## **Romantic Cruxes:**

**Nonfictional Romantic Prose** Steven P. Sondrup, Virgil Nemoianu, Gerald Gillespie, 2004 Nonfictional Romantic Prose Expanding Borders surveys a broad range of expository polemical and analytical literary forms that came into prominence during the last two decades of the eighteenth century and the first half of the nineteenth. They stand in contrast to better known romantic fiction in that they endeavor to address the world of daily empirical experience rather than that of more explicitly self-referential fanciful creation. Among them are genres that have since the nineteenth century come to characterize many aspects of modern life like the periodical or the psychological case study; others flourished and enjoyed wide spread popularity during the nineteenth century but are much less well known today like the almanac and the diary. Travel narratives, pamphlets, religious and theological texts, familiar essays, autobiographies, literary critical and philosophical studies and discussions of the visual arts and music all had deep historical roots when appropriated by romantic writers but prospered in their hands and assumed distinctive contours indicative of the breadth of romantic thought. SPECIAL OFFER 30% discount for a complete set order 5 vols. The Romanticism series in the Comparative History of Literatures in European Languages is the result of a remarkable international collaboration. The editorial team coordinated the efforts of over 100 experts from more than two dozen countries to produce five independently conceived yet interrelated volumes that show not only how Romanticism developed and spread in its principal European homelands and throughout the New World but also the ways in which the affected literatures in reaction to Romanticism have redefined themselves on into Modernism. A glance at the index of each volume quickly reveals the extraordinary richness of the series' total contents. Romantic Irony sets the broader experimental parameters of comparison by concentrating on the myriad expressions of irony as one of the major impulses in the Romantic philosophical and artistic revolution and by combining cross-cultural and interdisciplinary studies with special attention also to literatures in less widely diffused language streams. Romantic Drama traces creative innovations that deeply altered the understanding of genre at large, fed popular imagination through vehicles like the opera and laid the foundations for a modernist theater of the absurd. Romantic Poetry demonstrates deep patterns and a sharing of crucial themes of the revolutionary age which underlie the lyrical expression that flourished in so many languages and environments. Nonfictional Romantic Prose assists us in coping with the vast array of writings from the personal and intimate sphere to modes of public discourse including Romanticism's own self-commentary in theoretical statements on the arts, society, life, the sciences and more. Nor are the discursive dimensions of imaginative literature neglected in the closing volume, Romantic Prose Fiction, where the basic Romantic themes and story types, the romance, novel, novella, short story and other narrative forms are considered throughout Europe and the New World. This enormous realm is seen not just in terms of Romantic theorizing but in the light of the impact of Romantic ideas and narration on later generations. As an aid to readers, the introduction to Romantic Prose Fiction explains the relationships among the volumes in the series and carries a listing of

their tables of contents in an appendix No other series exists comparable to these volumes which treat the entirety of Romanticism as a cultural happening across the whole breadth of the Old and New Worlds and thus render a complex picture of European spiritual strivings in the late eighteenth and the nineteenth centuries a heritage still very close to our age

The Oxford Handbook of British Romantic Prose Robert Morrison, 2024 The Oxford Handbook of British Romantic Prose is a full length essay collection devoted entirely to British Romantic nonfiction prose Organized into eight parts each containing between five and nine chapters arranged alphabetically the Handbook weaves together familiar and unfamiliar texts events and authors and invites readers to draw comparisons reimagine connections and disconnections and confront frequently stark contradictions within British Romantic nonfiction prose but also in its relationship to British Romanticism more generally and to the literary practices and cultural contexts of other periods and countries The Handbook builds on previous scholarship in the field considers emerging trends and evolving methodologies and suggests future areas of study Throughout the emphasis is on lucid expression rather than gnomic declaration and on chapters that offer not a dutiful survey but evaluative assessments that keep an eye on the bigger picture yet also dwell meaningfully on specific paradoxes and the most telling examples Taken as a whole the volume demonstrates the energy originality and diversity at the crux of British Romantic nonfiction prose It vigorously challenges the traditional construction of the British Romantic movement as focused too exclusively on the accomplishments of its poets and it reveals the many ways in which scholars of the period are steadily broadening out and opening up delineations of British Romanticism in order to encompass and thoroughly evaluate the achievements of its nonfiction prose writers

