ROME Marcelo José da Silva de Magalhães, 2020-06-01 Giant and imposing they may be the best adjectives to describe the fantastic Colosseum Up close you can feel the energy of that place and transport yourself to another time when that amphitheater still in operation received thousands of Romans on weekends to watch the playful activities that took place in its arena Many emperors walked the corridors of that building and many slaves gladiators and wildlife died in the arena in bygone ages A symbol of pride for Italians and humanity the Colosseum has a curious and dense history that begins even before its construction in the days of Emperor Nero I invite you to immerse yourself in this rich history and travel with me to this wonder of ancient times that is still alive and powerful in the heart of Rome This book features dozens of photographs of this ancient building with details of its internal and external structures as well as explanatory texts with clear and objective language about curiosities and historical facts The book still has many photographs and information about two buildings adjacent to the Colosseum the Arch of Constantine and Temple of Venus and Rome which are also ancient buildings that deserve to be presented to you dear reader I hope after reading this book you will feel part of the vibrant energy of that place and realize that this wonder of ancient times is among the most visited man made monuments on the planet

**Perspectives on Public Space in Rome, from Antiquity to the Present Day** Jan Gadeyne, 2016-04-22 This volume provides readers interested in urban history with a collection of essays on the evolution of public space in that paradigmatic western city which is Rome Scholars specialized in different historical periods contributed chapters in order to find common themes which weave their way through one of the most complex urban histories of western civilization Divided into five chronological sections Antiquity Middle Ages Renaissance Baroque Modern and Contemporary the volume opens with the issue of how public space was defined in classical Roman law and how ancient city managers organized the maintenance of these spaces before moving on to explore how this legacy was redefined and reinterpreted during the Middle Ages The third group of essays examines how the imposition of papal order on feuding families during the Renaissance helped introduce a new urban plan which could satisfy both functional and symbolic needs The fourth section shows how modern Rome continued to express strong interest in the control and management of public space the definition of which was necessarily selective in this vastly extensive city The collection ends with an essay on the contemporary debate for revitalizing Rome s eastern periphery Through this long term chronological approach the volume offers a truly unique insight into the urban development of one of Europe s most important cities and concludes with a discuss of the challenges public space faces today after having served for so many centuries as a driving force in urban history

*Human Rights in Development: Yearbook 1999/2000 the Millennium Edition* Hugo Stokke, Arne Tostensen, 2001-03-01 The twelfth in the series of yearbooks on Human Rights in Development the current millennium edition attempts to take stock of developments in the human rights arena since the Universal Declaration was adopted over half a century ago The introductory overview article chronicles

developments within the human rights field to date and sets the stage for a future scenario by looking at the respective roles of governments and the business community in respecting protecting and fulfilling human rights An article on the World Trade Organisation follows the challenges posed by international trade in a human rights perspective The appropriateness of so called smart sanctions as a means of bolstering human rights is discussed in a third contribution A fourth highlights the gender dimensions of the statute of the new international criminal court The challenge of accommodating diversity and the rights of indigenous peoples in the new political dispensation of Guatemala is assessed in a fifth essay whereas affirmative action policies within the context of Malaysia are examined in a sixth one The difficulties inherent in designing managing and evaluating aid programmes for human rights and democracy purposes is the theme of the penultimate contribution whereas the final article considers the use of research in designing aid projects in the judicial system of Nepal The Yearbook on Human Rights in Development is a joint project of European and Canadian research institutes and centres on human rights the Chr Michelsen Institute Bergen the Danish Centre for Human Rights Copenhagen the Icelandic Human Rights Centre Reykjavik the Ludwig Boltzman Institute of Human Rights Vienna the International Centre for Human Rights and Democratic Development Montreal the Netherlands Institute of Human Rights Utrecht the Norwegian Institute of Human Rights Oslo and the Raoul Wallenberg Institute of Human Rights and Humanitarian Law Lund The Yearbook is geared to a broad readership including government agencies donors embassies the mass media non governmental organisations the academic community and the interested public at large

