## **Rome And The Enemy Imperial Strategy In The Principate:**

**Rome and the Enemy** Susan P. Mattern, 2023-04-28 How did the Romans build and maintain one of the most powerful and stable empires in the history of the world This illuminating book draws on the literature especially the historiography composed by the members of the elite who conducted Roman foreign affairs From this evidence Susan P Mattern reevaluates the roots motivations and goals of Roman imperial foreign policy especially as that policy related to warfare In a major reinterpretation of the sources Rome and the Enemy shows that concepts of national honor fierce competition for status and revenge drove Roman foreign policy and though different from the highly rationalizing strategies often attributed to the Romans dictated patterns of response that remained consistent over centuries Mattern reconstructs the world view of the Roman decision makers the emperors and the elite from which they drew their advisers She discusses Roman conceptions of geography strategy economics and the influence of traditional Roman values on the conduct of military campaigns She shows that these leaders were more strongly influenced by a traditional stereotyped perception of the enemy and a drive to avenge insults to their national honor than by concepts of defensible borders In fact the desire to enforce an image of Roman power was a major policy goal behind many of their most brutal and aggressive campaigns Rome and the Enemy provides a fascinating look into the Roman mind in addition to a compelling reexamination of Roman conceptions of warfare and national honor The resulting picture creates a new understanding of Rome's long mastery of the Mediterranean world How did the Romans build and maintain one of the most powerful and stable empires in the history of the world This illuminating book draws on the literature especially the historiography composed by the members of the elite who conducted Roman foreign

Acts of the Apostles and the Rhetoric of Roman Imperialism Drew W. Billings, 2017-07-25 Billings demonstrates that Acts was written in conformity with broader representational trends found on imperial monuments and in the epigraphic record of the early second century

**Rome's Armies to the Death of Augustus** Tony McArthur, 2024-09-30 National armies as we know them today are a comparatively recent development It has been assumed that the Romans had an army similar to the national institutions of advanced almost exclusively European powers at the end of the nineteenth century But the assumption was wrong as is the belief that changes seen in the armies can be explained because the Romans reformed their armies Up to the death of Augustus the Romans had no permanent military forces Roman armies were raised for particular campaigns and disbanded at their conclusion Repeated campaigns were conducted in places like northern Italy and Spain but the armies were always disbanded These armies were not seen by Romans as part of a national institution as modern armies are they were simply a part of the life of a Roman citizen like religion or elections These armies were more like a militia than a national army There is little evidence even of systematic training and what changes can be detected can be better explained by contingent adaptation to circumstances rather than reform The emperor Augustus is commonly seen as the originator of the imperial armies but it was an unintended outcome of a long life

**Cultural Memories in the**

**Roman Empire** Karl Galinsky, Kenneth Lapatin, 2016-01-01 Memory studies one of the most vibrant research fields of the present day brings together such diverse disciplines as art and archaeology history religion literature sociology media studies and neuroscience In scholarship on ancient Rome studies of social and cultural memory complement traditional approaches opening up new horizons as we contemplate the ancient world The fifteen essays presented here explore memory in the Roman Empire addressing a wide spectrum of cultural phenomena from a range of approaches Ancient Rome was a memory culture par excellence and memory pervades all aspects of Roman culture from literature and art to religion and politics This volume is the first to address the cultural artifacts of Rome through the lens of memory studies An essential guide to the material culture of Rome this book brings important new concepts to the fore for both scholars of the ancient world and those of social and cultural memory throughout human history News and Frontier Consciousness in the Late Roman Empire Mark W. Graham, 2006 A novel interpretation of Roman frontier policy **Great Strategic Rivalries** James Lacey, 2016-10-11 From the legendary antagonism between Athens and Sparta during the Peloponnesian War to the Napoleonic Wars and the two World Wars of the twentieth century the past is littered with long term strategic rivalries History tells us that such enduring rivalries can end in one of three ways a series of exhausting conflicts in which one side eventually prevails as in the case of the Punic Wars between ancient Rome and Carthage a peaceful and hopefully orderly transition like the rivalry between Great Britain and the United States at the turn of the twentieth century or a one sided collapse such as the conclusion of the Cold War with the fall of the Soviet Union However in spite of a wealth of historical examples the future of state rivalries remains a matter of conjecture Great Strategic Rivalries explores the causes and implications of past strategic rivalries revealing lessons for the current geopolitical landscape Each chapter offers an accessible narrative of a historically significant rivalry comprehensively covering the political diplomatic economic and military dimensions of its history Featuring original essays by world class historians including Barry Strauss Geoffrey Parker Williamson Murray and Geoffrey Wawro this collection provides an in depth look at how interstate relations develop into often violent rivalries and how these are ultimately resolved Much more than an engaging history Great Strategic Rivalries contains valuable insight into current conflicts around the globe for policymakers and policy watchers alike *The Peace of the Gods* Craige B. Champion, 2017-05-30 The Peace of the Gods takes a new approach to the study of Roman elites religious practices and beliefs using current theories in psychology sociology and anthropology as well as cultural and literary studies Craige Champion focuses on what the elites of the Middle Republic ca 250 ca 100 BCE actually did in the religious sphere rather than what they merely said or wrote about it in order to provide a more nuanced and satisfying historical reconstruction of what their religion may have meant to those who commanded the Roman world and its imperial subjects The book examines the nature and structure of the major priesthoods in Rome itself Roman military commanders religious behaviors in dangerous field conditions and the state religion s acceptance or rejection of new cults and rituals in response to