*Crux: Dragon Shifter Romance* Kate Rudolph, 2021-09-10 A steamy dragon shifter romance featuring a fiery dragon prince and the human woman he can't resist Prince Crux is in a bind When the Dragon King commands Crux find a mate his days of carefree bachelorhood are over One trip to a psychic matchmaker and he's on the path to his destiny But it all comes screeching to a halt when he meets a human woman who lights his inner fire and makes him yearn She's got a pair of roller skates and an attitude Courtney is supposed to be putting the shambles of her life back together Getting abducted by aliens isn't part of the plan Neither is getting rescued by a scorchingly hot dragon that makes her think of an impossible future But they have no chance together if they can't first escape a planet full of monsters intent on their destruction Best book You betcha A dragon loving reader Perfect for fans of Fourth Wing dragon shifter books Miranda Martin and Theodora Taylor Fierce women and dragon princes are ready to find their fated mates in the Dragon Brides dragon shifter romance series from bestselling author Kate Rudolph

The Burning of Byron's Memoirs Peter Cochran, 2015-01-12 The Burning of Byron's Memoirs is a collection of new and uncollected essays and papers given at many conferences over a two decade period They cover many aspects of Byron's life and work including his relationship with his parents his library his attitude to Shakespeare his borrowings from other writers and his feelings about women and men Two essays centre on his close friends Hobhouse and Kinnaird All are informed by first hand acquaintance with primary texts

The title essay has been hailed as the best ever documentation of the disgraceful way in which Byron's Memoirs were destroyed within days of his death being announced For anyone interested in Byron either as a man a poet or as a cultural phenomenon *The Burning of Byron's Memoirs* is essential reading [Love at a Crux](#) Cameron Cross,2023-11-30 *Love at a Crux* presents the emergence of versified love stories in the New Persian language as a crucial event in the history of romance Using the tale of Vis Ramin w 1054 as its focal point the book explores how Persian court poets in the eleventh century reconfigured myths and fables from the distant past in ways that transformed the love story from a form of evening entertainment to a method of ethical political and affective self inquiry This transformation both anticipates and helps to explain the efflorescence of romance in many medieval cultures across the western flank of Afro Eurasia Bringing together traditions that are often sundered by modern disciplinary boundaries *Love at a Crux* unearths the interconnections between New Persian and comparable traditions in ancient and medieval Greek Arabic Georgian Old French and Middle High German offering scholars in classics medieval studies Middle Eastern literatures and premodern world literature a case study in literary history as connected history *Historical Dictionary of Romanticism in Literature* Paul Varner,2014-11-18 The *Historical Dictionary of Romanticism in Literature* provides a large overview of the Romantic Movement that seemed at the time to have swept across Europe from Russia to Germany and France to Britain and across the Atlantic to the United States The Romantics saw themselves as inaugurating a new era They frequently referred to themselves or their contemporaries as Romantics and their art as Romantic From the early stirrings in Germany to the last decade of the eighteenth century in England with the political radicals and the Lake Poets to the Transcendental Club in Massachusetts the leaders of the age acknowledged their new Romantic attitudes This volume takes a close and comprehensive look at romanticism in literature through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 800 cross referenced entries on the writers and the poems novels short stories and essays plays and other works they produced the leading trends techniques journals and literary circles and the spirit of the times are also covered This book is an excellent access point for students researchers and anyone wanting to know more romanticism in literature [An Outline of Romanticism in the West](#) John Claiborne Isbell,2022-09-05 Navigating the landscape of Romantic literature and art across Europe and the Americas *An Outline of Romanticism in the West* invites readers to embark upon a literary journey Showcasing a breadth of theoretical and contextual approaches to the study of Romanticism John Isbell provides an insightful contemporary overview of the field paired with wide ranging comparative reflections on the art and literature that helped shape it Discussing seminal Romantic texts such as Mary Shelley's *Frankenstein* or Germaine de Staël's *Corinne ou l'Italie* Isbell provides a foundation through which to investigate core concepts such as the continuum of Romance the Romantic hero and Romantic literature's characteristic repudiation of its own Romanticism Unusually for a single author monograph the book includes both published and unpublished material covering Romantic creation across Europe and the two Americas

