Serge Lifar A Lopera Defini Par Paul Val:

The Fascist Turn in the Dance of Serge Lifar Mark Franko, 2020-06-24 Ukrainian dancer and choreographer Serge Lifar 1905 86 is recognized both as the modernizer of French ballet in the twentieth century and as the keeper of the flame of the classical tradition upon which the glory of French ballet was founded Having migrated to France from Russia in 1923 to join Diaghilev's Ballets Russes Lifar was appointed star dancer and ballet director at the Paris Opéra in 1930 Despite being rather unpopular with the French press at the start of his appointment Lifar came to dominate the Parisian dance scene through his publications as well as his dancing and choreography until the end of the Second World War reaching the height of his fame under the German occupation of Paris 1940 44 Rumors of his collaborationism having remained inconclusive throughout the postwar era Lifar retired in 1958 This book not only reassesses Lifar's career both aesthetically and politically but also provides a broader reevaluation of the situation of dance specifically balletic neoclassicism in the first half of the twentieth century The Fascist Turn in the Dance of Serge Lifar is the first book not only to discuss the resistance to Lifar in the French press at the start of his much mythologized career but also the first to present substantial evidence of Lifar's collaborationism and relate it to his artistic profile during the preceding decade In examining the political significance of the critical discussion of Lifar's body and technique author Mark Franko provides the ground upon which to understand the narcissistic and heroic images of Lifar in the 1930s as prefiguring the role he would play in the occupation Through extensive archival research into unpublished documents of the era police reports the transcript of his postwar trial and rarely cited newspaper columns Lifar wrote Franko reconstructs the dancer's political activities political convictions and political ambitions during the Occupation

Dance, Desire, and Anxiety in Early Twentieth-Century French Theater Charles R. Batson, 2017-03-02 The 1909 arrival of Serge de Diaghilev's Ballets Russes in Paris marked the beginning of some two decades of collaboration among littérateurs painters musicians and choreographers many not native to France Charles Batson's original and nuanced exploration of several of these collaborations integral to the formation of modernism and avant-gardist aesthetics reinscribes performances of the celebrated Russians and the lesser known but equally innovative Ballets Russes into their varied artistic traditions as well as the French historical context teasing out connections and implications that are usually overlooked in less decidedly interdisciplinary studies Batson not only uncovers the multiple meanings set in motion through the interplay of dancers musicians librettists and spectators but also reinterprets literary texts that inform these meanings such as Valéry's *L'Amour et la danse* Identifying the performing body as a site where anxieties drives and desires of the French public were worked out he shows how the messages carried by and ascribed to bodies in performance significantly influenced thought and informed the direction of much artistic expression in the twentieth century His book will be a valuable resource for scholars working in the fields of literature dance music and film as well as French cultural studies
