Serpent Underfoot:

Power Over Serpents Isaac Newton Corns, 2025-05-06 Power over Serpents is a bold identity driven declaration of victory for every believer who knows Christ lives in them now Written in the first person this book equips me to crush every lie every fear and every work of the devil without apology or hesitation I do not walk in survival I walk in dominion I tread on serpents daily confront deception with truth and burn with the fire of the Holy Ghost The serpent was defeated at the cross and because Christ is in me I live as the enforcer of that finished victory This book is my call to never back down to walk in full authority and to keep crushing serpents until the end *Bad Christians, New Spains* Byron Ellsworth

Hamann, 2019-10-28 This book centers on two inquisitorial investigations both of which began in the 1540s One involved the relations of Europeans and Native Americans in an Oaxacan town in New Spain today s Mexico The other involved relations of Moriscos recent Muslim converts to Catholicism and Old Christians people with deep Catholic ancestries in the Mediterranean kingdom of Valencia in the old Spain Although separated by an ocean the social worlds preserved in the inquisitorial files share many things By comparing and contrasting the two inquisitions Hamann reveals how very local practices and debates had long distance parallels that reveal the larger entanglements of a transatlantic early modern world Through a dialogue of two microhistories he presents a macrohistory of large scale social transformation We see how attempts in both places to turn old worlds into new ones were centered on struggles over materiality and temporality By paying close attention to theories and practices of reduction and conversion Hamann suggests we can move beyond anachronistic models of social change as colonization and place questions of time and history at the center of our understandings of the sixteenth century past The book is an intervention in major debates in both history and anthropology about the writing of global histories our conceptualizations of the colonial the nature of religious and cultural change and the roles of material things in social life and the imagination of time Illustrated Encyclopaedia of Traditional Symbols J.  comprehensive examination of the rituals and philosophies that created and sustained medieval troubadour culture Debunks
 the myth of the platonic nature of courtly love showing the many sexual similarities to the Tantric practices of India Reveals
 how the roots of courtly love go back to the matriarchal cultures of neolithic times The widespread turmoil that shook
 Western Europe as it entered the new millennium with the year 1000 prompted a vast reevaluation of the chief tenets of
 society Foremost among these was a new way of looking at love and the place held by women in society The Christian
 inspired tradition that at best viewed women with contempt and often with outright fear and loathing was replaced by a new
 perspective one in which women enjoyed a central role as the inspiration for all male action For several hundred years
 courtly love with its emphasis on adultery carnal pleasures and the power of the feminine dominated European culture
 despite its flouting of conventional Christian morality Medieval historians by and large have tended to regard courtly love as
 a sterile parlor game for the upper classes To the contrary Jean Markale shows that the stakes were much higher the roots of
 the ritual re created here go all the way back to the great mother goddess In addition the platonic nature attributed to these
 relationships is based on a misunderstanding of courtly love underneath the refined poetry of the troubadours verses

 Kohl,2004-07-27 Winner of Grawemeyer Award In this remarkable and timely work in many ways the culmination of his
 systematic theology world renowned theologian Jurgen Moltmann stands Christian eschatology on its head Moltmann rejects
 the traditional approach which focuses on the End an apocalyptic finale as a kind of Christian search for the final solution He
 centers instead on hope and God s promise of new creation for all things Christian eschatology he says is the remembered
 hope of the raising of the crucified Christ so it talks about beginning afresh in the deadly end Yet Moltmann s novel
 framework deeply informed by Jewish and messianic thought also fosters rich and creative insights into the perennially
 nettling questions of eschatology Are there eternal life and personal identity after death How is one to think of heaven hell
 and purgatory What are the historical and cosmological dimensions of Christian hope What are its social and political
 implications In a heartbreakingly fragile and fragment world Moltmann s comprehensive eschatology surveys the Christian
 vista bravely envisioning our horizons of expectation for personal social even cosmic transformation in God *2010* Alice L.

 surviving sixteenth century residences in the Americas Built in 1580 by Tom s de la Plaza the Dean of the Cathedral the

house was decorated with at least three magnificent murals two of which survive Their rediscovery in the 1950s and restoration in 2010 revealed works of art that rival European masterpieces of the early Renaissance while incorporating indigenous elements that identify them with Amerindian visual traditions Extensively illustrated with new color photographs of the murals The Casa del De n presents a thorough iconographic analysis of the paintings and an enlightening discussion of the relationship between Tom s de la Plaza and the indigenous artists whom he commissioned Penny Morrill skillfully traces how native painters trained by the Franciscans used images from Classical mythology found in Flemish and Italian prints and illustrated books from France as well as animal images and glyphic traditions with pre Columbian origins to create murals that are reflective of Don Tom s s erudition and his role in evangelizing among the Amerindians She demonstrates how the importance given to rhetoric by both the Spaniards and the Nahuas became a bridge of communication between these two distinct and highly evolved cultures This pioneering study of the Casa del De n mural cycle adds an important new chapter to the study of colonial Latin American art as it increases our understanding of the process by which imagery in the New World took on Christian meaning