Identifying Romanticism as an international movement Isbell seeks to emphasise a theme frequently ignored by many academics the roots of Romanticism and its variations as a national art His arguments are supported by extensive interrogations of the political and historical contexts that moulded the outlooks of the writers and artists central to the period An Outline of Romanticism in the West underlines the interplay between nationalism history and artistic inspiration and will therefore be of value to students and scholars of literature and history as well as to general readers with an interest in Romanticism in the West Literary Magazines and British Romanticism Mark Parker,2001-02-22 In this study Mark Parker

proposes that literary magazines should be an object of study in their own right He argues that magazines such as the London Magazine Blackwood s Edinburgh Magazine and the New Monthly Magazine offered an innovative and collaborative space for writers and their work indeed magazines became one of the pre eminent literary forms of the 1820s and 1830s Examining the dynamic relationship between literature and culture which evolved within this context Literary Magazines and British Romanticism claims that writing in such a setting enters into a variety of alliances with other contributions and with ongoing institutional concerns that give subtle inflection to its meaning The book provides an extended treatment of Lamb s Elia Essays Hazlitt s Table Talk Essays Noctes Ambrosianae and Carlyle s Sartor Resartus in their original contexts and should be of interest to scholars of cultural and literary studies as well as Romanticists **Romantic Shakespeare**

Younglim Han,2001 These two criticisms are based on the presumption that only a socially and intellectually elite reader is able to view the author s language in terms of its organic relationship with the text as a whole The Romantics focused on the interpretive reproduction of Shakespeare through sympathetic identification with his characters BOOK JACKET Beyond Romanticism Stephen Copley,John Whale,2016-04-14 First published in 1992 Beyond Romanticism represents a substantial challenge to traditional views of the Romantic period and provides a sustained critique of Romantic ideology The debates with which it engages had previously been under represented in the study of Romanticism where the claims of history had never had quite the same status as they have had in other periods and where confidence in poetic literary value remains high Individual essays examine the philosophical underpinnings of Romantic discourse they survey analogous and competing discourses of the period such as mesmerism Hellenism orientalism and nationalism and analyse both the manifestations of Romanticism in particular historical and textual moments and the texts and modes of writing which have been historically marginalized or silenced by the Romantic This title will be of interest to students of literature **The Truth about**

**Romanticism** Tim Milnes,2010-06-03 How have our conceptions of truth been shaped by romantic literature This question lies at the heart of this examination of the concept of truth both in romantic writing and in modern criticism The romantic idea of truth has long been depicted as aesthetic imaginative and ideal Tim Milnes challenges this picture demonstrating a pragmatic strain in the writing of Keats Shelley and Coleridge in particular that bears a close resemblance to the theories of modern pragmatist thinkers such as Donald Davidson and J rgen Habermas Romantic pragmatism Milnes argues was in turn

influenced by recent developments within linguistic empiricism This book will be of interest to readers of romantic literature but also to philosophers literary theorists and intellectual historians **“Romanticism” - and Byron** Peter

Cochran,2009-03-26 Romanticism and Byron is a book in two parts In the first part Dr Cochran examines Romanticism and shows that it is a word meaning anything and therefore nothing It is an academic construct created by academics and has no basis in the writings of the early nineteenth century Its continued use argues Dr Cochran is a modern marketing phenomenon solely In the second part Dr Cochran examines the life and work of Byron in the non romantic context of his contemporaries He shows how Byron s antithetical nature created problems when he was forced into compromising situations with friends who were close to parts of his mind yet irreconcilable with one another This mobility argues Cochran was often an embarrassment for Byron s social life but of great benefit to his creativity This part of the book features chapters on Shelley Scott Blake Keats Coleridge and Wordsworth and is notable for the amount of original archive documentation with which Cochran illustrates his theme

