Romania at the Paris Peace Conference Sherman Spector, 2023-04-18 Romania at the Paris Peace Conference studies the diplomacy of Ioan I C Bratianu during World War I and in its aftermath that led to the formation of Greater Romania The book describes the successful struggle waged by the Romanian government for recognition of the provisions of the secret treaty of 1916 and in addition for approval of the de facto annexation of Bessarabia carried out in 1918 with the encouragement of the Central Powers A substantial share of the credit for this achievement Spector asserts must be given to Ioan I C Bratianu a skillful negotiator who answered all attempts to delineate more equitable frontiers with a rigid restatement of Romania's full claims *Rumania at the Paris Peace Conference* Sherman David Spector, 1960 **The Paris**

**Peace Conference and Its Consequences in Early-1920s Europe** Sorin Arhire, Tudor Roșu, Călin Anghel, 2023-04-12 The Paris Peace Conference had significant ramifications across Europe felt by the Great Powers but also by small states struggling for their recognition and independence setting the stage for the Second World War Despite the importance of this conference many perspectives from European historians remain inaccessible to international audiences because they have not yet been published in English This has led to a marginalization of voices from some of the countries which have been the most affected by the fallout from the conference This book remedies this by providing access to the latest research on the topic based on primary sources and critical analyses of existing publications **Sovereignty at the Paris Peace**

**Conference of 1919** Leonard V. Smith, 2018-03-09 We have known for many decades that the Paris Peace Conference of 1919 failed in the sense that it did not prevent the outbreak of World War II This book investigates not whether the Paris Peace Conference succeeded or failed but the historically specific international system it created It explores the rules under which that system operated and the kinds of states and empires that inhabited it Deepening the dialogue between history and international relations theory makes it possible to think about sovereignty at the Paris Peace Conference in new ways Sovereignty in 1919 was about not just determining of answers demarcating the international system but also the questions Sovereignty in 1919 was about remaking the world Most histories of the Paris Peace Conference stop with the signing of the Treaty of Versailles with Germany on 28 June 1919 Sovereignty at the Paris Peace Conference of 1919 considers all five treaties produced by the conference as well as the Treaty of Lausanne with Turkey in 1923 It is organized not chronologically or geographically but according to specific problems of sovereignty A peace based on justice produced a criminalized Great Power in Germany and a template problematically applied in the other treaties The conference sought to unmix lands and peoples in the defeated multinational empires by drawing boundaries and defining ethnicities The conference sought not so much to oppose revolution as to instrumentalize it in the new international system The League of Nations so often taken as the supreme symbol of the failure of the conference is better considered as a continuation of the laboratory of sovereignty established in Paris **World War I** Spencer C. Tucker, 2019-05-10 Offers detailed coverage of every country that played a

significant role in World War I from key participants including France Germany Great Britain the Ottoman Empire and the United States to smaller nations such as Bulgaria Montenegro and New Zealand World War I A Country by Country Guide is a comprehensive reference exploring the role various nations played in this devastating conflict Each of the 22 country sections provides detailed background information the reasons behind the country s entry into the war a summary of its combat effort in the war a discussion of the home front experience and a description of the war s impact on that nation Illuminating sidebars offer an interesting war anecdote involving each country while essays survey each country s military branches and key military and political leaders Finally a timeline for each nation covers all of the important events involving that country during World War I In addition to the country coverage a battles section offers entries on 18 of World War I s most important engagements and a separate section on weapons and tactical changes is included The book also features dozens of maps and images throughout the text that serve as important visual aids that help readers to understand all aspects of the conflict

**Moldova** Rebecca Haynes,2020-03-19 Moldova is a new nation state with a long history Despite only recently gaining independence following the fall of the Soviet Union in 1991 Moldova s roots stretch all the way back to the Principality of Moldavia established in 1359 After centuries toiling under Ottoman control and latterly Russian Imperial rule the Moldovans briefly tasted independence in the early twentieth century before being annexed by the Soviet Union In recent times the Transnistrian Dispute has once again threatened the sovereignty and indeed the independence of Moldova and this conflict remains unresolved today For the first time in English this book places the problems of contemporary Moldova in a long term historical perspective It argues that the Moldovans complex relations with the Russians and the West are not simply the product of the Soviet era but have their roots in earlier centuries Haynes contends that the Moldovan lands and Moldovan identity and culture have long been contested by the Roman and Byzantine Empires of antiquity by the expanding Hungarian and Polish Lithuanian kingdoms in the Middle Ages by the Ottoman Habsburg Russian and Soviet empires in more recent centuries and by the Romanian state The book provides a political and cultural history of the growth and development of the medieval Principality of Moldova the Principality s partition and Russian rule in Bessarabia from 1812 Bessarabia under Romanian rule in the inter war period Soviet Moldova and the independent Republic of Moldova

