Romancing the Shadow Connie Zweig, Steve Wolf, 1997 In a study of the dark side of the human soul two psychotherapists draw on Jungian psychology to explain how to work with this darkness to revitalize one s life **Playing in the Dark** Toni Morrison, 2007-07-24 An immensely persuasive work of literary criticism that opens a new chapter in the American dialogue on race and promises to change the way we read American literature from the acclaimed Nobel Prize winner Morrison shows how much the themes of freedom and individualism manhood and innocence depended on the existence of a black population that was manifestly unfree and that came to serve white authors as embodiments of their own fears and desires According to the Chicago Tribune Morrison reimagines and remaps the possibility of America Her brilliant discussions of the Africanist presence in the fiction of Poe Melville Cather and Hemingway leads to a dramatic reappraisal of the essential characteristics of our literary tradition Written with the artistic vision that has earned the Nobel Prize winning author a pre eminent place in modern letters Playing in the Dark is an invaluable read for avid Morrison admirers as well as students critics and scholars of American literature The New Romanticism Eberhard Alsen, 2014-02-04 The New Romanticism is an overview of the romantic trend taken up by American novelists in the twentieth century Includes three classic essays by Saul bellow Thomas Pyncheon and Toni Morrison *The Gothic Other* Ruth Bienstock Anolik, Douglas L. Howard, 2014-09-26 Literary use of the Gothic is marked by an anxious encounter with otherness with the dark and mysterious unknown From its earliest manifestations in the turbulent eighteenth century this seemingly escapist mode has provided for authors a useful ground upon which to safely confront very real fears and horrors The essays here examine texts in which Gothic fear is relocated onto the figure of the racial and social Other the Other who replaces the supernatural ghost or grotesque monster as the code for mystery and danger ultimately becoming as horrifying threatening and unknowable as the typical Gothic manifestation The range of essays reveals that writers from many canons and cultures are attracted to the Gothic as a ready medium for expression of racial and social anxieties The essays are grouped into sections that focus on such topics as race religion class and centers of power Romancing the Shadow J. Gerald Kennedy, Liliane Weissberg, 2001-06-28 The nine essays gathered here pursue the provocative implications of Toni Morrison s claim that no early American writer was more important than Poe in shaping a concept of American Africanism an image of racialized blackness destined to haunt the Euro American imagination As contributors to this volume reveal Poe s response to the shadow of blackness like his participation in the cultural construction of whiteness was both problematic and revealing Born

in Boston but raised mostly in Richmond surrounded by the practices of slaveholding culture Poe seems to have shared notions of racial hierarchy and Anglo Saxon supremacy pervasive on both sides of the Mason Dixon line That he promulgated racist stereotypes in depicting black servants his Jupiters and Pompeys cannot be denied that he complicated these stereotypes with veiled subversive implications however gives his fiction peculiar relevance to the task of historicizing racial attitudes in antebellum culture Was Poe an unabashed proslavery apologist a careerist who avoided racial politics a gradualist who hoped slavery would just disappear or an ideological chameleon Were Poe s views on race extreme or unusual Overtly in tales such as The Gold Bug The Journal of Julius Rodman and The Narrative of Arthur Gordon Pym and covertly in such works as The Black Cat and Hop Frog Poe alternately caricatured and demonized the racial Other yet he often endowed such figures with shrewdness and resourcefulness at times portraying their defiance as inevitable and even understandable In Romancing the Shadow leading interpreters of nineteenth century American literature and culture debate Poe s role in inventing the African of the white imagination Their readings represent an array of positions and while they reflect some consensus about Poe s investment in racialized types and tropes they also testify to the surprising ways that race embedded itself in his work and the diverse conclusions that can be drawn therefrom

Slavery, Philosophy, and American Literature, 1830-1860 Maurice S. Lee, 2005-08-18 Examining the literature of slavery and race before the Civil War Maurice Lee in this 2005 book demonstrates how the slavery crisis became a crisis of philosophy that exposed the breakdown of national consensus and the limits of rational authority Poe Stowe Douglass Melville and Emerson were among the antebellum authors who tried and failed to find rational solutions to the slavery conflict Unable to mediate the slavery controversy as the nation moved toward war their writings form an uneasy transition between the confident rationalism of the American Enlightenment and the more

skeptical thought of the pragmatists Lee draws on antebellum moral philosophy political theory and metaphysics bringing a different perspective to the literature of slavery one that synthesizes cultural studies and intellectual history to argue that romantic sentimental and black Atlantic writers all struggled with modernity when facing the slavery crisis **Worst**