external events that benefited or threatened the Republic According to a once dominant but now outmoded interpretation of Roman religion that goes back to the ancient Greek historian Polybius the elites didn't believe in their gods but merely used religion to control the masses Using that interpretation as a counterfactual lens Champion argues instead that Roman elites sincerely tried to maintain Rome's good fortune through a pax deorum or peace of the gods The result offers rich new insights into the role of religion in elite Roman life      *Echoes of Empire* Kalypso Nicolaïdis, Berny Sebe, Gabrielle Maas, 2014-12-23 How does our colonial past echo through today's global politics How have former empire builders sought vindication or atonement and formerly colonized states reversal or retribution This groundbreaking book presents a panoramic view of attitudes to empires past and present seen not only through the hard politics of international power structures but also through the nuances of memory historiography and national and minority cultural identities Bringing together leading historians political scientists and international relations scholars from across the globe *Echoes of Empire* emphasizes Europe's colonial legacy whilst also highlighting the importance of non-European power centres Ottoman Russian Chinese Japanese in shaping world politics then and now *Echoes of Empire* bridges the divide between disciplines to trace the global routes travelled by objects ideas and people and forms a radically different notion of the term empire itself This will be an essential companion to courses on international relations and imperial history as well as a fascinating read for anyone interested in Western hegemony North-South relations global power shifts and the *longue durée*      Order and (Dis)order in the First Christian Century F. Gerald Downing, 2013-08-01 Articulate first-century Mediterranean society Jewish and Christian included expressly favoured harmonious order in society in individuals in communication and in thought Its common basis was the patriarchal family the rule of law rational self-control and rational thought Yet there was also resistance to oppressive and unjust order in all spheres and while law could be held educative yet there were substantial first-century critiques of law not just Paul's and awareness that judicial procedures could be chaotic and biased Strands of such dissidence appear in Jesus and in Paul with significant relevance for any understanding of the early Christian movement's and contemporary Judaism's in Graeco-Roman context but also with important implications for any practical reflections and application      *Understanding War* Christian P. Potholm, 2016-08-03 The third book in Professor Christian Potholm's war trilogy which includes *Winning at War* and *War Wisdom* *Understanding War* provides a most workable bibliography dealing with the vast literature on war and warfare As such it provides insights into over 3000 works on this overwhelmingly extensive material *Understanding War* is thus the most comprehensive annotated bibliography available today Moreover by dividing war material into eighteen overarching themes of analysis and fifty seminal topics and focusing on these *Understanding War* enables the reader to access and understand the broadest possible array of materials across both time and space beginning with the earliest forms of warfare and concluding with the contemporary situation Stimulating and thought-provoking this volume is essential for an understanding of the breadth and depth of the vast scholarship dealing with