*Romanticism and the Uses of Genre* David Duff,2009-11-12 This wide ranging book explores the generic innovations that drive the Romantic revolution in literature but also the fascination with archaic forms such as the ballad sonnet epic and romance whose revival and transformation make Romanticism a retro as well as a revolutionary movement **De Quincey's Romanticism** Margaret Russett,1997-12-04 Margaret Russett uses

the example of Thomas De Quincey the nineteenth century essayist best remembered for his Confessions of an English Opium Eater and his memoirs of Wordsworth and Coleridge to examine the idea of the minor author and how it is related to what we now call the Romantic canon The case of De Quincey neither a canonical figure nor a disenfranchised marginal author offers a point of access to specifically Romantic problems of literary transmission and periodization Taking an intertextual approach Russett situates De Quincey s career against the works of Wordsworth and Coleridge the essays of Lamb Hazlitt and other writers for the London Magazine and discourses of ethics and political economy which are central to the problem of determining literary value De Quincey s Romanticism shows how De Quincey helped to shape the canon by which his career was defined **Routledge Library Editions: Romanticism** Various,2021-08-05 This set reissues 28 books on Romanticism originally published between 1940 and 2006 Routledge Library Editions Romanticism provides an outstanding collection of scholarship which explores not only Romantic literature but the Romantic Movement as a whole including art philosophy and science

Minor Literature in Late Romanticism James Najarian,2025-07-31 This book intervenes in the current discussion concerning so called minor English literature of the late 1820s and early 1830s Writing in the late Romantic period this study charts the declining economic market for individual poetry volumes as other markets were developing It examines selected authors over a short time period who consciously placed their works as minor arguing that minor is not only a category that has been used to classify the literary reputation of authors long after their deaths but a position that authors adopt themselves Minor poets turn from long ambitious works to shorter lyrics on a limited number of subjects They respond to the

Romantic ideology and its emphasis on individual vision achievement and reputation but choose instead the minor This book explores the work of Charles Lamb as a theorist of the minor as well as Thomas Hood Felicia Hemans Winthrop Mackworth Praed and Mary Mitford as exemplars of this style It links their work to literary Romanticism and yet responds to it in a strategically self limited way by posing as ancillary

**European Romanticism** Stephen Prickett, 2014-04-14 Romanticism was always culturally diverse Though English language anthologies have previously tended to see Romanticism as predominantly British the term itself actually originated in Germany where it became the banner of a Europe wide movement involving the profound intellectual and aesthetic changes which we now associate with modernity This anthology is the first to place British Romanticism within a comprehensive and multi lingual European context showing how ideas and writers interconnected across national and linguistic boundaries By reprinting everything in the original languages together with an English translation of all non English material in parallel on the opposite page it offers a new intellectual map of Romanticism Material is thematically arranged as follows Art Aesthetics The Self History Language Hermeneutics Theology Nature The Exotic Science While focusing on European texts the inclusion of essays on their North American and Japanese reception means that Romanticism can be seen as a global phenomenon influencing a surprising number of the ways in which the modern world sees itself

**English Romantic Poetry** Harold Bloom, Sterling Professor of Humanities Harold Bloom, Henry W. Albert A. Berg, 2009 Examines the Romantic period in poetry that includes the works of Byron Shelley Keats and others

**A Dialectical Perspective on the Concept of Romanticism** Nicklas Skovgaard Petersen, 2020-01-26 In this book I present and discuss a dialectical rethinking of the concept of Romanticism The viewpoint on the concept has undergone a significant transformation since Jerome McGann first challenged the traditional definition of Romanticism This perspective expands the framework of the concept by generating a forum for further study on the literary canon of Romanticism Instead of defining the concept solely on the similarities of the romantic writers this book aims to step beyond theoretical limitations and provide an approach to the study of cultural theory which creates a continuous and evergrowing synthesis of thought

Romanticism and Gender Anne K. Mellor, 2013-08-06 Taking twenty women writers of the Romantic period Romanticism and Gender explores a neglected period of the female literary tradition and for the first time gives a broad overview of Romantic literature from a feminist perspective

When somebody should go to the ebook stores, search introduction by shop, shelf by shelf, it is in point of fact problematic. This is why we allow the book compilations in this website. It will utterly ease you to see guide **Romantic Cruxes** as you such as.

By searching the title, publisher, or authors of guide you truly want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be all best area within net connections. If you intention to download and install the Romantic Cruxes, it is very simple then, in the past currently we extend the link to purchase and create bargains to download and install Romantic Cruxes thus simple!
