Rommel Gunner Who A Confrontation In The Desert:

'Rommel?' 'Gunner Who?' Spike Milligan, 2012-12-13 VOLUME TWO OF SPIKE MILLIGAN'S LEGENDARY MEMOIRS IS A HILARIOUS SUBVERSIVE FIRST HAND ACCOUNT OF WW2 Brilliant verbal pyrotechnics throwaway lines and marvelous anecdotes Daily Mail Desperately funny vivid vulgar Sunday Times _____ Keep talking Milligan I think I can get you out on Mental Grounds That's how I got in sir Didn't we all The second volume of Spike Milligan's legendary recollections of life as a gunner in World War Two sees our hero into battle in North Africa eventually First there is important preparation to be done extensive periods of loitering We had been standing by vehicles for an hour and nothing had happened but it happened frequently psychological toughening If a man dies when you hang him keep hanging him until he gets used to it and living dangerously no underwear At last the battle for Tunis is upon them _____ The most irreverent hilarious book about the war that I have ever read Sunday Express Milligan is the Great God to all of us John Cleese The Godfather of Alternative Comedy Eddie Izzard A totally original comedy writer Michael Palin Close in stature to Lewis Carroll and Edward Lear in his command of the profound art of nonsense Guardian **War Biography** Spike Milligan, 1974 Rommel Gunner Who Spike Milligan, 1999-11 **Operation Crusader and the Desert War in British History and Memory** Alexander Joffe, 2020-09-03 Shortlisted for the 2021 Society for Army Historical Research's Templer Medal Operation Crusader launched in November 1941 was the third and final British attempt to relieve the siege of Tobruk and break the German and Italian forces in North Africa After tough initial fighting the British made important gains only to be countered by a stunning breakthrough overseen personally by Lt General Erwin Rommel As the British situation teetered the commander of the 8th Army Lt General Alan Cunningham was relieved of duty by his superior General Claude Auchinleck This decision changed the direction of the battle and perhaps the war itself Why and how Cunningham was relieved has been the subject of commentary and speculation since it occurred Using newly discovered evidence Alexander Joffe rethinks the events that brought about the sudden relief of the operation's commanding officer including insubordination The book then discusses how narratives regarding the operation were created were incorporated into British and Commonwealth official and unofficial historical writing about the war and contributed to British historical memory Based on a decade of archival work the book presents a new and detailed analysis of a consequential battle and importantly of how its history was written and received in the context of post war Britain Great Military Leaders William T. Worthington, 2002 Great Military Leaders A Bibliography with Vignettes **The War in North Africa, 1940-1943** Colin F. Baxter, 1996-03-30 Few of the major campaigns of World War II aroused as much controversy as the War in North Africa 1940-1943 Figures such as Rommel Montgomery and Eisenhower would become world famous because of the fighting in North Africa This book opens with seven historiographical essays that evaluate and critically assess the major contributions to the literature on the War in North Africa It then includes an alphabetically arranged bibliography of the 504 entries cited in the essays The material is easily accessible with cross