war and warfare through human history and across cultures      *Roman Roads* Anne Kolb, 2019-07-22 This volume aims to present the current state of research on Roman roads and their foundations in a combined historical and archaeological perspective. The focus is on the diverse local histories and the varying degrees of significance of individual roads and regional networks which are treated here for the most important regions of the empire and beyond. The assembled contributions will be of interest to historians, archaeologists and epigraphers since they tackle matters as diverse as the technical modalities of road building, the choice of route but also the functionality and the motives behind the creation of roads. Roman roads are further intimately related to various important aspects of Roman history, politics and culture. After all, such logistical arteries form the basis of all communication and exchange processes enabling not only military conquest and security but also facilitating the creation of an organized state as well as trade, food supply and cultural exchange. The study of Roman roads must always be based on a combination of written and archaeological sources in order to take into account both their concrete geographical location and their respective spatial, cultural and historical context      **Frontiers of the Roman Empire: Roman Limes in Serbia** David J. Breeze, Sonja Jilek, Miomir Korać, Snežana Golubović, Nemanja Mrđić, Gordana Jeremić, Stefan Pop-Lazić, 2022-06-23 The aim of this publication is not only to inform about historical and archaeological facts on the Limes in Serbia but also to act as a guidebook as well through the Danubian Limes      *The Roman Empire from Severus to Constantine* Patricia Southern, 2015-05-15 The third century of the Roman Empire is a confused and sparsely documented period punctuated by wars, victorious conquests and ignominious losses and a recurring cycle of rebellions that saw several Emperors created and eliminated by the Roman armies. In AD 260 the Empire almost collapsed and yet by the end of the third century the Roman world was brought back together and survived for another two hundred years. In this new edition of *The Roman Empire from Severus to Constantine* Patricia Southern examines the anarchic era of the soldier Emperors that preceded the crisis of AD 260 and the reigns of underrated and sometimes maligned Emperors such as Gallienus, Probus and Aurelian whose determination and hard work reunited and re-established the Empire. Their achievements laid the foundations for the absolutist, sacrosanct rule of Diocletian, honed to ruthless perfection by Constantine whose reign transformed the pagan Empire into a Christian state. The successes and failures of the rulers of the Roman world of the third century and the role of the armies and the civilians are re-assessed in this revised and expanded edition of *The Roman Empire from Severus to Constantine* which incorporates the latest thinking of modern scholars and has been extended to cover the reign of Constantine and the foundations he laid on which the Christian empire was built. This is a crucial volume for students of this fascinating period in Roman history and provides invaluable background for anyone interested in the fall of Rome, the adoption of Christianity and the establishment of the Byzantine Empire      **Empire and Ideology in the Graeco-Roman World** Benjamin Isaac, 2017-08-10 Benjamin Isaac is one of the most distinguished historians of the ancient world with a number of landmark monographs to his name. This volume collects most of his

published articles and book chapters of the last two decades many of which are not easy to access and republishes them for the first time along with some brand new chapters The focus is on Roman concepts of state and empire and mechanisms of control and integration Isaac also discusses ethnic and cultural relationships in the Roman Empire and the limits of tolerance and integration as well as attitudes to foreigners and minorities including Jews The book will appeal to scholars and students of ancient imperial and military history as well as to those interested in the ancient history of problems which still resonate in today's societies

"A Hero Will Endure": Essays at the Twentieth Anniversary of 'Gladiator' Rachel L. Carazo, 2023-05-16 This volume adds to previous historical and political studies about *Gladiator* with essays about the movie's relation to pop culture and contemporary discourses It not only relates *Gladiator* to traditional cinema aspects such as heroism music acting studio culture and visual effects but it also connects the film to sports religion and the environment expanding the ways in which the film can be evaluated by modern audiences The volume can be read by individuals or in classroom settings especially as a recommended text for students studying the ancient world in film

**Failure of Empire** Noel Lenski, Noel Emmanuel Lenski, 2014-06-26 *Failure of Empire* is the first comprehensive biography of the Roman emperor Valens and his troubled reign AD 364-78 Valens will always be remembered for his spectacular defeat and death at the hands of the Goths in the Battle of Adrianople This singular misfortune won him a front row seat among history's great losers By the time he was killed his empire had been coming unglued for several years the Goths had overrun the Balkans Persians Isaurians and Saracens were threatening the east the economy was in disarray and pagans and Christians alike had been exiled tortured and executed in his religious persecutions Valens had not however entirely failed in his job as emperor He was an admirable administrator a committed defender of the frontiers and a ruler who showed remarkable sympathy for the needs of his subjects In lively style and rich detail Lenski incorporates a broad range of new material from archaeology to Gothic and Armenian sources in a study that illuminates the social cultural religious economic administrative and military complexities of Valens's realm *Failure of Empire* offers a nuanced reconsideration of Valens the man and shows both how he applied his strengths to meet the expectations of his world and how he ultimately failed in his efforts to match limited capacities to limitless demands

*A Companion to Roman Imperialism* Dexter Hoyos, 2012-11-09 *A Companion to Roman Imperialism* written by a distinguished body of scholars explores Rome's rise to empire and its vast historical impact on her subject peoples and equally momentous on the Romans themselves an impact still felt today

