 McAvoy,2019-06-03 Choice Outstanding Academic Title 2019 George Freedley Memorial Award Finalist 2020 Between the
 world wars several labor colleges sprouted up across the U S These schools funded by unions sought to provide members
 with adult education while also indoctrinating them into the cause As Mary McAvoy reveals a big part of that learning
 experience centered on the schools drama programs For the first time Rehearsing Revolutions shows how these left leaning
 drama programs prepared American workers for the on the ground activism emerging across the country In fact McAvoy
 argues these amateur stages served as training grounds for radical social activism in early twentieth century America Using
 a wealth of previously unpublished material such as director s reports course materials playscripts and reviews McAvoy
 traces the programs evolution from experimental teaching tool to radically politicized training that inspired overt even
 militant labor activism by the late 1930s All the while she keeps an eye on larger trends in public life connecting interwar
 labor drama to post war arts based activism in response to McCarthyism the Cold War and the Civil Rights movement
 Ultimately McAvoy asks What did labor drama do for the workers colleges and why did they pursue it She finds her answer
 through several different case studies in places like the Portland Labor College and the Highlander Folk School in Tennessee
