Room Enough And Time:

Room Enough and Time E. R. Barnes, 2008-09-01 Lor Linden presents the musketeers with another challenge Without warning the Seniors on Outer Space Station had been faced with the serious problem of housing and teaching and protecting children who were too young for their school For a dozen years the accidentally begun experiment had blossomed and grown The venture did not come to an end with the successful conclusion of their University education The classmates were presented with one more challenge and another five years to be together to prove completely the results of trust and love freely given and freely returned Lor Linden is the conclusion of the experiment and the further adventures of Ian his friends and their families The companions would be isolated in preserved forest land far to the north of Ardrey where they would build homes family and a community

Worlds Enough and Time Gary Westfahl, George Slusser, David A. Leiby, 2002-06-30 With our lives firmly controlled by the steady pace of time humans have yearned for ways to escape its constraints and authors have responded with narratives about traveling far into the past or future reversing the flow of time or creating alternate universes where Napoleon was triumphant at Waterloo or the South won the Civil War Writers ranging from Dante and Lewis Carroll to Philip K Dick and Martin Amis have probed into the workings of time and an overwhelming desire to master time reverberates throughout popular culture This book considers how imaginative works involving time and time travel reflect ongoing scientific concerns and examine the human condition The scope of the volume is unusually wide covering such topics as Dante the major novels of the 19th century and stories and films of the 1990s The book concludes with a lengthy bibliography of short stories and novels films and television programs and nonfiction works that feature time travel or speculations about time With a roster of contributors that includes several of the field's major scholars this book offers many new insights into this fascinating subject
