September Dove:

September Dove Pat Calfee, 2005-10-28 September Dove a must read epic begins in 1949 on the Texas Mexican border Adhering to the times and with a fifties spin on morality and work ethics September Dove is heartwarming sad and humorous Written in a narrative style that is refreshing painfully honest and almost primal Gripping human experiences and bare naked emotions are artfully exposed An endearing storytelling triumph that includes seldom revealed but accurate history lessons from the wetback camps of the era to the authentic practices of a Central Texas working ranch Seen through the eyes of a young eccentric girl Farley Marie Sebastian this story has it all unforgettable characters a strong thought provoking plot adventure action and soul deep love You will bond with these people and you will laugh and cry Farley a dusky beauty is saddled with yet strengthened by her strict fundamental religious background Plagued by many suitors and due to a tragedy she comes to consider her beauty a sinful curse rather than a genetic blessing The author clearly has an amazing grasp of humanity and remarkable descriptive abilities The dreadful camp conditions and the brutal ranch practices are poignantly vivid Humor action and interesting people and settings offer genderless appeal Mourning Dove Nesting Paul H. Geissler, 1987 A nationwide state federal cooperative study was initiated in 1978 to examine the effects of September hunting on nesting mourning doves This study was designed to 1 determine the proportion of the annual total of dove nesting activity and production that occurs in September and October and 2 determine if survival rates of mourning dove eggs and nestlings are lower in zones where early September dove hunting is permitted than in zones where it is prohibited **The Status of Wildlife in the United States** United States.
