Alice's Erotic Journey Through the Looking-Glass Cherie Wilde, Humpty Dumpty's hands grasped the hem of Alice's dress lifting the fabric with deliberate slowness The cool air caressed her legs as the material rose higher past her knees past her thighs until her bottom was fully exposed to the open air She shivered not from cold but from the peculiar vulnerability of her position hands braced against the sun warmed wall skirts raised awaiting a punishment she could neither see nor predict It seemed the looking glass world was determined to reveal new sensations at every turn each more startling than the last Alice felt Humpty's presence shift behind her the air displacing slightly as he moved Then came a momentary stillness a pause pregnant with anticipation that made her breath catch in her throat When the first smack landed the sharp sound of palm against flesh cracked through the air like summer lightning followed an instant later by a sting that made Alice gasp aloud Oh The exclamation escaped her lips before she could contain it her body jerking forward against the wall The warmth of the bricks pressed against her palms a steadying presence as a curious heat bloomed across the right cheek of her bottom Alice's Erotic Journey Through the Looking Glass is a sensual reimagining of the classic story daringly transformed into a luscious tapestry of desire decadence and playful taboo A year after her unforgettable adventures in Wonderland 21 year old Alice once again finds herself stepping beyond the ordinary this time through the shimmering surface of a mirror into a world where every reflection holds temptation and every square of the great chessboard world promises a new lesson in pleasure Here the prim rules of Victorian decorum shatter into shards of silk and sin Alice finds herself in a garden of wickedly sensuous flowers among mirror born versions of herself who tease tempt and teach The worldly Walrus and Carpenter introduce her to forbidden pleasures while an amorous Knight rides with her into passion's rhythm She crosses paths with the mischievous Tweedledee and Tweedledum whose fierce rivalry turns into daringly intimate contests and with Humpty Dumpty whose stern discipline awakens aching delicious desire And waiting at journey's end is the sultry Red Queen poised to lead Alice into the ultimate surrender and reveal the full unbridled power of her passions Exquisitely erotic wickedly imaginative and unapologetically daring Alice's Erotic Journey Through the Looking Glass picks up where Alice's Erotic Adventures in Wonderland left off More than a sequel it's a sumptuous invitation to strip away inhibitions and surrender to a realm where fantasy temptation and forbidden pleasure rule supreme Dare to step through the looking glass with Alice Dare to never look back

Mirrors and Mirroring from Antiquity to the Early Modern Period Maria Gerolemou, Lilia Diamantopoulou, 2020-01-09 This volume examines mirrors and mirroring through a

series of multidisciplinary essays especially focusing on the intersection between technological and cultural dynamics of mirrors The international scholars brought together here explore critical questions around the mirror as artefact and the phenomenon of mirroring Beside the common visual registration of an action or inaction in a two dimensional and reversed form various types of mirrors often possess special abilities which can produce a distorted picture of reality serving in this way illusion and falsehood Part I looks at a selection of theory from ancient writers demonstrating the concern to explore these same questions in antiquity Part II considers the role reflections can play in forming ideas of gender and identity Beyond the everyday we see in Part III how oracular mirrors and magical mirrors reveal the invisible divine prosthetics that allow us to look where the eye cannot reach Finally Part IV considers mirrors roles in displaying the visible and invisible in antiquity and since

Flickers of Desire Jennifer M. Bean,2011-07-12 Today we are so accustomed to consuming the amplified lives of film stars that the origins of the phenomenon may seem inevitable in retrospect But the conjunction of the terms movie and star was inconceivable prior to the 1910s Flickers of Desire explores the emergence of this mass cultural phenomenon asking how and why a cinema that did not even run screen credits developed so quickly into a venue in which performers became the American film industry s most lucrative mode of product individuation Contributors chart the rise of American cinema s first galaxy of stars through a variety of archival sources newspaper columns popular journals fan magazines cartoons dolls postcards scrapbooks personal letters limericks and dances The iconic status of Charlie Chaplin s little tramp Mary Pickford s golden curls Pearl White s daring stunts or Sessue Hayakawa s expressionless mask reflect the wild diversity of a public s desired ideals while Theda Bara s seductive turn as the embodiment of feminine evil George Beban s performance as a sympathetic Italian immigrant or G M Anderson s creation of the heroic cowboy outlaw character transformed the fantasies that shaped American filmmaking and its vital role in society

Aesth-ethics Dror Pimentel,2025-02-07 The question of hospitality is the most pressing question in contemporary thought How can we host that which is utterly Other that which resists all conceptualization and thus disrupts the proper course of thought In the current book the discussion of hospitality is given a new conceptualization and extended to the field of aesthetics the event of hospitality does not occur in the face to face encounter with the other person as Emmanuel Levinas conceived of it but rather in the encounter with the work of art itself Writing about the event of hospitality as it is eventuated in art involves subverting the traditional precedence of theory over practice This subversion is also evident in the indifference to traditional distinctions such as those between poetry and visual art modern art and classical art international art and local art Moreover most of the artworks considered throughout are hybrid in character they are suspended in the space between the visual and the verbal whether they involve the verbal representation of a visual object as in Rilke s poem

Archaic Torso of Apollo or a visual representation of a verbal object as in Anselm Kiefer's work *Your Golden Hair* Margarete
The consideration of these and other works come together to give rise to a novel and original discourse on art that is termed
Aesth ethics and which is presented for the first time in this volume