**Early Medieval Rome and the Christian West**, 2021-10-01 This illustrated book is a coherently conceived collection of interdisciplinary essays by distinguished authors on the city of Rome and its contacts with western Christendom in the early Middle Ages c 500 1000 AD The first part integrates historical archaeological numismatic and art historical approaches to studying the transition of the city of Rome from Antiquity to the Middle Ages and offers groundbreaking new analyses of selected sites and problems Attention is given to the economic social religious and cultural history of the city In the second part of the volume historical archaeological liturgical and palaeographical approaches address Rome s contacts and influence in Latin Christendom in this period with particular regard to Rome s place within Italian politics and its cultural influence in Carolingian Francia and Anglo Saxon England

**Rome and its Empire, AD 193-284** Olivier Hekster, 2008-07-03 This was a time of civil war anarchy intrigue and assassination Between 193 and 284 the Roman Empire knew more than twenty five emperors and an equal number of usurpers All of them had some measure of success several of them often ruling different parts of the Empire at the same time Rome s traditional political institutions slid into vacuity and armies became the Empire s most powerful institutions proclaiming their own imperial champions and deposing those they held to be incompetent Yet despite widespread contemporary dismay at such weak government this period was also one in which the boundaries of the Empire remained fairly stable the rights and privileges of Roman citizenship were extended equally to all free citizens of the Empire in several

regions the economy remained robust in the face of rampant inflation and literary culture philosophy and legal theory flourished Historians have been discussing how and why this could have been for centuries Olivier Hekster takes you to th

*The Rome of Pope Paschal I* Caroline Goodson,2010-06-03 A exploration of Paschal I s building campaign that illuminates the relationship between the material world and political power in medieval Rome **The Turned Card** Desmond O'Grady,1995 Thoroughly topical and meticulously researched The Turned Card presents a full account of the impact of Christianity on the communist world during the years leading to its collapse The book explores the important role played by Christians in the period of moral and political confusion that followed **The Roman Empire in Crisis, 248-260** Paul N. Pearson,2022-05-05 A clear brisk writer Pearson is also quite thorough taking a holistic attitude to the many facets of a confused turbulent period NYMAS Review This book is a narrative history of a dozen years of turmoil that begins with Rome s millennium celebrations of 248 CE and ends with the capture of the emperor Valerian by the Persians in 260 It was a period of almost unrelenting disaster for Rome involving a series of civil wars several major invasions by Goths and Persians economic crisis and an empire wide pandemic the plague of Cyprian There was also sustained persecution of the Christians A central theme of the book is that this was a period of moral and spiritual crisis in which the traditional state religion suffered greatly in prestige paving the way for the eventual triumph of Christianity The sensational recent discovery of extensive fragments of the lost Scythica of Dexippus sheds much new light on the Gothic Wars of the period The author has used this new evidence in combination with in depth investigations in the field to develop a revised account of events surrounding the great Battle of Abritus in which the army of the emperor Decius was annihilated by Cniva s Goths **The Roman Empire in Crisis 248-260** sheds new light on a period that is pivotal for understanding the transition between Classical civilization and the period known as Late Antiquity Augustine and the Trinity Lewis Ayres,2010-11-11 Augustine of Hippo 354-430 strongly influenced western theology but he has often been accused of over emphasizing the unity of God to the detriment of the Trinity In *Augustine and the Trinity* Lewis Ayres offers a new treatment of this important figure demonstrating how Augustine s writings offer one of the most sophisticated early theologies of the Trinity developed after the Council of Nicaea 325 Building on recent research Ayres argues that Augustine was influenced by a wide variety of earlier Latin Christian traditions which stressed the irreducibility of Father Son and Spirit Augustine combines these traditions with material from non Christian Neoplatonists in a very personal synthesis Ayres also argues that Augustine shaped a powerful account of Christian ascent toward understanding of as well as participation in the divine life one that begins in faith and models itself on Christ s humility *An Oblique Approach* David Drake,Eric Flint,1998-03-01 **ALIEN MINDS BATTLE FOR BYZANTIUM** In northern India the Malwa have created an empire of unexampled evil Guided or possessed by an intelligence from beyond time with new weapons old treachery and an implacable will to power the Malwa will sweep over the whole Earth Only three things stand between the Malwa and their plan of eternal domination the empire of Rome in the East Byzantium a crystal
