

Sergei Nechaev

**Philip Pomper**

## **Sergei Nechaev:**

**Sergei Nechaev** Philip Pomper, 1979      **Anarchism and Authority** Mr Paul McLaughlin, 2012-10-01 Examining the political theory of anarchism from a philosophical and historical perspective Paul McLaughlin relates anarchism to the fundamental ethical and political problem of authority The book pays particular attention to the authority of the state and the anarchist rejection of all traditional claims made for the legitimacy of state authority the author both explaining and defending the central tenets of the anarchist critique of the state The founding works of anarchist thought by Godwin Proudhon and Stirner are explored and anarchism is examined in its historical context including the influence of such events as the Enlightenment and the French Revolution on anarchist thought Finally the major theoretical developments of anarchism from the late nineteenth century to the present are summarized and evaluated This book is both a highly readable account of the development of anarchist thinking and a lucid and well reasoned defence of the anarchist philosophy      **The**

**Unmentionable Nechaev** Michael Prawdin, 2021-12-23 First published in 1961 The Unmentionable Nechaev presents a full account of Sergei Nechaev's extraordinary life The name of Nechaev is little known today in the western world Michael Prawdin expounds his teachings and shows the strain of Nechaevism running through the Russian revolutionary movement and the part it played in the success of the Bolshevik revolution Step by step the author analyses Lenin's build up of his party and reveals how he used Nechaev's conspiratory system The book explains why at the moment of victory Nechaev was suddenly hailed as an ancestor of Bolshevism only to be just as suddenly once more repudiated and relegated to obscurity This book is an essential read for scholars and researchers of Soviet history Communist history and history in general

How Bad Writing Destroyed the World Adam Weiner, 2016-10-06 Literary history meets economic policy in this entertaining polemic on the ethical and potentially destructive power of terrible literature      **Vera Zasulich**, 1983-08 This is the first complete biography in any language of the Russian revolutionary Vera Zasulich who gained worldwide prominence in 1878 by walking into the office of the brutal General Trepov Governor of St Petersburg and shooting him Acquitted by a sympathetic jury she escaped to Western Europe where she became a Marxist and spent the next quarter century tirelessly preaching the revolutionary cause and trying to keep the peace among Russian socialists and populists Although she returned to Russia after the 1905 Revolution she was too ill and discouraged by her failure to unite the various revolutionary factions to remain politically active Zasulich embodies many important characteristics of the Russian revolutionaries of her time Some had their positive side the disenchantment with autocratic rule that caused the intelligentsia to turn against the state the peculiarly Russian penchant for carrying ideas to their logical conclusion as in the shooting of Trepov the conviction that the affluent and the educated must take the lead in redistributing society's resources But there were also inevitably the ravages that revolution inflicted on the lives of those who adopted it as a profession the disillusionment the broken friendships the damaged psyches In 1919 two years after the Bolshevik Revolution which she

condemned Vera Zasulich died poor and virtually friendless in Petrograd

**International Terrorists** Thomas Streissguth,1993 Examines the lives of various contemporary terrorist leaders and the violent tactics of such groups as the Irish Republican Army the Baader Meinhof gang and the Hezbollah

**Mothers and Daughters** Barbara Alpern Engel,2000-02 The first psychosocial study of the female intelligentsia in Russia Mothers and Daughters explains how and why women radicals of the nineteenth century diverged from their male counterparts describes the forces that led women to rebel and discusses their mixed legacy to future generations Barbara Alpern Engel examines her subject on three levels the traditional family system early feminism and women s rebellion against the family and the causes and consequences of women s revolutionary activity She describes the impact this revolt had on the family and the lives of radical women and the movement s role in inspiring a new feminine mythology Throughout Engel brings nineteenth century women to life humanizing history as she presents a case study of how the personal became political in a time and place very different from our own Book Jacket

*Terrorism: The first or anarchist wave* David C. Rapoport,2006 Takes a chronological approach to provide a history of modern rebel or non state terror In addition to articles in academic journals the collection includes discussions statements and government documents

**Terrorism in Context** Martha Crenshaw,2010-11-01 *The Terrorism Ahead* Paul J. Smith,2008 Written for students and general readers this accessible book examines the evolving threat of terrorism and draws on the latest research to assess future trends The author assumes that terrorism will remain a potent threat to the international system throughout the twenty first century primarily because of the convergence of two negative trends the availability of Chemical Biological Radiological and Nuclear Weapons CBRN also known as Weapons of Mass Destruction and the proliferation of terrorist organizations seeking to achieve mass casualties The book surveys specific aspects of contemporary terrorism including political social economic religious and ideological factors globalization as a stimulant to contemporary terrorism the role of organized crime in terrorist movements and more Written with students in college and professional programs in mind the book includes case studies interspersed throughout the chapters that provide clarifying examples

