much more No matter what your background or where you live today you can practice the Yoruba religion and create a deep spiritual connection with Olodumare When you choose to take this path you allow yourself to be protected and guided by spirits and orishas After reading Yoruba Spirituality for Beginners you ll achieve new confidence in your understanding and practice and in your spiritual connection with Olodumare Take the leap into a powerful ancient doctrine Scroll up and choose Yoruba Spirituality for Beginners today Delivering the Captives Alice Smith,2006-11-01 Keys to Overcoming the Enemy Christian do you suffer from an unbridled temper overpowering sinful habits overwhelming sadness or any number of other spiritually defeating issues Are you seemingly unable to establish and maintain positive meaningful relationships with others Counselor or Pastor do you sometimes wonder why you have such limited authority over evil spirits and why after evicting them one week the same spirits show up again the next week In Delivering the Captives Alice Smith draws on her thirty five years of deliverance ministry around the world to expose some of Satan s slickest strategies She explains how he deceives us into building spiritual strongholds in our own lives through willful sin so his demons can operate develop into strongmen and access levels of dominion over us Let Alice show you how to detect and defeat strongmen and precisely why Jesus said we must bind the strongmen before we dismantle their strongholds and permanently dismiss them Here are your guidelines including Alice s much sought after list of Apparent Demonic Groupings which reveals how demons work together Here are your biblical tools including prayers proclamations and pronouncements to renounce evil spirits and remove them from your life and from the lives of others **Root and Fruit** Gary Meaders,2025-06-19 This book examines several aspects of genealogy as it relates to both natural and spiritual relationships It looks at Jesus s two genealogies recorded in the Gospels of Matthew and Luke delineating respectively his royal and priestly lineages It also examines the vital importance that genealogies played in the Israelite nation and religion Within these lineages provided the necessary resources to confirm or deny one s ability to serve as a Levite or descendant of Aaron It differentiates between vain and valid genealogies and their impact upon people s understanding of their own family histories Approximately two hundred sources were reviewed and excerpted as supporting elements They are conspicuously noted perhaps slowing down the flow of the study s narrative However the nature of the call for this work was to restore silent voices those that though long gone are members of the Great Cloud of Witnesses through their lifetimes ministries and character witness This study will acquaint readers with substantial resources to fuel their personal and family genealogical and spiritual journey **Naturocracy** Shaupaun Koumar,2023-01-16 The themes of Naturocracy could be interesting for a wider audience around the globe reading it requires no specialised academic background Not getting attached to anything or anyone is tremendously important in order to grasp the essence of the book Those who think rationally and who do not want their daily lives to be dictated by others may find it a valuable read This book is about religious brokers who deceive and control people in the name of God It raises many basic questions about the role of religio politicians who divide humankind in the name of religion to create disharmony

among peaceful people in a society Religion is a completely personal affair Nobody needs any religious traders to know what is right and what is wrong Each human being can understand the language of nature independently without explanation from any spoken human languages I have striven to unearth what makes people religious Those who do not even understand what a tiny creature like the humble bee is how can they define its creator I have always wondered about this If the creator of this mysterious universe had given any holy book for mankind to follow then he would have clarified the existing fragmentary or contradictory statements in it But how can preachers clarify and even correct the words of the Almighty How did they know the mind of God when they did not know about themselves Can there be any greater sinners than those who lie and commit crimes under the religious umbrella Against the evils of society there should be a nature inspired political platform for my motherland where people of all colours and creeds can live together in harmony without imposing their religious convictions on others Who is ruling a country is not so important for the ordinary people but how it is being ruled is of paramount importance The economic scale which measures the rich and poor countries of the world is inappropriate to measure the joy and sorrow of their people Common people all over the earth believe in living in true peace and happiness rather than with material comforts The more we interfere with nature the more we will suffer for it The root of this is the relentless desire for more pleasure and power We must respect and accept natural laws as we are not above the laws of nature In nature there is no such thing as rich or poor People in the financial economy are arbitrarily putting a monetary value on the natural economy which makes the natural economy unsustainable Once you have the picture in your mind s eye you will lucidly understand that the greatest damage being done to our planet today is being done by humans On no account must we work anymore against nature but together with it
