Roots Of Christian Festivals:

The Roots of Christian Festivals David Self, 2004 David Self outlines not the theology but the social folkloric and historic roots customs and development of the major Christian festivals as well as some religious traditional observances showing how the sacred and secular have often fed upon one another *Ancient Egyptian Roots of Christianity, Expanded 2nd Edition* Moustafa Gadalla, 2016-12-02 Egyptian roots of Christianity both historically and spiritually This book reveals the Ancient Egyptian roots of Christianity both historically and spiritually This Expanded Version of the book consists of three parts to coincide with the terms of trinity The first part demonstrates that the major biblical ancestors of the biblical Jesus are all Ancient Egyptian prominent characters The second part demonstrates that the accounts of the historical Jesus are based entirely on the life and death of the Egyptian Pharaoh Twt Tut Ankh Amen The third part demonstrates that the Jesus of Faith and the Christian tenets are all Egyptian in origin such as the essence of the teachings message the creation of the universe and man according to the Book of Genesis as well as the religious holidays The very thing that is now called the Christian religion was already in existence in Ancient Egypt long before the adoption of the New Testament The British Egyptologist Sir E A Wallis Budge wrote in his book *The Gods of the Egyptians* 1969 The new religion Christianity which was preached there by St Mark and his immediate followers in all essentials so closely resembled that which was the outcome of the worship of Osiris Isis and Horus The similarities noted by Budge and everyone who has compared the Egyptian Osiris Isis Horus allegory to the Gospel story are striking Both accounts are practically the same e g the supernatural conception the divine birth the struggles against the enemy in the wilderness and the resurrection from the dead to eternal life The main difference between the two versions is that the Gospel tale is considered historical and the Osiris Isis Horus cycle is an allegory The spiritual message of the Ancient Egyptian Osiris Isis Horus allegory and the Christian revelation is exactly the same The British scholar A N Wilson pointed out in his book *Jesus The Jesus of History and the Christ of Faith* are two separate beings with very different stories It is difficult enough to reconstruct the first and in the attempt we are likely to do irreparable harm to the second This book will demonstrate that the Jesus of History the Jesus of Faith and the tenets of Christianity are all Ancient Egyptian This will be done without causing any irreparable harm as per A N Wilson's concern for two main reasons Firstly the truth must be told Secondly explaining Christian tenets via their original Ancient Egyptian contexts will enhance the idealism of Christianity This Expanded Version of the book consists of three parts to coincide with the terms of trinity the Three that are Two that are One The first part demonstrates that the major biblical ancestors of the biblical Jesus are all Ancient Egyptian prominent individuals The second part demonstrates that the accounts of the historical Jesus are based entirely on the life and death of the Egyptian Pharaoh Twt Tut Ankh Amen The third part demonstrates that the Jesus of Faith and the Christian tenets are all Egyptian in origin such as the essence of the teachings message the creation of the universe and man according to the Book of Genesis as well as the religious holidays There is an undeniable

irony and a profound deep undeniable truth in Hosea's prophetic saying 'Out of Egypt have I called my Son' A deep irony indeed Let us open our minds and review the available evidence For the truth is a composite of different and complementary pieces of a puzzle Let us put the pieces in the right location time and order **Religious Festivals** Emma

The Jewish Pesach and the Origins of the Christian Easter Clemens Leonhard, 2012-02-14 The study assesses the main issues in the current debate about the early history of Pesach and Easter and provides new insights into the development of these two festivals The author argues that the prescriptions of Exodus 12 provide the celebration of the Pesach in Jerusalem with an etiological background in order to connect the pilgrim festival with the story of the Exodus The thesis that the Christian Easter evolved as a festival against a Jewish form of celebrating Pesach in the second century and that the development of Easter Sunday is dependent upon this custom is endorsed by the author's close study of relevant texts such as the Haggada of Pesach the Poem of the four nights in the Palestinian Targum Tradition the structure of the Easter vigil

The History of the Christian Church (Complete) Philip Schaff, 1886-01-01 As I appear before the public with a new edition of my Church History I feel more than ever the difficulty and responsibility of a task which is well worthy to occupy the whole time and strength of a long life and which carries in it its own rich reward The true historian of Christianity is yet to come But short as I have fallen of my own ideal I have done my best and shall rejoice if my efforts stimulate others to better and more enduring work History should be written from the original sources of friend and foe in the spirit of truth and love sine ira et studio with malice towards none and charity for all in clear fresh vigorous style under the guidance of the twin parables of the mustard seed and leaven as a book of life for instruction correction encouragement as the best exposition and vindication of Christianity The great and good Neander the father of Church History first an Israelite without guile hoping for the Messiah then a Platonist longing for the realization of his ideal of righteousness last a Christian in head and heart made such a history his life work but before reaching the Reformation he was interrupted by sickness and said to his faithful sister Hannchen I am weary let us go home good night And thus he fell

gently asleep like a child to awake in the land where all problems of history are solved When after a long interruption caused by a change of professional duties and literary labors I returned to the favorite studies of my youth I felt the necessity before continuing the History to more recent times of subjecting the first volume to a thorough revision in order to bring it up to the present state of investigation We live in a restless and stirring age of discovery criticism and reconstruction During the thirty years which have elapsed since the publication of my separate History of the Apostolic Church there has been an incessant activity in this field not only in Germany the great workshop of critical research but in all other Protestant countries Almost every inch of ground has been disputed and defended with a degree of learning acumen and skill such as were never spent before on the solution of historical problems
