Sermons, Chapel Talks, and Debates Arvy Glenn Freed, 1930 This book is exactly what its title implies sermons chapel **The Churches of Christ** Richard T. Hughes, 2001-05-30 This volume tells the story of talks and debates of Arvy G Freed the Churches of Christ one of three major denominations that emerged in the United States from a religious movement led by Alexander Campbell and Barton W Stone in the early 19th century Beginning as an effort to provide a basis on which all Christians in America could unite the leaders of the movement relied on the faith and practice of the primitive church Ironically this unity movement eventually divided precisely along the lines of its original agenda as the Churches of Christ rallied around the restorationist banner while the Disciples of Christ gathered around the ecumenical cause Yet having begun as a countercultural sect the Churches of Christ emerged in the 20th century as a culture affirming denomination This brief history together with biographical sketches of major leaders provides a complete overview of the denomination in America The book begins with a concise yet detailed history of the denomination's beginnings in the early 19th century Tracing the influence of such leaders as Stone and Campbell the authors chronicle the triumphs and conflicts of the denomination through the 19th century and its reemergence and renewal in the 20th century. The biographical dictionary of leaders in the Churches of Christ rounds out the second half of the book and a chronology of important events in the history of the denomination offers a guick reference guide A detailed bibliographic essay concludes the book and points readers to further readings about the Churches of Christ Catalogue Monmouth College (Monmouth, Ill.),1923 Encyclopedia of Religion in the South Samuel S. Selling the Old-time Religion Douglas Carl Abrams, 2001 The relationship between Protestant fundamentalists and mass culture is often considered complex and ambiguous Selling the Old Time Religion examines this relationship and shows how the first generation of fundamentalists embraced the modern business and entertainment techniques of marketing advertising drama film radio and publishing to spread the gospel Selectively and with more sophistication than has been accorded to them fundamentalists adapted to the consumer society and popular culture with the accompanying values of materialism and immediate gratification despite the seeming conflict between these values and certain tenets of their religious beliefs Selling the Old Time Religion is written by a fundamentalist who is based at the country's foremost fundamentalist institute of higher education It is a candid and remarkable piece of scholarship that reveals from the inside the movement's first encounters with some of the media methods it now wields with well documented virtuosity Carl Abrams draws extensively on sermons popular journals and educational archives to reveal the attitudes and actions of the