**The Solution of the Fist** John P. Moran,2009-01-01 The first novel ever written about terrorism Dostoevsky s *The Demons* is also the most instructive for in it he addresses better than any writer before or since the two persistent riddles of terrorism why are terrorists so new to our civilization and how is it that they can kill others so easily in the name of a political idea As a first generation observer of terrorism Dostoevsky came to the conclusion that this new political movement was the product of modern culture politics and psychology He felt that modernity created a unique shame and humiliation that fueled terrorism The demons that he brings to life in this novel are not fire breathing monsters but gracious subtle cosmopolitan rational and scientific They are also murderers rapists arsonists and terrorists For Dostoevsky these demons were ultimately the product of cosmopolitan Paris for it was there that individuals first deified reason and thus abandoned the ancient sources of morality the ancient Gods By replacing the ancient with the modern gods

of atheism science and liberalism modern societies have abandoned any sort of moral constraint that helped to keep violence and tyranny in check This created the new modern nihilistic world of terrorism If modern shame and humiliation are truly at the heart of modern terrorism twenty first century readers can gain a clearer insight into terrorist motivations through understanding Dostoevsky s work *The Solution of the Fist* Dostoevsky and the Roots of Modern Terrorism aims to aid in this process through an in depth analysis of his work and a careful explanation of the context in which nineteenth century readers would understand it

**Bakunin** Mark Leier,2011-01-04 The spellbinding story of both the man and the theory Bakunin chronicles one of the most notorious radicals in history Mikhail Bakunin the founder of anarchism here revealed as a practical moral philosophy rooted in a critique of wealth and power Mark Leier corrects many of the popular misconceptions about Bakunin and his ideas offering a fresh interpretation of his life and thoughts Bakunin is an insightful read for all those who wish to better understand the fundamental basis of modern radical movements

**Angel of Vengeance** Ana Siljak,2024-06-04 In the Russian winter of 1878 a shy aristocratic young woman named Vera Zasulich walked into the office of the governor of St Petersburg pulled a revolver from underneath her shawl and shot General Fedor Trepov point blank Revenge she cried for the governor s brutal treatment of a political prisoner Her trial for murder later that year became Russia s trial of the century closely followed by people all across Europe and America On the day of the trial huge crowds packed the courtroom The cream of Russian society attired in the finery of the day arrived to witness the theatrical testimony and deliberations in the case of the young angel of vengeance After the trial Vera became a celebrated martyr for all social classes in Russia and became the public face of a burgeoning revolutionary fervor Dostoyevsky who attended the trial Turgenev Engels and even Oscar Wilde all wrote about her extraordinary case Her astonishing acquittal was celebrated across Europe crowds filled the streets and the decision marked the changing face of Russia After fleeing to Switzerland Vera Zasulich became Russia s most famous terroristka inspiring a whole generation of Russian and European revolutionaries to embrace violence and martyrdom Her influence led to a series of acts that collectively became part of the age of assassinations In the now forgotten story of Russia s most notorious terrorist Ana Siljak captures Vera s extraordinary life story from privileged child of nobility to revolutionary conspirator from assassin to martyr to socialist icon and saint while colorfully evoking the drama of one of the world s most closely watched trials and a Russia where political celebrities held sway

**J.M. Coetzee and the Idea of the Public Intellectual** Jane Poyner,2006 J M Coetzee and the Idea of the Public Intellectual addresses the contribution Coetzee has made to contemporary literature not least for the contentious forays his work makes into South African political discourse and the field of postcolonial studies

**Revolutionary Exiles** Woodford McClellan,2021-09-05 This book first published in 1979 examines the little studied forerunners of the Russian revolutionary movement the Russian section of the First International It looks at the social democratic and Marxist Russians in the International as well as examining the complex relations between the terrorist Sergei Nechaev and Marx s friends as well as

tracing the activities of Michael Bakunin It also analyses for the first time in English the activities of the Russian revolutionaries in the Paris Commune It integrates early Russian social democracy into the larger context of European socialist and working class movements

**Avoiding The Terrorist Trap: Why Respect For Human Rights Is The Key To Defeating Terrorism** Thomas David Parker, 2019-06-17 This book makes uncomfortable reading both in its detailed analysis of terrorism and its causes and in the critique of state responses particularly in modern times It is unusual to have such a defence of a human rights framework from a counter terrorism practitioner rather than from within the legal fraternity It is this that makes the case even more persuasive All who are involved in counter terrorism strategy should consider carefully the arguments put forward Global Policy Journal For more than 150 years nationalist populist Marxist and religious terrorists have all been remarkably consistent and explicit about their aims provoke states into over reacting to the threat they pose then take advantage of the divisions in society that result Yet state after state falls into the trap that terrorists have set for them Faced with a major terrorist threat governments seem to reach instinctively for the most coercive tools at their disposal and in doing so risk exacerbating the situation This policy response seems to be driven in equal parts by a lack of understanding in the true nature of the threat an exaggerated faith in the use of force and a lack of faith that democratic values are sufficiently flexible to allow for an effective counter terrorism response Drawing on a wealth of data from both historical and contemporary sources Avoiding the Terrorist Trap addresses common misconceptions underpinning flawed counter terrorist policies identifies the core strategies that guide terrorist operations consolidates the latest research on the underlying drivers of terrorist violence and then demonstrates why a counter terrorism strategy grounded in respect for human rights and the rule of law is the most effective approach to defeating terrorism