references between the text and the bibliography and a full index The volume includes chapters on the Desert War 1940-42 the Axis Powers in North Africa Montgomery Alam Halfa and El Alamein TORCH the Landings in French North Africa and the Tunisian Campaign Full attention is given to questions and issues historians have raised on such controversies as the Auchinleck Montgomery dispute the debate over Operation TORCH and the Darlan affair Emphasis is on English language works but the most significant Italian German and French works are cited and assessed The book has been written for use in public college university and institutional libraries and to serve general readers and military historians *The Sahara* Eamonn Gearon, 2011-10-19 The Sahara is the quintessence of isolation epitomizing both remoteness and severity of environment unlike any other place on the face of the earth Replete with myths and fictions it is a wild land dotted with oases and camel trains trudging through sand dunes that roll like the waves on a sea as far as the distant horizon But this is just part of the picture The largest desert in the world the Sahara ranges from the river Nile running through Egypt and Sudan in the east to the Atlantic coast from Morocco to Mauritania in the west stretching from the Atlas Mountains and the shores of the Mediterranean in the north to the fluid Sahelian fringe that delineates the desert in the south Invaders and traders have come and gone for millennia but the Sahara is also the place that some people call home While larger than the United States this vast area contains only three million people Africans and Arabs Berber and Bedu Tuareg and Tebu Eamonn Gearon explores the history culture and terrain of a place whose name is familiar to all but known to few **The Path to Victory** Douglas Porch, 2005-06-22 From the Publisher The Mediterranean theater in World War II has long been overlooked by those who believe it was little more than a string of small scale battles sideshows that were of minor importance in a war whose outcome was decided in the clashes of mammoth tank armies in northern Europe But in this groundbreaking new book one of our finest military historians argues that the Mediterranean was in fact World War II's pivotal theater In *The Path to Victory* Porch examines the Mediterranean as an integrated arena one in which events in Syria and Suez influenced the survival of Gibraltar Churchill's controversial decision in 1940 to contest the Axis in the Mediterranean followed by Roosevelt's insistence two years later that his service chiefs undergo a Mediterranean initiation laid the foundation for Allied victory in Europe Although conventional wisdom argues that Hitler could not have won World War II in the Mediterranean Porch believes that the Allies might well have lost had they not elected to fight there Decisions made in this theater matured the Western Alliance seriously damaged and dispersed the formidable Axis military machine and forged the combined Anglo American effort that was to be unstoppable when transferred to Northern Europe in June 1944 The Middle Sea constituted a strategic piece of a global war it was a passage that linked far flung theaters protected scarce Allied shipping became an essential conduit for lend lease aid to the USSR offered France a testing ground for its rehabilitation as a military power and provided an entry point into southern Germany for two Allied armies Without a Mediterranean alternative the Western Allies would probably have committed to a premature cross Channel invasion in 1943 that might well have cost them the war

Brilliantly argued and with vivid portraits of Churchill Montgomery FDR Rommel and Mussolini this original accessible and compelling account of a little known theater emphasizes the importance of the Mediterranean in the ultimate Allied victory in Europe during World War II

Reading Orientalism Daniel Martin Varisco,2017-04-11 The late Edward Said remains one of the most influential critics and public intellectuals of our time with lasting contributions to many disciplines Much of his reputation derives from the phenomenal multidisciplinary influence of his 1978 book *Orientalism* Said s seminal polemic analyzes novels travelogues and academic texts to argue that a dominant discourse of West over East has warped virtually all past European and American representation of the Near East But despite the book s wide acclaim no systematic critical survey of the rhetoric in Said s representation of Orientalism and the resulting impact on intellectual culture has appeared until today Drawing on the extensive discussion of Said s work in more than 600 bibliographic entries Daniel Martin Varisco has written an ambitious intellectual history of the debates that Said s work has sparked in several disciplines highlighting in particular its reception among Arab and European scholars While pointing out Said s tendency to essentialize and privilege certain texts at the expense of those that do not comfortably fit his theoretical framework Varisco analyzes the extensive commentary the book has engendered in Oriental studies literary and cultural studies feminist scholarship history political science and anthropology He employs critical satire to parody the exaggerated and pedantic aspects of post colonial discourse including Said s profound underappreciation of the role of irony and reform in many of the texts he cites The end result is a companion volume to *Orientalism* and the vast research it inspired Rather than contribute to dueling essentialisms Varisco provides a

path to move beyond the binary of East versus West and the polemics of blame Reading Orientalism is the most comprehensive survey of Said s writing and thinking to date It will be of strong interest to scholars of Middle East studies anthropology history cultural studies post colonial studies and literary studies *Play Among Books* Miro Roman,Alice_ch3n81,2021-12-06 How does coding change the way we think about architecture This question opens up an important research perspective In this book Miro Roman and his AI Alice_ch3n81 develop a playful scenario in which they propose coding as the new literacy of information They convey knowledge in the form of a project model that links the fields of architecture and information through two interwoven narrative strands in an infinite flow of real books Focusing on the intersection of information technology and architectural formulation the authors create an evolving intellectual reflection on digital architecture and computer science The British National Bibliography Arthur James Wells,1974 **British Book News** ,1975 **Bookseller and the Stationery Trades' Journal** ,1974 **Subject Catalog** Library of Congress,1976