*Leading the Roman Army* Jonathan Mark Eaton, 2020-07-30 The Roman imperial army represented one of the main factors in the exercise of political control by the emperors The effective political management of the army was essential for maintaining the safety and well being of the empire as a whole This book analyses the means by which emperors controlled their soldiers and sustained their allegiance from the battle of Actium in 31 BC to the demise of the Severan dynasty in AD 235 Recent discoveries have revolutionized our understanding of the Roman army This study provides an up to date synthesis of a range of evidence from archaeological

epigraphic literary and numismatic sources on the relationship between the emperor and his soldiers It demonstrates that this relationship was of an intensely personal nature He was not only the commander in chief but also their patron and benefactor even after their discharge from military service Yet the management of the army was more complex than this emperor soldier relationship suggests An effective army requires an adequate military hierarchy to impose discipline and command the troops on a daily basis This was of particular relevance for the imperial army which was mainly dispersed along the frontiers of the empire effectively in a series of separate armies The emperor needed to ensure the loyalty of his officers by building mutually beneficial relationships with them In this way the imperial army became a complex network of interlocking ties of loyalty which protected the emperor from military subversion      *Mapping Gender in Ancient Religious Discourses* Todd C. Penner, Caroline Vander Stichele, 2007 A collection of essays on early Christian Jewish and Greco Roman religious discourses in antiquity focusing on the construction of gender in relationship to broader cultural and religious themes argumentation and identity formation in the early centuries of the common era      **An Introduction to the Roman Military** Conor Whately, 2020-07-29 Follows the military lives of three soldiers across the Roman world providing interesting historical insight into the Roman military from the late republic to the end of antiquity in the west This book introduces readers to three historical Roman soldiers Titus Pullo from the late republic Aurelius Polion from the high imperial era and Flavius Aemilianus from late antiquity The three men inspire the themes and chronological organization of the text Drawing on a wide and diverse body of evidence the author charts their lives from enlistment to death or retirement allowing students to envision the life of a Roman soldier who is on duty or experiencing adventures across the Roman world An Introduction to the Roman Military From Marius 100 BCE to Theodosius II 450 CE starts with a historical overview before introducing readers to the Roman soldier It covers such things as the military hierarchy soldierly origins recruitment and training and the soldier s appearance and identity The next section looks at the Roman military during war its environment strategies campaigns and enemies Their existence during times of peace follows that and focuses on how soldiers celebrated victory mourned defeat and readjusted to civilian life after a war The book also features a timeline for readers to follow as well as two glossaries one filled with Roman military terms and the other with important names and events Authentically captures the experiences of Roman soldiers Educates undergraduate or graduate students on Roman military history Describes Roman soldiers based on legal epigraphic and archaeological evidence Emphasizes the human side of the Roman military Moves through three Roman historical periods the late republic high imperial and late antiquity An Introduction to the Roman Military is an engaging choice as a text for specific courses on the Roman military or army It is also suitable for more general courses covering ancient warfare In addition to university students researchers and history enthusiasts will have the opportunity to follow the military lives of three Roman soldiers with this unique book

As recognized, adventure as skillfully as experience more or less lesson, amusement, as competently as promise can be gotten by just checking out a books **Rome And The Enemy Imperial Strategy In The Principate** plus it is not directly done, you could receive even more around this life, on the world.

### **Rome And The Enemy Imperial Strategy In The Principate Introduction**

Rome And The Enemy Imperial Strategy In The Principate Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Rome And The Enemy Imperial Strategy In The Principate Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Rome And The Enemy Imperial Strategy In The Principate : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Rome And The Enemy Imperial Strategy In The Principate : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Rome And The Enemy Imperial Strategy In The Principate Offers a diverse range of free eBooks across various genres. Rome And The Enemy Imperial Strategy In The Principate Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Rome And The Enemy Imperial Strategy In The Principate Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Rome And The Enemy Imperial Strategy In The Principate, especially related to Rome And The Enemy Imperial Strategy In The Principate, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Rome And The Enemy Imperial Strategy In The Principate, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Rome And The Enemy Imperial Strategy In The Principate books or magazines might include. Look for these in online stores or libraries. Remember that while Rome And The Enemy Imperial Strategy In The Principate, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Rome And The Enemy Imperial Strategy In The Principate eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors

provide excerpts or short stories for free on their websites. While this might not be the Rome And The Enemy Imperial Strategy In The Principate full book, it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Rome And The Enemy Imperial Strategy In The Principate eBooks, including some popular titles.

## **FAQs About Rome And The Enemy Imperial Strategy In The Principate Books**

**What is a Rome And The Enemy Imperial Strategy In The Principate PDF?** A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Rome And The Enemy Imperial Strategy In The Principate PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Rome And The Enemy Imperial Strategy In The Principate PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Rome And The Enemy Imperial Strategy In The Principate PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Rome And The Enemy Imperial Strategy In The Principate PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these

restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