**The Enduring Enigma of Lev Tikhomirov** Glenn Cronin, 2025-10-15 The Enduring Enigma of Lev Tikhomirov presents the Western reader with the first comprehensive study of the life and ideas of a revolutionist turned monarchist one of the most intriguing and neglected thinkers in Russia in the late imperial period As a young man Tikhomirov was an ardent revolutionary comrade among others of Vera Figner and Sofia Perovskaya and he was four years imprisoned by the Tsarist police He later became the chief theoretician of the People's Will revolutionary group that assassinated Tsar Alexander II in 1881 following which he fled Russia to avoid the gallows and continued revolutionary activity as an migr in Geneva and Paris Then came an abrupt reversion in his outlook He petitioned Alexander III to return to Russia received clemency in 1888 and afterward became a staunch defender of autocracy and the Orthodox faith The Enduring Enigma of Lev Tikhomirov examines Tikhomirov's chief works all of which came after his return to Russia Monarchical Statehood 1905 deals with the nature of power and the theory of the State recalling strongly the thought of Thomas Hobbes most notably his Leviathan of 1651 The Religious Philosophical Fundamentals of History 1913 1918 is Tikhomirov's justification of Christian revelation and a warning against the rise of atheism moral autonomy and the perils inherent in the elevation of man to the place of God Glenn Cronin's timely intellectual

history looks in depth at Tikhomirov's exploration of the nature of good and evil and the rise of dark forces that led to the tragedy of 1917

**Terrorism** Randall D. Law, 2013-04-26 Terrorism is one of the forces defining our age but it has also been around since some of the earliest civilizations This one of a kind study of the history of terrorism from ancient Assyria to the post 9 11 War on Terror puts terrorism into broad historical political religious and social context The book leads the reader through the shifting understandings and definitions of terrorism through the ages and its continuous development of themes allows for a fuller understanding of the uses of and responses to terrorism The study of terrorism is constantly growing and ever changing In **Terrorism A History** Randall Law gives students and general readers access to this rich field through the most up to date research combined with a much needed long range historical perspective He extensively covers jihadism the Israeli Palestinian conflict Northern Ireland and the Ku Klux Klan plus lesser known movements in Uruguay Algeria and even the pre modern uses of terror in ancient Rome medieval Europe and the French Revolution among other topics

**Slavophile Empire** Laura Engelstein, 2011-01-15 Twentieth century Russia in all its political incarnations lacked the basic features of the Western liberal model the rule of law civil society and an uncensored public sphere In **Slavophile Empire** the leading historian Laura Engelstein pays particular attention to the Slavophiles and their heirs whose aversion to the secular individualism of the West and embrace of an idealized version of the native past established a pattern of thinking that had an enduring impact on Russian political life Imperial Russia did not lack for partisans of Western style liberalism but they were outnumbered to the right and to the left by those who favored illiberal options In the book's rigorously argued chapters Engelstein asks how Russia's identity as a cultural nation at the core of an imperial state came to be defined in terms of this antiliberal consensus She examines debates on religion and secularism on the role of culture and the law under a traditional regime presiding over a modernizing society on the status of the empire's ethnic peripheries and on the spirit needed to mobilize a multinational empire in times of war These debates she argues did not predetermine the kind of system that emerged after 1917 but they foreshadowed elements of a political culture that are still in evidence today

**Playwrights for Tomorrow** Arthur H. Ballet, 1967

This Captivating World of Kindle Books: A Thorough Guide Revealing the Benefits of Kindle Books: A Realm of Convenience and Flexibility Kindle books, with their inherent mobility and simplicity of availability, have liberated readers from the limitations of physical books. Gone are the days of carrying cumbersome novels or meticulously searching for particular titles in shops. E-book devices, stylish and portable, seamlessly store an extensive library of books, allowing readers to indulge in their favorite reads whenever, everywhere. Whether commuting on a bustling train, relaxing on a sun-kissed beach, or simply cozying up in bed, Kindle books provide an unparalleled level of convenience. A Literary Universe Unfolded: Exploring the Vast Array of E-book Sergei Nechaev Sergei Nechaev The E-book Shop, a virtual treasure trove of bookish gems, boasts an wide collection of books spanning varied genres, catering to every readers taste and choice. From captivating fiction and mind-stimulating non-fiction to timeless classics and modern bestsellers, the Kindle Store offers an exceptional abundance of titles to discover. Whether looking for escape through immersive tales of imagination and exploration, diving into the depths of past narratives, or broadening ones knowledge with insightful works of science and philosophy, the E-book Shop provides a doorway to a bookish universe brimming with endless possibilities.
