 there is no earlier work of prose fiction of equal sophistication in world literature Although its importance in the history of Chinese narrative has long been recognized the technical virtuosity of the author which is more reminiscent of the Dickens of Bleak House the Joyce of Ulysses or the Nabokov of Lolita than anything in earlier Chinese fiction has not yet received adequate recognition This is partly because all of the existing European translations are either abridged or based on an inferior recension of the text This translation and its annotation aim to faithfully represent and elucidate all the rhetorical features of the original in its most authentic form and thereby enable the Western reader to appreciate this Chinese masterpiece at its true worth Replete with convincing portrayals of the darker side of human nature it should appeal to anyone interested in a compelling story compellingly told *A History of Literature in the Ming Dynasty* Shuofang Xu, Qiu Sun, 2022-01-22 This book explores poems novels legends operas and other genres of writing from the Ming

**The Publisher**, 1905 *Chinese Narratology II* Yang Yi, 2023-11-30 As the second volume of a two volume set on Chinese narratology this title investigates the quintessential characteristics of the Chinese narrative style with a focus on image and perspective The first chapter introduces two opposing concepts of perspective focalization and blind spot to connect perspective with traditional aesthetics highlighting the mutual relation of the nonexistent and the existent The author believes that both the narrator and perspective are central to the narrative forms and strategies adopted by Chinese writers and that study of the narrator and perspective is integral to understanding the cultural aesthetic and philosophical connotations of the narrative text and the spiritual world of the author Drawing on perceptual phenomenology the chapter on image broadens the extant knowledge of image and points out that image narration is unique to Chinese narratology and central to Chinese aesthetics The final chapter illustrating the achievements of influential critics of classical Chinese novels proving that these critics have contributed to the canonization of the genuine masterpieces of Chinese narrative literature The book is a must read for scholars and students interested in narrative theory Chinese culture and literature and dialogue between Chinese and Western narratological studies
