Familie, Staat und Gesellschaftsformation / Family, State and the Formation of Society Joachim Herrmann, Jens Köhn, 2022-08-01 No detailed description available for Familie Staat und Gesellschaftsformation Family State and the Formation of Society

Hispaniae J. S. Richardson, John S. Richardson, 2004-07-08 This book traces the beginnings and the first 140 years of the Roman presence in Spain showing how what began as a purely military commitment developed in addition into a range of civilian activities including taxation jurisdiction and the founding of both Roman and native settlements The author uses literary sources the results of recent and earlier archaeology numismatics and epigraphic material to reveal the way in which patterns of administration were created especially under the direction of the military commanders sent from Rome to the two Spanish provinciae This is of major importance for understanding the way in which Roman power spread during this period not only in Spain but throughout the Mediterranean world

Death and Renewal: Volume 2 Keith Hopkins, 1983 This is a book for Roman historians which will also be of interest to sociologists

The Growth of Papal Government in the Middle Ages Walter Ullmann, 2013-04-15 This book reveals how the medieval papacy grew from modest beginnings into an impressive institution in the Middle Ages and deals with a wide field It charts the history of the papacy and its relations to East and West from the 4th to the 12th centuries embraces such varied subjects as law finance diplomacy liturgy and theology The development of medieval symbolism is also discussed as are the view of eminent political scientists of the period This re issues reprints the revised 3rd edition of 1970

The Consul at Rome Francisco Pina Polo, 2011-02-24 In modern times there have been studies of the Roman Republican institutions as a whole as well as in depth analyses of the senate the popular assemblies the tribunate of the plebs the aedileship the praetorship and the censorship However the consulship the highest magistracy of the Roman Republic has not received the same attention from scholars The purpose of this book is to analyse the tasks that consuls performed in the civil sphere during their term of office between the years 367 and 50 BC using the preserved ancient sources as its basis In short

it is a study of the consuls at work both within and outside the city of Rome in such varied fields as religion diplomacy legislation jurisdiction colonisation elections and day to day politics Clearly and accessibly written it will provide an indispensable reference work for all scholars and students of the history of the Roman Republic Politics in the Roman Republic: Perspectives from Niebuhr to Gelzer Cary Michael Barber, 2022-09-19 B G Niebuhr the founder of modern history exerts an enduring influence even in death Goethe once claimed Niebuhr still walks around and works Today Niebuhr is a humbler phantom rarely invoked and largely forgotten Similar fates await the shades of Theodor Mommsen Friedrich M nzer and Matthias Gelzer Yet each demands reconsideration and revitalization Their texts remain foundational constituting the conceptual and methodological core of Republican political studies Politics in the Roman Republic re presents the first critical comprehensive Anglophone survey of these scholars influence Its innovative reassessments dispel deep seated misconceptions and emphasize relevance The work s unique re interpretations render it essential reading for any student of Rome specialist and non specialist alike *The Alternative Augustan Age* Josiah Osgood, Kit Morrell, Kathryn Welch, 2019-09-02 The princeps Augustus 63 BCE 14 CE recognized as the first of the Roman emperors looms large in the teaching and writing of Roman history Major political literary and artistic developments alike are attributed to him This book deliberately and provocatively shifts the focus off Augustus while still looking at events of his time Contributors uncover the perspectives and contributions of a range of individuals other than the princeps Not all thought they were living in the Augustan Age Not all took their cues from Augustus In their self display or ideas for reform some anticipated Augustus Others found ways to oppose him that also helped to shape the future of their community The volume challenges the very idea of an Augustan Age by breaking down traditional turning points and showing the continuous experimentation and development of these years to be in continuity with earlier Roman culture In showcasing absences of Augustus and giving other figures their due the papers here make a seemingly familiar period startlingly new **The Governance of ROME** K. Loewenstein, 2012-12-06 Next to the Bible Shakespeare the French revolution and Napoleon ancient Rome is one of the most plowed through fields of historical experience One of the truly great periods of history Rome over the centuries deservedly has attracted the passionate attention of historians philologists and more recently archeologists Since Roman law constituted the source of the legal life of most of Western Europe the legal profession had a legitimate interest Veritable libraries have been built around the history of Rome In the past confmed mostly to Italian German and French scholars the fascination with things Roman by now has spread to other civilized nations in cluding the Anglo Saxon Among the contributors to our knowledge of ancient Rome are some of the great minds in history and law Our bibliography selective as neces sarily it has to be records outstanding generalists as well as some of the numerous specialists that were helpful for our undertaking Why then another study of the Roman political civilization and one that at least measured by volume and effort is not altogether insubstantial And why has to be added one presented by an author who whatever his reputation in other fields ostensibly is

an outsider of the classical discipline These are legitimate questions that should be honestly answered By training and avocation the author is a constitutional lawyer or rather a political scientist primarily interested in the operation of governmental institutions

