Semper Fidelis:

Fairbairn's Book of Crests of the Families of Great Britain and Ireland James Fairbairn,1993 *Semper Fidelis* / ,1947 **Semper Fidelis** Allan Reed Millett,1991 Traces the history of the Marine Corps from the American Revolution to the present and reveals how the force has adapted to changing times **Merchant Vessels of the United States** ,1989 **Bulletin** ,1915 **Shadow of the Corps** James M. DuPont,2021-11-15 Dale Riley fresh out of law school joined the Marine Corps to be a hero As a JAG attorney he was out to save the world But when he takes on the wrong client a combat pilot accused of unlawfully bombing a village in northeastern Afghanistan his world quickly comes undone It s not enough for Dale to save his career Now he s fighting to save his life and the lives of his wife and son In the tradition of A Few Good Men nothing in James M DuPont s taut debut novel is at it seems and the line between guilt and innocence is as delicate and unpredictable as the line between life and death itself **The Sunny Side of Hell** S. P. Moran,2012-05 Whoever said life is a bowl of cherries was an idiot Life is a minefield strewn with disappointment and death a veritable hell on earth The only proper response I can think of is to laugh my way through it all Max Grimes The Sunny Side of Hell frolics through the minefield of life revealing in its blackly humorous tales the myriad ways humans attempt to navigate their way through the explosions of fate chance and happenstance From deadly juveniles and octogenarian rebels to pixilated spinsters and a boy who has lost his puppy these tales reveal the dark humor inherent in the human condition If life is a veritable hell on earth as Max Grimes claims then what better way to respond to it than by taking his advice and laughing through it all So read these tales keep laughing and stay on The Sunny Side of Hell Bonus content this edition only Professor s X s Famous Existential Quiz Should I Be **Facing Fearful Odds** Gregory J. W. Urwin,2002-06-01 Facing Fearful Odds is based on interviews and correspondence gathered from more than seventy of Wake s American defenders and on research in archival and printed sources The book covers the planning and political struggles that began Wake Island s transformation into a naval air station and submarine base the U S Navy s eleventh hour efforts to garrison and fortify Wake and the various air sea and land attacks that resulted in the atoll s capture by the Imperial Japanese Navy This study attempts to correct the myths that shroud what happened on the atoll from preface **Feeding Bone Meal to Range Cattle on the Coastal Plains of Texas** A. D. Jackson,Bonney Youngblood,Elbert Brunner Reynolds,George Stronach Fraps,H. Schmidt,Henry Jonathan Reinhard,Jacob Joseph Taubenhau, V. E. Hafner,1926 **The History of Marines Around the World** Adam Augustyn,2014-01-01 By combining both naval and terrestrial tactics marine forces have formed a key part of many armed forces in history and are notably often among the first to fight This thorough guide to the world s most prominent marine corps covers the use of amphibious assaults in the major conflicts of the last two centuries including the Napoleonic Wars both World Wars the Korean War the Falklands War and conflicts of the 21st century among others Photographs and sidebars help make this book as visually appealing as it is informative **The Marines, Counterinsurgency, and**

Strategic Culture Jeannie L. Johnson, 2018-05-01 The United States Marine Corps has a unique culture that ensures comradery exacting standards and readiness to be the first to every fight Yet even in a group that is known for innovation culture can push leaders to fall back on ingrained preferences Jeannie L Johnson takes a sympathetic but critical look at the Marine Corps s long experience with counterinsurgency warfare Which counterinsurgency lessons have been learned and retained for next time and which have been abandoned to history is a story of battlefield trial and error but also a story of cultural collisions The book begins with a fascinating and penetrating look inside the culture of the Marine Corps through research in primary sources including Marine oral histories and interviews with Marines Johnson explores what makes this branch of the military distinct their identity norms values and perceptual lens She then traces the history of the Marines counterinsurgency experience from the expeditionary missions of the early twentieth century through the Vietnam War and finally to the Iraq War Her findings break new ground in strategic culture by introducing a methodology that was pioneered in the intelligence community to forecast behavior Johnson shows that even a service as self aware and dedicated to innovation as the Marine Corps is constrained in the lessons learned process by its own internal predispositions by the wider US military culture and by national preferences Her findings challenge the conclusions of previous counterinsurgency scholarship that ignores culture This highly readable book reminds us of Sun Tzu s wisdom that to be successful in war it is important to know thyself as well as the enemy This is a must read for anyone interested in the Marines Corps counterinsurgency warfare military innovation or strategic culture