**Romania under Communism** Dennis Deletant,2018-10-11 Communism has cast a long shadow over Romania The passage of little over a quarter of a century since the overthrow in December 1989 of Romania s last Communist leader Nicolae Ceau escu offers a symbolic standpoint from which to penetrate that shadow and to throw light upon the entire period of Communist rule in the country An appropriate point of departure is the observation that Romania s trajectory as a Communist state within the Soviet bloc was unlike that of any other That trajectory has its origins in the social structures attitudes and policies in the pre Communist period The course of that trajectory is the subject of this inquiry

era also marked a turning point in Romanian history This volume is a collection of studies presented by Romanian American and British scholars at the Fourth International Conference of the Center for Romanian Studies held in Iasi and Focsani Romania from 22-27 June 1998 on the occasion of the eightieth anniversary of the end of the great world conflict Articles included Mark Axworthy Through British Eyes Romanian Military Performance in World War I Catalin Turliuc Major Factors which Determined the Conduct of the Great War Valeriu Florin Dobrinescu Ion I C Bratianu The Genius of Greater Romania Diana Fotescu Regina Maria si razboiul de intregire nationala Constantin Hlihor Romania within the Geopolitics of the Great Powers of Europe between 1918-1919 Nicholas M Nagy Talavera Iorga's Role during the Great War 1914-1918 Demetrius Dvoichenko de Markov The Anti Communist White Guards and Romania 1918 Ernest H Latham Jr We Will Do Business Romania and the Baldwin Locomotive Works Kurt W Treptow John Reed and Romania in 1915 Costica Prodan Unele consideratii privind participarea Romaniei la primul razboi mondial 1916-1918 and many others *Foreign Aid and State Building in Interwar Romania* Doina Anca Cretu, 2024-12-10 The decades following World War I were a period of political social and economic transformation for Central and Eastern Europe This book considers the role of foreign aid in Romania between 1918 and 1940 offering a new history of the interrelation between state building and nongovernmental humanitarianism and philanthropy in the interwar period Doina Anca Cretu argues that Romania was a laboratory for transnational intervention as various state builders actively pursued accessed and often instrumentalized American assistance in order to accelerate reconstructive and modernizing projects after World War I At its core this is a study of how local views ambitions and practical agendas framed trajectories of humanitarian and philanthropic endeavors in postimperial Central and Eastern Europe Conversely it is a reflection on the ways that architects and practitioners of foreign aid sought to transfer notions of democracy civilization and modernity within shifting local and national contexts in the aftermath of the war and after the collapse of European empires At the intersection of the history of interwar Europe and international philanthropy and humanitarianism this book's innovative and explicitly transnational approach provides a new framework for understanding the contours of European nationalism in the twentieth century **Moldova** Marcel Mitrasca, 2002 **A History of Romanian Oil Vol I** Gh. Keith Hitchins,1994 From the mid nineteenth century until the Second World War the energies of Rumanian political and intellectual lites were absorbed by the building of their nation In this comprehensive and scholarly study Keith Hitchins traces these complex processes and explores how Rumania s leaders attempted to transform the ideology of modern nationhood into strong political economic and social institutions and to find ways of preserving independence in an international political and economic order dominated by the great powers As the new Rumania took shape the threads of historical continuity remained strikingly evident in government a strong administrative centralization prevailed despite the maturing of parliamentary institutions and the diversity of political expression the national economy remained beholden to agriculture despite the steady growth of industry and in cultural life traditional values persisted despite the adoption of modern forms In foreign relations the most pressing aim was to unite all Rumanians in a single state and to defend its sovereignty within an uncertain international order In all these endeavours the measure of achievement was the West After the Second World War when the Communist Party came to power this historical continuity was broken The experiment in nation building gave way to a new ideology and Rumania now turned to the Soviet political and economic model