People, Land, and Politics Luuk de Ligt, S. J. Northwood, 2008 Recent research has called into question the orthodox view that the last two centuries of the Roman Republic witnessed a decline of the free rural population Yet the implications of the alternative reconstructions of Italy's demographic history that have been proposed have never been explored systematically This volume offers a series of in depth discussions not only of the republican manpower and census figures but also of the abundant archaeological data It also explores the growth of cities especially Rome and the changing distribution of the population over the Italian landscape On the rural side it addresses the interplay between demographic economic and legal developments and the background to the Gracchan land reforms Finally it examines the political implications of demographic growth and large scale migration to the provinces The volume as a whole demonstrates that demography is the key to many aspects of Italy's economic social military and political history

Five Legal Revolutions Since the 17th Century Jean-Louis Halpérin, 2014-07-22 This book presents an analysis of global legal history in Modern times questioning the effect of political revolutions since the 17th century on the legal field Readers will discover a non linear approach to legal history as this work investigates the ways in which law is created These chapters look at factors in legal revolution such as the role of agents the policy of applying and publicising legal norms codification and the orientations of legal writing and there is a focus on the publicization of law The author uses Herbert Hart's schemes to conceive law as a human artefact or convention being the union between primary rules of obligations and secondary rules conferring powers Here we learn about those secondary rules and the legal construction of the Modern state and we question the extent to which codification and law reporting were likely to revolutionize the legal field These chapters examine the hypothesis of a legal revolution that could have concerned many countries in modern times To begin with the book considers the legal aspect of the construction of Modern States in the 17th and 18th centuries It goes on to examine the consequences of the codification movement as a legal revolution before looking at the so called constitutional revolution linked with the extension of judicial review in many countries after World War II Finally the book enquires into the construction of an EU legal order and international law In each of these chapters the author measures the scope of the change how the secondary rules are concerned the role of the professional lawyers and what are the characters of the new configuration of the legal field This book provokes new debates in legal philosophy about the rule of change and will be of particular interest to researchers in the fields of law theories of law legal history philosophy of law and historians more broadly

Paul's Early Period Rainer Riesner, 1998 This monumental work by German scholar Rainer Riesner examines both biblical and extra biblical sources to establish the chronology of Paul's early ministry and also illumines our understanding of his work by portraying him in his cultural context

Encyclopedia of the History of Classical

Archaeology Nancy Thomson de Grummond, 2015-05-11 With 1 125 entries and 170 contributors this is the first encyclopedia on the history of classical archaeology. It focuses on Greek and Roman material but also covers the prehistoric and semi-historical cultures of the Bronze Age Aegean, the Etruscans, and manifestations of Greek and Roman culture in Europe and Asia Minor. The *Encyclopedia of the History of Classical Archaeology* includes entries on individuals whose activities influenced the knowledge of sites and monuments in their own time, articles on famous monuments and sites as seen, changed, and interpreted through time, and entries on major works of art excavated from the Renaissance to the present day as well as works known in the Middle Ages. As the definitive source on a comparatively new discipline, the history of archaeology, these finely illustrated volumes will be useful to students and scholars in archaeology, the classics, history, topography, and art and architectural history.

The Cavalry of the Roman Republic Jeremiah B. McCall, 2005-06-29 In this original and revealing work, Jeremiah B. McCall challenges the generally accepted view of the Roman cavalry and explores the fundamental connections between war and society in republican Rome c. 300-100 BC. McCall describes the citizen cavalry's equipment, tactics, and motivation in battle and argues for its effectiveness in the field. This success is proof that it cannot finally have been disbanded for purely military reasons; he shows that victories in the law courts and lavish displays of wealth came to supersede cavalry service as a way of building the reputations of the Roman elite. The clear structure and fresh approach of the book, combining insights from both Roman military and social history, will be useful to readers at all levels of study.

