Separatism in North-East India Dr. Kunal Ghosh, 2008-01-01 It is a constant refrain from various political leaders that religion and politics should not be mixed together Notwithstanding this sloganeering what we find in real life is often quite opposite The author Kunal Ghosh connotes on two North East regions Tripura and the BAC Bodo Autonomous Council area in Assam where a mixture of religion and politics has produced an explosive situation If religion can be tied up with language and linguistics it would acquire a direct hold on nationality This book is intended for those readers particularly from North East India who are actively engaged to the motherland Readers will be compelled to think after reading this book

Ethnicity, Security, and Separatism in India Maya Chadda, 1997 A hallmark of Indian politics ethnic tension have escalated dramatically since the 1980s endangering India's unity as a sovereign democracy Although a succession of governments has attempted to resolve them these conflicts have weakened India's role as the dominant power in the region This work examines the connections between internal and external policy and explores the ways in which domestic tensions particularly arising from ethnic and sectarian heterogeneity shape India's role in the region The book studies movements in Punjab Kashmir and Tamil Nadu which escalated throughout the 1980s and influenced India's relations with Pakistan and Sri Lanka It argues that India does not seek hegemony in South Asia instead it acts to protect its nation building efforts from similar problems faced by neighbouring countries Paradoxically this goal requires India to intervene in neighbouring countries ethnic conflicts

Politics Of Separatism Dr. Nandini Basistha, 2022-01-09 This book tries to theorize the evolution of identity politics leading to separatist mentalities in India Constructed ideas of identity have been posing a threat to humanity in the name of separatism It is now one of the biggest threats to the Indian nation building process The Indian government has invested crores of rupees to secure the unity of India In spite of that many parts of India are now demanding separate statehood or sovereign nation state Demands vary according to the motif mode and magnitude But behind every demand for full or partial political autonomy there remains some unequal treatment which occurs in the eco socio political sphere and separatist movements often take place This Study revolves around two movements led by Rajbanshis and Gorkhas in the Northern part of West Bengal In the tiny and strategically important North Bengal region numerous movements are

ongoing for getting separate statehood some notables of which are Gorkhaland Kamtapur and Greater Cooch Bihar movements Why and how this area is facing this kind of activism is the main thrust of this study With statistical data and historical references the authenticity of the claim of marginalization tried to validate The question of Bengali hegemony and backwardness of North Bengal is also discussed elaborately This book thus can be an ideal reference copy for the social scientists as well as administrative officials working in on North Bengal Northeast India ethno regional separatist movements This book covers the hundred year history of movements of two important ethnic groups Rajbanshis and Gorkhas of India and touched three most crucial issues viz identity marginality and separatism **African American Political Thought:**