The Inhumanity of Right Christos Yannaras, 2022-01-01 Christos Yannaras' pioneering critique of the concept of the right of the individual is presented in English for the first time. This central aspect of political theory since Hegel's *Philosophy of Right* summarizes the philosophical and cultural identity of the paradigm of modernity, but the philosophical assumptions underlying the concept of right have not hitherto been subject to scrutiny. Yannaras shows that the starting point of the concept of right is a phenomenalist naturalism which presupposes an abstract concept of the human subject as a fundamentally undifferentiated natural individual. The question is also explored of how the priority accorded to this concept of right is related to the contemporary crisis of the modern politico-social paradigm, while a new preface from the translator underlines the continued significance of Yannaras' proposal for Anglophone readers. Against the modern concept of right with its illusion of objectivity, *The Inhumanity of Right* sketches out the basic lines of a political theory that prioritizes new social needs that reflect the relational character of the human person. *Harvard Studies in Classical Philology*, 1890

Der Beauftragte als Rechtsfigur. Wibke Werner, 2024-07-02 Beauftragte finden sich sowohl in gesetzlich geregelten als auch zunehmend in gesetzessfreien Bereichen. In dieser Untersuchung werden die historische Entwicklung und die charakteristischen Merkmale der Bundesbeauftragten und der Beauftragten der Bundesregierung analysiert. Dabei stehen auch die Probleme, die mit dem Einsatz von Beauftragten für den demokratischen Rechtsstaat verbunden sind, im Fokus. Die meisten Beauftragten können durch ihre Informationstätigkeit lediglich faktisch das Geschehen

im Staat beeinflussen Es wird empfohlen einerseits die Anzahl der Beauftragten zu begrenzen und andererseits besonders bedeutende Beauftragte mit mehr Befugnissen auszustatten Eine solche Aufwertung macht eine gesetzliche Regelung der Tätigkeit der Beauftragten erforderlich Eine verfassungsrechtliche Normierung ist nur bei Beauftragten mit herausragender Bedeutung anzustreben Als solche sind der Beauftragte gegen Antisemitismus und der Datenschutzbeauftragte hervorzuheben

Constitutional and Political Theory Ernst-Wolfgang Böckenförde, 2017-02-16 Ernst Wolfgang Böckenförde b. 1930 d. 2019 is one of Europe's foremost legal scholars and political thinkers As a scholar of constitutional law and a judge on Germany's Federal Constitutional Court December 1983 May 1996 Böckenförde has been a major contributor to contemporary debates in legal and political theory to the conceptual framework of the modern state and its presuppositions and to contested political issues such as the rights of the enemies of the state the constitutional status of the state of emergency citizenship rights and challenges of European integration His writings have shaped not only academic but also wider public debates from the 1950s to the present to an extent that few European scholars can match As a federal constitutional judge and thus holder of one of the most important and most trusted public offices Böckenförde has influenced the way in which academics and citizens think about law and politics During his tenure as a member of the Second Senate of the Federal Constitutional Court several path breaking decisions for the Federal Republic of Germany were handed down including decisions pertaining to the deployment of missiles the law on political parties the regulation of abortion and the process of European integration In the first representative edition in English of Böckenförde's writings this volume brings together his essays on constitutional and political theory The volume is organized in four sections focusing respectively on I the political theory of the state II constitutional theory III constitutional norms and fundamental rights and IV the relation between state citizenship and political autonomy Each of these feature introductions to the articles as well as a running editorial commentary to the work A second volume will follow this collection focusing on the relation between religion law and democracy A companion volume entitled *Religion Law and Democracy* is also being published

Zur Normativität und Struktur der Verfassungsverhältnisse in der späteren römischen Kaiserzeit Christian Gizewski, 1988

Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Romischer Staat Und Staatsgedanke full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Romischer Staat Und Staatsgedanke eBooks, including some popular titles.

FAQs About Romischer Staat Und Staatsgedanke Books

What is a Romischer Staat Und Staatsgedanke PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system

used to view or print it. **How do I create a Romischer Staat Und Staatsgedanke PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF.

How do I edit a Romischer Staat Und Staatsgedanke PDF? Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Romischer Staat Und Staatsgedanke PDF to another file**

format? There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a**

Romischer Staat Und Staatsgedanke PDF? Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
